DOINGS IN THE LEGISLATURE.

Two Ballots for Senator—No Election—Routine Work of Local Interest.

MONDAY.

Senate convened at 2 P. M. and got to work at once and after passing a number of resolutions proceeded to the introduction of bills swelling the number to 120 at the hour of adjournment, a number of which are very important and will be given a more lengthy notice later.

We hardly think there will be so large a number of clerks as there were two years ago, and there will be a large proportion of those that are employed from among the men than usual. The tendency this session seems to be to give the ex-senators and representatives positions when it can be so arranged and a larger number of young men are employed than at the last session, so that the number of ladies so far is small.

The house has introduced over one hundred bills, but it is constantly overflowing with streaks of economy and when these streaks are on those would be economically disposed members always consume so much time in talking on every proposition that they lose more in blocking the house than if they let every thing pass that comes before the house and pay all that is asked for it. There is such a thing you know as being penny wise and pound foolish.

Senate bill number 80 by Brownell to create the office of irrigating engineer being a move to re-claim arid lands.

Senate bill No. 88, by Brownell, amending code relating to interest, making legal rate six per cent. and contract eight per cent.

Senate bills, No. 98 and 105, Brownell having for their object, doing away with being required to serve notice of appeal upon attorneys for the respondent.

Committee on ways and means made a report in both houses reducing the number of clerks and their per diem, making a saving of about \$1600 to the state.

Governor Lord sent to the senate a request for the return of the appointment of regents for the different state schools recently made by Governor Pennoyer. A number of the democrats objected, but the request was granted just the same.

TUESDAY.

At 10:15 the president of the senate announced the time for nominating a United States senator had arrived and he would entertain such nominations. Senator Brownell arose and in a most eloquent speech (as he is capable of making) presented the name of Hon. J. N. Dolph. He referred at some length to the work of the Hon. Senator during the past twelve years. At the close of his speech a number of senators congratulated him on his effort. Senator Huston, presented Hon. A. S. Bennett and the populist presented the name of Hon. W. D. Hare. The vote was taken when it appeared that Dolph received nineteen votes, Bennett eight and Hare three. The house has not voted yet. Joint ballot will take place at 12 o'clock Wednesday.

In the senate today Senator Denny introduced a bill that will be the subject of marked attention during the next few days. Should this bill become a law the state board of railroad commissioners will be abolished and in its stead the duties now performed by the board will devolve upon the governor, secretary of state and treasurer. They will have authority to select a clerk upon a salary of \$2000 per annum.

Senator McGinn this afternoon introduced a highly important bill in the senate. It was a bill for an act to fix the compensation of the governor, justice of the supreme court, secretary of state, state treasurer, state printer, attorney general, and superintendent of public instructions and clerk and reporters of the supreme court, and to provide a fund for the payment of the of the same. This bill fixes the salary of the governor at \$5000, which shall be in full compensation for all services as governor and member of any board or commission; justices of the supreme court each \$4000; secretary of state \$4000; state printer \$3500; attorney general \$3000; school superintendent \$2700. Salaries as here contemplated are to take effect at once, except in the case of the state printer, there being no change during the term of the present incumbent. The emergency clause of the bill is as follows: "Inasmuch as the salaries and compensation of the officers fixed by this act are indefinite and unequal and there is an urgent necessity for the readjustment thereof as herein provided, this act shall take effect and be in force from and after its approval by the governor."

Senator Calbreath, of Yamhill, introduced a bill for the purpose of regulating district and state agricultural fairs. The bill repeals all acts providing for state appropriations, and in their stead establish a fixed tax of one-half mill for each county to use as the counties may elect in conducting county fairs, and if no county fairs are held this money may be turned into the county road fund.

Speaker Moore this morning announced the standing committees for the house. Hon. F. L. Mintie, on account of his age waived the effort of being made chairman of a committee and was given second place on internal improvements second on military affairs and third on labor. C. B. Smith is chairman on medicine and pharmacy and third on elections. Geo. O. Rinearson is second

on food and dairy products and third on horticulture.

Hon. F. L. Mintie has a number of important measures which he will in due time introduce before the house. He is making friends every day by his courteous and pleasant manner.

At 2 P. M. the house proceeded to the nomination of a United States senator. The name of J. N. Dolph was presented by Paxton, of Multnomah, which was seconded by Schilde, of Douglas; Baker, of Lane presented the name of Judge F. A. Moore, of the supreme bench. The name of W. D. Hare (populist) was presented by Burleigh, of Wallowa. The vote being taken the following was the result: Dolph 20, Moore 22, Hare 7, W. P. Lord 1 and absent 1; total 60.

Mintie and Smith voted for Dolph and Rinearson voted for Moore. The house spent most of the afternoon session in conducting the ballot. As the name of the different representatives were called the "orators," of which mention has previously been made, took the opportunity of soaping aloft.

Brownell introduced a joint memorial to congress, having for its object the securing of a pension for the widow of the late Dr. McKay, of pioneer fame, which was read and referred to the proper committee with instructions to have the same printed.

Smith, of Josephine, has a bill—No. 115—designed to repeal the laws relating to the selection of school books. It will relieve the people of any requirement of purchasing any particular series of books; he has another bill to follow this one, to provide for a method of selecting text books. It is certain the present system is not in full favor with the people, who will be pleased with almost any change.

The Statesman of Wednesday had the following to say of Clackamas' junior representative: One of the strongest speeches made in the house yesterday was by the youngest man in it, Mr. Rinearson, of Clackamas. It was an honest, fearless speech and a manly one, no matter how the listeners might differ from its conclusions. If Mr. Rinearson follows the fearless line of political life he blazed out yesterday, he may not be as successful as some others, but he will be sure of his own respect and satisfaction at least.

WEDNESDAY.

At 12 o'clock, noon, the senate proceeded to the vote of representatives in a body. The roll of the senate was first called followed by the roll of the house being called, Scott was absent from the house on a sick leave. The chief clerk of the senate read the proceedings of the senate yesterday while conducting the senatorial ballot. The chief clerk of the house then read the proceedings of the house on the same subject, after which the president read sections from the statutes governing the election of United States senators. The clerk was then ordered to call the roll and voting began, which took one hour and forty minutes to take one ballot. As the name of each senator or representative was called they either announced their vote direct or made a speech for their man and against the other fellow and then voted. H. McGinn, of Portland, made the speech of the day for Dolph. Among others against Dolph was Rinearson, of Clackamas speaking against Dolph and for Judge Moore and so voted for Moore. Brownell, Ganser, Mintie and Smith all voting for Dolph. The result of the ballot was Dolph 44, Moore, 17, Hare 10, Bennett 8, Lord 5, Hermann 4, G. H. Williams 1, absent 1; total 90. At just 2 the joint session dissolved after which the senate adjourned till 10 A. M. Thursday. The house held a short session and adjourned till Thursday. Voting will be continued in joint session at 12 o'clock from day to day till there is an election.

Representative Coon introduced a salmon fishing bill, making it unlawful for any person or persons to fish with or drift with a gill net in the Columbia river, or any other river within the state of Oregon, or their tributaries, with a gill net over 150 fathoms long and thirty meshes deep, and makes it unlawful for any person or persons to fish in the Columbia river within five miles of the Columbia river bar, and provides punishment for the same.

Representative Yates has a bill providing for mileage for sheriffs at the rate of ten cents per mile each way, in lieu of expenses where he is required to travel to execute any process required by law.

Representative Moorehead has a bill providing that in all civil actions or suits in the circuit courts of the state of Oregon tried by jury, nine of the twelve jurors shall be competent to render a verdict in such suit or action and when nine jurors in any suit or action in any such court shall agree on a verdict the same shall be returned to the court as the verdict of the jury and thereupon the jury shall be discharged.

THURSDAY.

Another joint ballot was taken today for United States senator, resulting in no election. The following is the vote: J. N. Dolph 44; Judge F. A. Moore 19; W. D. Hare 10; Judge A. S. Bennett 8; Ex-Gov. Moody 4; Gov. Lord 2; G. H. Williams 1; Secretary of State Kincaid 2. The vote showed that Dolph had held his own and Judge Moore had gained two over yesterday's ballot. Hermann

had dropped out and Moody had taken his place. Another ballot will be taken tomorrow. Dolph requires but two votes to elect him.

LEGISLATIVE NOTES.

This morning's train brought to Salem Hon. J. T. Apperson, Judge J. W. Mel-drum and Max Schulpius, who will remain in the city for a few days.

I. J. Dozier, of Barlow, has a position as assistant night watch at the state house.

George Weber, of Eagle Creek, is in Salem, he having been given a clerkship under C. B. Smith, chairman of medicine and pharmacy.

Mrs. F. L. Mintie, of Oswego, wife of Hon. F. L. Mintie, is in Salem with her husband, and is an occasional visitor at the legislature. They have rooms at the corner of Trade and Church streets.

Miss Cornelia McCown is in Salem. She has a clerkship under Senator Brownell.

Postmaster S. R. Green, of Oregon City, was notified in the house of representatives Wednesday watching the senatorial contest.

Our big sheriff Eli, with our county assessor, J. C. Bradley, was about the state house shaking hands with friends one day this week.

Rev. Gilman Parker and his brother A. F. Parker, of Gladstone, were at the state house Wednesday.

Miss Mary E. Conyers, of Oregon City, was in Salem Tuesday visiting friends and watching the legislative proceedings.

County Surveyor Kinnaird came up to the capitol on the overland Wednesday night.

In the matter of speeches made against Dolph, Rinearson, of Clackamas, is given credit for making the best argument. The papers put him first and while we do not agree with him, we give him credit for being earnest in his efforts, and with Brownell in the senate and Rinearson in the house, Clackamas county stands second to none for eloquence.

The free silver papers in commenting on the vote in the house yesterday for United States senator were so hard pushed as to openly accuse Hon. F. L. Mintie of being obliged to vote for Dolph on account of Dolph furnishing Mintie with money for his campaign expenses. The writer of this article has it direct from Mr. Mintie that any such statement from any source whatever is unqualified and false. When F. L. Mintie votes for Hon. J. N. Dolph, he does so simply from the highest sense of honor, he believing that he best serves the wishes of his constituents.

Died.

DIED—On Friday, January 18, at the home of his mother on the Abernathy, John H. Imel, aged 22 years, 2 months and 3 days.

Mr. Imel was confined to his bed but a few days, his disease being blood poisoning, which was brought on by a slight hurt on his hand made by a fishing rod while out fishing in the Abernathy two weeks prior to his death. He was teaching school in the Beaver creek district and during the week experienced no serious difficulty with his hand. On Friday evening while coming home again he fell down and hurt it and before Sunday it had become so painful that he could not go back to his school and he soon had to take to his bed, dying on Friday. He was a bright young man, a successful teacher and was the main support of his widowed mother. His body was taken to Highland where it was interred by the side of his father, who was killed in an accident some eighteen years ago.

A settlement has at last been made with the contractors who paved Main street. By stipulation, in the case of the Portland Clay Co. against the contractors, Hamshaw & Belva, it was Monday agreed that the Oregon City claims, amounting to nearly \$4000, and being mostly for labor, should first be paid, and the remainder should go to the Portland creditors, thus leaving about \$3500 to settle claims aggregating about \$10,000. Although the bond to keep the street in repair for a period of five years has not been furnished, it is understood that the bond that was given when the contract was signed holds good until the new one shall be executed.
