Dr. E. A. Sommer was called to Gervais last Thursday evening by the death of his uncle, Rev. Father Sommer. Other than a sister in Portland, Father Sommer was the only relative Dr. Sommer had on this Coast, and a strong attachment existed between the two. Father Sommer was one of the brightest among the Catholic clergy in the state, and his loss is severely felt. His interment took place Saturday in St. Mary's cemetery, Portland.

SUNDAY SCHOOL CONVENTION.

A Successful Meeting Held at Clackamas Last Week.

The fifth annual convention of the Clackamas County Sunday School Association met in Clackamas, Feb. 21 and 22. About fifty delegates were present and an excellent program was rendered. The convention held four sessions, opening on Thursday evening and closing Friday evening. Each session began with a song service, the music of the convention being one of its most pleasant features. This was largely due to the assistance of an excellent choir of Clackamas talent, which sang several rousing anthems, under the leadership of Mr. Lawrence.

The Thursday evening session was chiefly occupied by an address by Mr. J. K. Groom, of Oregon City, on "The Duties of Sunday School Superintendents." It was very suggestive and called forth lengthy discussion by several delegates and by Rev. Winans of the Ameri-Finest line of lace in the city at the can Sunday School Union.

On Friday morning Mrs. Groom read Smoke the Kermesse cigar, E. E. a paper on "Our Success." Among other things she spoke of a plan called the "Loyal Sunday School Army Plan," originated by B. F. Jacobs, Supt. Reynolds and others of wide experience, which has proved helpful in increasing attendance and interest in the Sunday school. "Failure in Sunday School Work," was discussed by several in the absence of a paper on the subject. Dr. Cowan, of Oregou City, then presented the question, "Is the International Les-To make room for other goods, tinware son System the Best?" and discussed it will be closed out at cost at the Racket on both sides, finally deciding in the affirmative. Others spoke also on the subject. Mr. T. J. Gary, of Milwaukee, A fine nine pound girl arrived at the gave a short talk on "The Use of Maps," which was helpful. "The Library and Its Use," was then well presented by Mr. Freytag's appetizing pickles can be had G. Swope, of Oregon City. An excellent paper was then read by Rev. The school observed Washington's birthday in the most fitting masner. Old Glory was unfurled and saluted in the most patriotić style. The program consisted of drills, recitations and national hymns, all by the children. The exercises were rendered in such a bappy manner as to reflect great credit on the children themselves, also on their teachers who had taken infinite pains to drill them. The hatchet and flag drills were splendid and by special request the children repeated them at the Baptist church in the evening.

Miss Daisy Worley and little Arthur Schmedh deserve special mention for the pleasing way in which they recited their pieces. Master Schmedh's parents are Swiss and have come here with that intense love for bome and country, the like which has made Switzerland the model government of the earth. We heartily wish there were more like them among us.

There was a large number of visitors present who went away congratulating themselves that the district was so fortunate as to have teachers who are trying to inculcate the love of home and country in the pupils.

Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., in his long and active experience, met many cases of this kind, for which he used a prescription which was found to cure such difficulties permanently in ninetycight per cent. of all cases. Having proven so successful, Dr. Pierce put his "Favorite Prescription" on the market, and it is to-day sold more largely than any other medicine for the ills of woman.

For all functional derangements, displacements, ulceration, infammation, and the catarrhal drain from the lining membranes of the special internal organs of women, Dr. Pierce's Favorite Prescription reaches the origin of the trouble, and corrects it.
