To Meet the Times.
The subscription price for the ENTERPRISE has been reduced to \$1.50 per year; seventy-five cents for six months. This low price is made in order to get the list on a cash basis and induce all subscribers to pay up, and especially to prevent dead beats from taking the paper and not paying for it by reason of their being law proof. This discount is made only to those paying in advance. Those paying before the close of their year will be entitled to the discount for the time paid in advance.
This makes the ENTERPRISE the cheapest paper in Clackamas county—eight pages all home print and full of live local news.

Steamer Toledo's Warehouse.
Joel P. Geer, owner of the steamer Toledo, has purchased 8000 feet of lumber of J. W. Fishburn, which he will use in building a new warehouse on the site formerly occupied by the old one that was washed away by the flood last week. The new house will be two stories in height and the foundation will be put in to stay. The floor of the upper story will be about even with the highest bank of the river at that point. Mr. Geer says that he has come to stay and it is his intention to do so.—Dayton Herald.

A Business-Making Book.
Every business man should read "Dollars and Sense," a money-making book by Nath'l C. Fowler, Jr., the leading expert on business and advertising. Eighteen chapters, illustrated with 100 plates, presenting every style of effective advertising, with examples of reading notices, circulars and headlines. It tells the plain truth about advertising and exposes ineffective methods. Any reader of the ENTERPRISE who will send check, postal note or postage stamps to the value of twenty-five cents to the Trade Company, Boston, Mass., will receive the book by prepaid mail.
W. C. Ward, the Viola merchant and postmaster, was in Oregon City Wednesday. Mr. Ward is one of the pioneer workers in the good roads movement in this county and fully approves the action of the county court in making a larger levy and in putting an engineer in to look after the road work of the county. Now that the county is going to do systematic work on the roads and as the fund is not large enough to improve all the roads at once, Mr. Ward thinks that citizens of his vicinity will contribute a liberal sum this summer to assist the county in getting their road improved to a market before another winter comes on.
Sheriff Maddock spent last Saturday and Sunday at Wilhoit looking up clues that may lead to the arrest of the murderers of J. M. Brown. Mr. Maddock returned Monday, but had nothing to communicate as to what evidence he discovered, it not being best to make it public. He has reasonable hope that the murderer or murderers will yet be brought to justice. He is sparing no effort on his part to trace up the evidence and proposes to continue his work as long as there is the slightest chance of securing a conviction of the guilty parties.
An unpleasant affair was terminated by a quiet wedding at the council chamber Wednesday morning. The contracting parties were Fred Rowan and Miss Nellie Newsome, both of this city. The knot was tied by Mayor Straight in his quiet and efficient.

The Chautauquans.
The executive committee of the Willamette Valley Chautauqua association held an important business meeting Thursday afternoon. While the stock for the permanent organization had been quite liberally taken, yet it was thought best to have the work pushed and secure the full amount required at once, that active steps could be taken toward preparing for the annual assembly next summer. As a committee to further push the stock subscriptions, Geo. H. Himes, of Portland, Prof. J. W. Gray and J. K. Groom, of this city, were chosen. The date for the next annual assembly to be held in Gladstone Park was fixed at July 10th to 20th.
Mrs. H. W. Duff, mother of Mrs. A. J. Montgomery, has joined the McLaughlin Chautauqua circle. She graduates this year. Three from McMinville expect to take their diplomas at the annual assembly to be held here this summer.
The Chautauqua glee club held their regular meeting Tuesday evening at the residence of H. C. Stevens. After a pleasant hour passed in singing the election of officers for the next three months was held and the following persons were elected: President, Leighton Kelly; vice president, Nettie Waldron; secretary, May Wishart. The next meeting will take place at J. Lewthwaite's on Tuesday evening, February 6th.
The next meeting of Nautilus Chautauqua circle will be held at the residence of L. C. Driggs, on Monday evening next.

A Farmer Gives Figures.
Geo. C. Armstrong, one of the leading farmers of Redland, was in Oregon City Wednesday and called at this office to express his thanks for the assistance the ENTERPRISE has rendered to the farmers in pushing the good road movement. He also gave some figures as to the cost of getting his crop to market that will do for the kickers, if there is any left, to ponder over. Mr. Armstrong having a surplus of hay is hauling it to Oregon City from time to time to sell. On his trip in Wednesday he was only able to bring 700 pounds of hay, which he states is an average load for his team, which is as large as the common farm team. Allowing himself and team \$3 per day it is costing him \$9 per ton to get his hay to market with only eight miles to haul. On a turnpike road it would cost him but \$3 per ton, making a saving of \$6 per ton on the cost of marketing his hay. It is needless to add that Mr. Armstrong approves the action of the county court in doubling the road tax and is even willing to pay a larger tax so as to hurry up the building of good roads.

Death of a Pioneer.
Died, at her home in Pleasant Hill, January 16, 1895, Mary A. Loney, aged 70 years. Deceased has been a pioneer in several states, having been married three times. She was a Miss Mary A. Thompson, then Mrs. McNellie, then Mrs. John Moreland and for the last eighteen or twenty years the faithful and true wife of Edward Loney, who is now in his 94th year. Mr. Loney also has lived to bury this, his third wife. Mrs. Loney has been sick the past summer and her death has been expected now for the last month. The funeral was held Thursday at 12 o'clock at the Pleasant Hill cemetery.

THE MUSCULAR SYSTEM

of every weary, thin or thin blooded person does its work with constant difficulty and fatigue. They feel "worn," or "tired out," "run-down" or nervous. Feeble people who are dyspeptic, find that exercise after a meal is sure to cause lessened power to digest food—because there is so little blood, and what there is, is carried off from the gastric organs to the muscles. What is needed is plenty of blood, and that of the right kind. Dr. Pierce's Golden Medical Discovery makes pure, rich blood, and to gain in blood is nearly always to gain in *wholesome flesh* up to the healthy standard.

Every one should have a certain surplus of flesh to meet the emergencies of sickness; to resist the attack of consumption, grip, malaria and fevers. Thin blooded people are always getting sick, and none of the organs of the body can get along without the food they require for work, which is *pure blood*. To gain and to keep strength and flesh is the secret of health, usefulness and happiness. With new blood and refreshed nerves a confident feeling of returning health comes also.

Nervous manifestations, such as sleeplessness, nervous debility and nervous prostration are in nine cases out of ten "the cry of the starved nerves for food." If you feed the nerves on pure rich blood the nervous symptoms will cease. It is bad practice to put the nerves to sleep with so-called sedative mixtures, coca compounds or malt extracts; what is needed is a blood maker. The "Discovery" is composed of vegetable ingredients which have an especial effect upon the stomach, liver, and blood making glands. For the cure of dyspepsia, indigestion, liver complaint, weakened vitality, and for puny, pale people, Dr. Pierce's Golden Medical Discovery cannot be equaled. Thousands have testified to its merits.
