STILL BALLOTING AT SALEM.

Fourteen Ballots Have Been Taken for Senator and No Election.

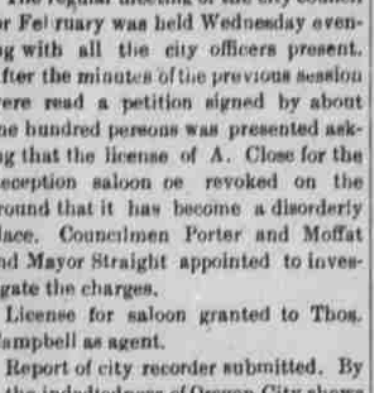

Special Correspondence. MONDAY

The legislature met at 12 o'clock today in joint session and took one ballot which showed no material change, there being sixteen absent and paired. The ballot stood 35, Hermann 6, Williams 9, Weatherford 7, Hare 10, Lord 4, Lowell 3. There are three or four members sick and a number had gone home and did not return till the 1:40 train. The afternoon session showed all returned and a full house except the sick.
 At the time of adjournment Saturday there had been bills introduced in the senate to the number of 206 and in the house 316, making 522 and the session just half gone. There has been two more bills creating new counties introduced, one for Eastern Oregon to be called Sutton and one in the valley to be called Calapsoia county.
 A bill of Smith of Josephine carrying an appropriation of \$150,000 for an insane asylum for Southern Oregon.
 Each house has repeated the jute mill bill. This was the bill passed 2 years since appropriating a large sum for the purpose of building and operating a jute mill for furnishing employment for the convicts.
 Petitions signed by the hundred have been sent to the legislature asking for the enacting of a law to suppress the use of cigarettes. Such a bill has been introduced by Senator Denny making it unlawful to manufacture or offer for sale cigarettes after six months from the time the bill becomes a law. This bill should certainly pass.
 Friday, Saturday and part of Monday were spent in second reading of bills. A few new ones being introduced.
 Friday's Statesman had this to say of Hon. Geo. C. Brownell: "Give Senator Brownell half a chance and he may be depended upon to present a clear foreboding and eloquent argument in favor of whatever measure the passage of which he may be advocating. Upon Senator Brownell fell the honor ten days ago of placing in nomination before the senate in separate session the name of Hon. J. N. Dolph to succeed himself in the United States senate from Oregon and this the talented orator from Clackamas did in a neat but brief address, whose well chosen words and sound arguments won for Mr. Brownell many high compliments. Friday in the senate Mr. Brownell again made a telling argument in which he took the part of morality and rendered the homes and mothers and all lovers of honor and virtue, purity and chastity a lasting service in his advocacy of the enactment of Senator Alley's bill amendatory to the present code relative to the age of consent."
 TUESDAY.
 Today noon the 12th ballot for United States senator was taken. Cooper, of Benton county, again left Dolph and voted for Hermann. The vote stood: Dolph 41, Hermann 12, Williams 11, Weatherford 8, Hare 10, Lord 3, Lowell 3, absent and paired 2. But little interest was manifested and but few speeches were made.
 Senator Gowan has a bill regulating the relocation of county seats. It puts the authority into the hands of county courts and thus takes it out of politics and does away with campaigns being conducted on county seat issues for members of the legislature. This is a good bill and should become a law.
 Senator Bancroft has a bill which prohibits the sale of firearms to boys under 16 years of age.
 Senator Butler's bill with reference to the locks at Oregon City has two features. It lowers the tonnage charge for freight from 50 to 30c. per ton, \$3 for empty vessels and passengers the same as now—10 cents each. It also requires the company to report annually to the secretary of state its net earnings as a basis for the 10 per cent tax provided by law. Nothing is said in the bill about nassing rafts, logs, etc., through the locks.
 Senator Gesner's bill, mention of which was made last week, raising jurors fees in justice courts, failed to pass.
 There are a large number of bills from both houses that have not at this time been printed, and a large number of those printed have been read a second time and referred to the proper committee, so that by the last of this week or the first of next a goodly number of bills ought to pass both houses, or fail to pass as the case may be. There are a number of bills introduced in each house every day.
 WEDNESDAY.
 Senator Maxwell's bill, providing for locating a fish hatchery on Wilson river, Tillamook county, and appropriating funds not to exceed \$3000 from the fishermen's special state fund, passed the senate today.
 Senator Dawson introduced a bill to secure estimates and take initial steps towards the purchase by the state of the canal and locks at Oregon City.
 A bill, by Senator Smith, of Clatsop, to abolish the law requiring payment of a poll tax, was introduced yesterday and ought to become a law.
 The following are a few of the bills introduced this session, carrying appropriations:
 By McAlister, to improve Wallowa Canyon—\$5000. By Brownell, State Irrigation Engineer—salary \$3000 per annum. By Price, Examiner of State and County Treasurers—salary \$500 per annum. By Maxwell, for Graded School at Tillamook—\$5000. By Holt, for State Assessor—salary \$1500. By Carter, State Dairy and Food Commissioner—salary \$1000 per annum and expenses. By Gowan, for Graded School at Burns, \$5000. By Steiwer, for Fish Commissioner—salary \$2000 and \$500 for five deputies each. Gesner, for Soldiers' Home, \$18,000. Besides these there are more to follow.
 In the house Daly and Blundell presented petitions from Benton and Douglas counties, each signed by over one thousand names, asking for the re-enactment of the law for reduction of indebtedness from taxation. Referred to Assessment and Taxation committee.
 The house spent most of the afternoon yesterday in the second reading of senate bills.
 House bill No. 239, by Smith, of Josephine, provides that when any petition shall be presented for the action of the county court for laying out, alteration, or vacation of any county road it shall be accompanied by satisfactory proof that notice has been given by advertisement in a newspaper of the county published nearest said road or proposed road four weeks previous to the presenting of said petition to the county court, notifying all persons concerned that application will be made to the county court at their next session for laying out, changing, or vacating such road, as the case may be.
 But very little interest was manifested in the senatorial ballot today, it taking just fifteen minutes all told. No speeches were made. The following is the result: Absent and paired 6. Dolph 39, Hermann 13, Williams 9, Hare 10, Weatherford 7, Lord 3, Lowell 3.
 THURSDAY.
 The senatorial contest showed no change today, the vote standing Dolph 41, Herman 13, Williams 9, Hare 10, Weatherford 8, Lowell 3, Lord 4. Two members were absent and paired.
 Up to and including yesterday only seven bills had passed both houses and been sent to the governor for approval. Of these six were senate bills and one house bill. They were all approved by the governor yesterday. The house bill authorizes a certain school district in Portland to borrow money. One of the senate bills appropriates \$40,000 for the expenses of the present session of the legislature and this will doubtless have to be increased at least \$15,000. The other bills relate to incorporating Hillsboro, Burns, Fossil and Florence and one authorizing Astoria to bridge Youngs bay.
 The session is now about two-thirds gone as it will most likely adjourn Saturday night, February 23d, and unless the senatorial contest is soon over but very few measures now before the legislature will ever become laws and perhaps it's just as well.

City Council.

The regular meeting of the city council for February was held Wednesday evening with all the city officers present. After the minutes of the previous session were read a petition signed by about one hundred persons was presented asking that the license of A. Closs for the Reception saloon be revoked on the ground that it has become a disorderly place. Councilmen Porter and Moffat and Mayor Straight appointed to investigate the charges.
 License for saloon granted to Thos. Campbell as agent.

 Ordinance placed on its final reading passed providing for a city tax of five mills.
 The matter of collections on Main street assessments placed in the hands of the committee on streets and public property.
 Ordered that city treasurer be authorized to receive warrants on general fund in payment of street assessment at face value and no interest.
 Finance committee recommended that the city marshal be allowed no fees or compensation other than his regular salary. Their recommendation was not acted on as the council by previous order had allowed fees to the marshal when a conviction was had and a fine paid in, but no fees have been allowed at the expense of the city.
 The question of paying special policemen was brought up and Marshal Burns explained that the city was only called on to pay for an extra man when he was out of town on city business; all other times he paid the special out of his own funds. To prevent further misunderstanding an order was made that the city would only pay for deputy when the marshal was absent from his post on city business.

 The charter revision committee reported that they had not completed their labors, but would be ready to report at a special meeting in a few days.
 The question of electing a recorder for the ensuing year was brought up, but was summarily disposed of by a motion to adjourn which was carried.

 A Des Moines woman who has been troubled with frequent colds, concluded to try an old remedy in a new way, and accordingly took a tablespoonful (four times the usual dose) of Chamberlain's Cough Remedy just before going to bed. The next morning she found that her cold had almost entirely disappeared. During the day she took a few doses of the remedy, (one teaspoonful at a time) and at night again took a tablespoonful before going to bed, and on the following morning awoke free from all symptoms of the cold. Since then she has on several occasions used the remedy in like manner with the same results and is much elated over her discovery of so quick a way of curing a cold. For sale by G. A.
