He reports business fair for his boat and is encouraged by the substantial support given him by the farmers along the upper river. Mrs. T. A. McBride, accompanied by her son George and daughter May, left by the Southern Pacific last Saturday evening for California where she will spend a couple of months to recuperate her health. Judge McBride came home Saturday evening from Astoria where he is holding court to see Mrs. McBride off. He returned to Astoria Sunday. The ENTERPRISE acknowledges a pleasant call on Saturday last from Mr. J. Wheelock Marsh, editor of Forest Grove's live local paper, The Times. Mr. Marsh spent a part of Wednesday looking about Oregon City and was greatly pleased at the evidences of the growth of our city, for in Oregon City's growth as a manufacturing center would the other parts of the state be benefited in, having a market for their raw products. The Longfellow Symposium. The admirers of America's greatest poet in Oregon City had every reason to be proud of the symposium on his works at the Congregational church last Friday evening. As an evidence that a treat was expected the building was crowded to its utmost capacity, every seat in the main auditorium, lecture room and gallery being taken and the aisles were even filled to give accommodations to all. The audience was distinctly a literary one representing all the literati of the city. One of the most attractive features was the blending in various parts of the programme of characters "in costume from Longfellow's works. Their make-up was so perfect that the scene was most realistic and one could almost imagine that he was in the presence of Longfellow's heroes. The characters were represented as follows: "Hiawatha, Charles Cane; Minnehaha, Weltha Morse; Arrow Maker, John Gibson; Evangeline, Laura Lane; Gabriel, Samuel Gibson; Priest, Daniel Tompkins; Miles Standish; Edward Barratt; John Alden, H. O. Cheney; Priscilla, Leila Cheney; Spanish Student Arthur Russell; Gipsy Girl, Rosta Hornshuh; Excelsior, George Heath. C. H. Dye acted as prompter and after an invocation had been pronounced by Rev. J. W. Cowan, the Young People's Glee Club, of some twenty members, rendered a musical selection in a very creditable manner. In the recitation of "Paul Revere's Ride," Miss Grace Whitlock showed unusual ability for one so young as an elocutionist. "The Launching of the Ship" was rendered by Miss May Mark in a very effective manner. The audience was delighted with the sweet siter solos rendered by Miss Alma Mundhenke Hackett, Miss Minnie Lane declaimed the "Wreck of the Hesperus" in a manner worthy that pathetic poem. The Schubert quartette,

from Pacific University, were the musical favorites of the evening. Their songs were received with the greatest enthusiasm and they had to respond to repeated encores. That good old song "The Bridge" was given a new sweetness and pathos as rendered by Mrs. E. E. Charman and she was heartily applauded. She was supported by Prof. J. G. Henric of Portland on the violin and by Mrs. F. F. White on the piano. The violin music rendered by Miss Ino-gene Switzer of Portland, was proof that the young lady was a musician of talent. "The Famine" was given by Miss Bessie Evans, Oswego's talented young elocutionist, in a most effective manner, and she was given a hearty encore. Miss Evans, while but a child in years gives promise of a bright future as an elocutionist. Something out of the usual order in the musical line was given the audience in the cornet solos rendered by Miss Fannie Meserve. The tones of her instrument were smooth and clear and her playing was so well received that she had to answer to an encore. Mrs. E. E. Williams accompanied Miss Meserve on the piano. "The Wooing of Hiawatha" was given by Miss Gertrude Humphrey in a style that was greatly appreciated by her hearers and showed the young lady to be a talented elocutionist. The oration on the life of Longfellow by Laurence Driggs was ably given. His effort was far ahead of what his friends expected, and as an oratorical production the young man is deserving of much praise for his ability in getting it up and delivering it so well. The net proceeds of the entertainment were \$49.75, and was financially as well as socially a success. Annual School Meeting. The annual school meeting Monday evening was of sufficient interest to fill Pope's hall to its fullest capacity with interested voters of Oregon City. The women numbered nearly as many as the men, though this is usually the case for in Oregon City the women have always taken a deep interest in school matters. The meeting was called to order by T. S. Lawrence, chairman of the board. On behalf of the board he submitted a report showing that two additional rooms had been fitted up for the accommodation of the increased number of scholars, while two additional teachers had been employed a saving in expenses had been made of \$1560 by reason reductions in salaries to teachers and janitors. The report of T. F. Ryan, district clerk was read. It showed that the receipts for the year had been \$13,631.66 and the disbursements \$13,512.82, leaving a balance on hand of \$118.84. The total liabilities of the district was shown to be \$14,700. The number of children enumerated was 1140, 601 females and 539 males. The following report of the city schools was submitted by the principal, Prof. S. W. Holmes: To the Patrons of the Oregon City Public Schools. In accordance with the custom, I, as your superintendent, hereby submit a report of the comparative growth of your schools during the past year: Since the reports of the honorable board and school clerk cover almost all, if not all, of the ground, mine must of necessity be brief. Not being well acquainted with the details of the last four months of last year's school, I must find my report on only a few leading facts by which circumstance you will escape listening to many details which might be as unimportant as they are tiresome. The total enrollment for the year ending March 1, 1895, is 787, as compared with 723 for the year ending February 23, 1894. The average daily attendance is 569; that of the previous year being 465, showing an increase of 104 in daily attendance or something over 22 per cent. This shows at least a gratifying growth of the city, but I have not the data at hand to determine whether it indicates any better attendance than during previous years or not. Many pupils of high school age and advancement who had opportunities of earning wages were kept out of school for that purpose, yet we find that the high school has grown from 98 pupils last year to 112 this year. The general discipline of the schools we believe to be excellent, and a spirit of earnestness and co-operation to exist between teachers and pupils which will be productive of the best results. Respectfully yours, S. W. HOLMES, Supt. Election for director being in order, J. A. Thayer placed Dr. J. W. Norris in nomination and Henry Meldrum nominated C. W. Fredricks. On a ballot being taken Dr. Norris was shown to have 175 and Mr. Fredricks 29 votes. Dr. Norris was declared elected a director for the ensuing three years. T. F. Ryan was re-elected clerk by acclamation, he having no opposition. Board and Rooms. Mr. and Mrs. E. Green, late of the Electric hotel have rented the large and commodious dwelling belonging to L. T. Barin on Main and Thirteenth streets and offer furnished rooms and table board, or either one separate. Terms reasonable. When your guidman comes home at 'een, He aye expects to see Two cosy slippers on the hearth, And a cup of Japoo Tea.

River News.

The steamer Altona made her first trip up since her late accident Thursday. While the new shaft was being put in the wheel and the engine repaired, a general overhauling was given the boat. She has been thoroughly cleaned and renovated and placed in the best of order for the spring trade. The Altona has proved herself to be as reliable as a passenger train in the regularity of her trips and the time for making her various landings seldom vary ten minutes from day to day. On Monday next the remodeled and rebuilt steamer, Baily Gatzert will go on the Astoria route, replacing the Telephone which will be laid off for a thorough overhauling. The work performed by the Telephone during the past year has never been equaled by any steamer-boat in America in miles covered and hours of running service. She being almost continuous night and day on her trips and making them with the regularity of an express train. None but an extraordinary strong boat could have accomplished such a feat. The Baily Gatzert has been so overhauled that she is practically a new boat. Large engines have been placed in her and the fire box has been enlarged to give her greater steam power. The ladies cabin has been furnished in a style becoming the parlor of a mansion, while the gentlemen's cabin is fitted up for ease and comfort in a manner not equaled by another boat on the river. The Texas has been extended back on the hurricane deck and a number of elegant rooms added to give further accommodations when on the night runs. The officers cabins and rooms in the Texas are finely furnished and elegant in their appointments. Off from the ladies' cabin on either side are the bridal chambers, two rooms that are of unusually large size for river steamers and in their furnishings equal the bridal chambers on the ocean steamers. In all other details the Gatzert is just as complete and no expense has been spared to make her all that the traveling public could desire in comfort and speed. So soon as the Telephone is out which will probably be in about six weeks, it is expected that both boats will be placed on the Astoria route. The Shaver Transportation Co. is preparing for the summer business. They have had the Sarah Dixon and placed the Shaver on the Astoria route, to enable them to give the former boat a thorough overhauling. The Dixon is being repainted and refurbished and her machinery placed in the best of order so that when she again goes on her route, she will be as clean, neat and speedy as the most fastidious traveler could desire. On the Dixon resuming her route, the Shaver will be given an overhauling and put in first class order when she will be placed in the Clatskanie route. A New Millinery Establishment. The ladies of Oregon City are to have the benefit of another millinery store, wherein all the latest in this line will be kept. The stock is all new and direct from the East and embraces the latest styles. The proprietors, Miss Maria Roberts and Miss Lillian Hamilton, are prepared to offer such inducements as will retain a large part of the trade now going to Portland. The management and trimming department will be under the supervision of Miss Hamilton, who is an expert in this work. Their opening will take place on Tuesday of next week, at their store opposite Charman & Co's drug store. License to Wed. The following licenses have been issued during the week by County Clerk Horton: Millard A. Gillard and Henry W. Hougham, Mrs. Prudence Hayes and C. W. Osborne, Mary Weissenborn and Charley Watter, Ada Enches and D. R. Hughes, Metta F. Kruse and J. W. Stone. Milk! Milk! Milk! Randall & Myer will furnish you a quart of milk a day for a month for \$2.00 and other quantities in proportion, and guarantee it pure. You ought to know this: DeWitt's Witch Hazel Salve will heal a burn and stop the pain instantly. It will cure badly chapped hands, ugly wounds, sores, and a well known cure for piles. C. G. Huntley, druggist. Harness Wanted. A single harness is wanted at the Home Made Bakery, Shively block. YUCCA. A toilet soap made by a new process from the famous Mexican soap root without the use of any animal fat. Has been used by the Spaniards and Mexicans in its crude state for generations. An absolutely pure article. E. E. Williams, the grocer. The ENTERPRISE is the only newspaper in Oregon that gives a cash premium to those paying their subscription in advance. Yucca Root toilet soap will not chap the hands or face. E. E. Williams, the grocer. Busy people have no time, and sensible people have no inclination to use a slow remedy. One Minute Cough Cure acts promptly and gives permanent results. Dr. Price's Cream Baking Powder World's Fair Highest Award.

Old Fashioned compound cathartic pills, "blue pills," "cat-onel" or other mercurial preparations, should not be used in these days of enlightened medical science, when it is so easy to get a purely vegetable pill in concentrated form, sugar coated, in glass vials, at any store where medicines are kept. Dr. Pierce was first to introduce a Little Blue Pill to the American people. Many have imitated them, but none have approached his "Pleasant Pellets" in true worth, or value, for all laxative and cathartic purposes. Once Used, they are Always in Favor. Assist Nature a little now and then, with a gentle, cleansing laxative, thereby removing offending matter from the stomach and bowels, toning up and invigorating the liver and quickening its tardy action, and you thereby remove the cause of a multitude of distressing diseases, such as headaches, indigestion, or dyspepsia, biliousness, pimples, blotches, eruptions, boils, constipation, piles, fistula and maladies too numerous to mention. If people would pay more attention to properly regulating the action of their bowels, they would have less frequent occasion to call for their doctor's services to subdue attacks of dangerous diseases. That of all known agents to accomplish this purpose, Dr. Pierce's Pleasant Pellets are unequalled, is proven by the fact that once used, they are always in favor. Their secondary effect is to keep the bowels open and regular, not to further constipate, as is the case with other pills. Hence their great popularity, with sufferers from habitual constipation, piles and indigestion. They absolutely cure sick headache, biliousness, constipation, coated tongue, poor appetite, dyspepsia and kindred derangements of the stomach, liver and bowels. A free sample of the "Pleasant Pellets" (4 to 7 doses) on trial, is mailed to any address, post-paid, on receipt of name and address on postal card. Address for free sample, WORLD'S DISPENSARY MEDICAL ASSOCIATION, No. 663 Main Street, Buffalo, N. Y.
