FRIDAY, JANUARY 25, 1905.

THE FRANKLIN DEBATING SOCIETY.—The Philanthropic Debating society entertained the largest audience of the season at its room in the Congregational church last Friday evening at 7:30. In the absence of president H. E. Ferrin, vice-president Edgar Meresse occupied the chair in a creditable manner. A great deal of interest was taken in miscellaneous matter which occupied the beginning of the meeting, and among the most important business transacted was the appointment of D. D. Tompkins and Phillis Tatrow as sargent-at-arms and Fred Meindie, Howard Brownell and C. E. Barney to write a short item about each meeting for each of the city papers. By a vote of the society the name was changed to "The Franklin Debating Society." The question for debate, "Resolved, That the State Militia Should Be Abolished," was hotly contested. Among the speakers were, J. Tompkins, affirmative leader, J. Glover, negative leader, C. Roake, G. Clarke, C. E. Barney, Mr. Crosswell and F. Meindie. The judges decided in favor of the negative. After the debate was over, nine members from the Philomathean society called upon the members of the Franklin society for a joint debate which was willingly granted, the subject being "Resolved, That Foreign Immigration Should Be Prohibited," was discussed by L. Driggs and D. D. Tompkins of the Philomathean and F. Meindie and Edgar Meresse of the Franklin society. C. E. Barney acted as president during the discussion. Through the eloquent speech made by E. Meresse, the three judges decided in favor of the negative. A committee of three was appointed to meet a like number from the Philomathean society to arrange for a joint debate to be held in the near future. Several ladies were present at the last meeting and it is hoped that there will be more at the next, as well as gentlemen to encourage the young folks. The subject for debate next Friday evening is, "Resolved, That Poverty Produces More Crime Than Wealth." The room adjoining the one now used and which will accommodate a large audience, has been granted to the society by the church, for their meetings. All are welcome to these meetings.

OREGON'S PIONEER PAPER.—Jacob Mader, a young man in the employ of Schwan & Potrow and son of our late townsman, Jacob Mader, who was owner of the Oregon City brewery, has in his possession a copy of the Oregon Spectator of October 26, 1848, volume 3. The editor was Aaron M. Wait and S. Bentley's name appears as printer. The paper is six columns, four pages, and is as well gotten up and printed as the average country paper of today. It contains very little local news but devotes the greater part of its space to late eastern and foreign news, which by the way, was from four to six months old, taken from exchanges just received from an incoming ship. Copies of the Spectator are very rare as it suspended publication over thirty years ago. Mr. Mader came into possession of his copy through his father who bought it of a man in Portland many years ago, paying \$5 for the paper.

FOR GOOD ROADS.—Mr. M. C. Kandle, justice of the piece for Highland precinct, was in Oregon City last Tuesday and was a caller at the ENTERPRISE office to replenish his stock of blanks. In speaking of the road question Mr. Kandle expressed himself as well pleased with the action of the county court in

placing an engineer in charge of the roads and hopes that this system will be maintained as it is the only way good roads can be had. Mr. Kandle is a strong advocate of plank roads and thinks that more of this kind of roads should be built. In sections like his part of the county, where timber is plenty and rock scarce, plank roads are the only alternative. His confidence is such in the cash system that Mr. Kandle expects that within a few years he will be able to make the trip to Oregon City and return in one day during the winter months the same as during the summer.

TELEPHONES NOW IN.—Oregon City's telephone system will be in full working order by the last of this week. The company had to suspend work here on account of the late storm breaking down their local wires in Portland and their long distance wires to the Sound cities, for it required all their line men to put these lines in operation again. All their lines are in working order now, and it will soon be so that an Oregon City business man can, from his office, hold conversation with parties in Portland, Tacoma, Seattle, Spokane, Salem or other places on the Coast. Supt. Thatcher was in this city Saturday and expressed himself well pleased with the prospect for an increased business in Oregon City and that he expects to have the number of instruments more than doubled in Oregon City before the close of the year.

A BRIGHT NEWSPAPER.—The New York Independent is by far the best all-around religious newspaper published in the United States. It is non-sectarian and liberal in its views, and is edited with as much care as any of the great papers of the country. Its weekly edition of thirty-two pages is always filled with the latest in church news, home and foreign, reform work, fine arts, sanitary, science and other live topics. Its financial department for completeness and reliability is not equaled by but few papers in the United States. It is one of the most readable exchanges that comes to the ENTERPRISE office. A trial subscription for 25 cents. Six months \$1.50; one year \$3.00.

SCHOOL DISTRICT CHARGER.—Supt. Gibson has been asked to make some changes in the boundaries of several of the school districts of this county and now has the petitions under consideration. He is requested to annex a part of Aurora joint district to Marks Prairie district No. 38, and to set B. F. Noyer off from district No. 90 into Beaver Creek district. A new district is asked to be established on the left bank of Milk creek above Mulino, from parts of districts 84, 90 and 11. J. C. Gordon and others are the petitioners. The petitions will all be granted if they conform to the law, and there is no remonstrance, which provides that a majority of the voters in the districts affected, must petition for the change.

SCHOOL BOOK CHANGE.—Supt. Gibson has received many inquiries of late as to when the change in school books is to be made and if the new books selected can be placed in the schools at once. The law provides that the change can be made any time after the vote has been declared in January, but must be made before October of the same year. As a majority vote of all the superintendents was not received on all the books, the change cannot be made just yet, but such books as have been placed on the list can be used at any time now. Another vote has been called for on the books not chosen and the full list will be completed shortly. The books on the official list can be had at the book store in this city or of any dealer in books.

SUCCESSFUL POULTRY RAISER.—As an evidence that Oregon hens do lay and that if they were given the chance they would soon settle the importation of Eastern eggs into Oregon City. Mr. Wm. Russell, of Mt. Pleasant, left at this office an egg from a Plymouth Rock hen that measured 7 1/2 inches long circumference and 6 inches short circumference. From seventy hens Mr. Russell has sold in the Oregon City market during the past year 538 dozen eggs. A few more poultry raisers like Mr. Russell and the eating of stale eggs would soon be a thing of the past with Oregon City people.

TEACHER'S ASSOCIATION.—The January meeting of the Clackamas County Teacher's Association will be held at the Park Place school house on Saturday of this week. A well prepared program will be carried out and a pleasant and profitable day's meeting is promised. Every teacher is expected to be present and all members of school boards, parents and others interested in the educational work of this county are invited to be present.

SENSIBLE ORDER.—The chief of police of Albany has issued orders forbidding charivari parties within the limits of that city. The charivari has degenerated into a hoodlum gathering that has no place and should not be tolerated in any respectable community.

Faults of digestion cause disorders of the liver, and the whole system becomes deranged. Dr. J. H. McLean's Strengthening Cordial and Blood Purifier perfects the process of digestion and assimilation, and thus makes pure blood. For sale by C. G. Huntley, druggist.

"Am I Married or Not?"

asked Mr. A., despondently, "I declare, my wife is so nervous and irritable that I don't stay in the house a moment longer than I can help. My home isn't what it used to be." "Mrs. A. is suffering from some functional derangement," said B. "Yes, she has been an invalid for years." "Exactly. Her experience is that of my wife, but she was cured by Dr. Pierce's Favorite Prescription. Get this remedy for Mrs. A., and the happiness of your home will soon be restored." Mr. B. was right. For prostrations, painful periods, irregularities—in short, all "complaints" peculiar to the female sex—the "Favorite Prescription" is a sovereign specific.

Cure for Headache.

As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a most permanent cure and the most dreadful sick headaches yield to its influence. We urge all who are afflicted to procure a bottle and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at Charman & Co.'s, City Drug Store, Charman Bros. Block.

To Good Templars.

Do you know that Moore's Revealed Remedy is the only patent medicine in the world that does not contain a drop of alcohol; that the mode of preparing it is known only to its discoverer; that it is an advance in the science of medicine without a parallel in the nineteenth century; that its proprietors offer to forfeit \$1,000 for any case of dyspepsia it will not cure?

Fortunes

are lost annually,

directly and indirectly, by people who cannot do their own figuring, write their own letters, or keep their own books; and who do not know when business and legal papers which they must handle every day are made out correctly. All these things, and much more, we teach thoroughly.

Hundreds of our graduates are in good positions, and there will be openings for hundreds more when times improve. Now is the time to prepare for them. Besides, a business education is worth all it costs, for one's own use. Send for our catalogue, to learn what and how we teach. Mailed free to any address.
