When the plant gets through this last coat of earth and is about three inches high, begin cultivation with some good at the Enterprise office. narrow toothed implement, working the soil around the plant on a level at A. Other cultivations will gradually work more soil toward the plant till a slight ridge will be formed at the base of the vine, as indicated by the dotted line on top Fig. 1, which will leave the parent potato fairly deep in the soil, prepared to withstand a pretty severe drought.

This plan of cultivation has several good points to support it, although it is more expensive than shallow planting. Each layer of soil worked toward the plant induces the stalk to throw out a lateral and a set of roots from which the

REPRESENTING A GENERAL SYSTEM

can be profitably applied where it is desired to get a large yield from a small quantity of seed or where growers are limited to a short acreage. The second illustration represents the

more general system of cultivation marked out three to four inches deep and ering direct that throws a heavy ridge over the potato, after which it is left to sprout and work its way up through the dark, cold earth, getting whiter and slimmer as it nears the border of the In the matter of the estate of Jacob P. Miller, world it has been hunting for the past greatly improved if the barrow or some It advocates the cultivation of the mode of leveling the ground were used after planting, putting the entire surface on a level, as indicated at the dot ted line E. Then when the plant appears through the ground and is ready that would throw back the original dirt, It has no axe to grind nor clique to as shown in Fig. 2 at F. This modus another lateral joint and thereby very pay well for the labor expended.

The Russian Thistle.

A correspondent of the Dakota Farmer suggests that each township should secure a herd of cattle or sheep and pasture them regularly on each school section and then have the herd driven to all parts of the township where there in the matter of the estate of Sarah E. Pope, is unoccupied land to pasture down the per year.

Boys vs Electricity.

"The Simple Story of How to Build an Electric Motor at Home" is the title of a serial now running in the Detroit Electrical Student. The story of how to build motor No. 2, and the battery to run it, told in language a child can unadded to pasture down the stubble fields until winter. He believes that by pasturing the thistle it will soon be driven out entirely, and suggests that if congress should appropriate a million or two for exterminating the thistle the best method of using money would be to invest it in sheep or cattle and let them eat the thistle, administrator with the will annexed, has filed het find a settle and that the Hon, Gordon E. Hayes, will soon be driven out entirely, and suggests that if congress should appropriate a million or two for exterminating the thistle the best method of using money would be to invest it in sheep or cattle and let them eat the thistle, administrator with the will annexed, has filed het find a settle, and that the Hon, Gordon E. Hayes, of said day, at the county court house, in Oresponding to objections, from the stubble fields until winter. He believes that by pasturing the thistle it will soon be driven out entirely, and suggests that if congress should appropriate a million or two for exterminating from the will annexed, has filed het find a second to the will annexed. Notice is hereby given that William H. Pope, administrator with the will annexed, has filed het find a state, and that the Hon, Gordon E. Hayes, of said day, at the county court house, in Oresponding to the estate, and that the Hon, Gordon E. Hayes, of said estate, and that the Hon, Gordon E. Hayes, of said estate, and that the Hon, Gordon E. Hayes, of said estate, and that the Hon, Gordon E. Hayes, of said estate, and that the Hon, Gordon E. Hayes, of said estate, and that the Hon, Gordon E. Hayes, of said estate, and that the Hon, Gordon E. Hayes, of said estate, and that the Hon, Gordon E. Hayes, of said estate, and that the is unoccupied land to pasture down the run it, told in language a child can un- or cattle and let them eat the thistle, and afterward the farmers could eat them. We believe that pasturage during the early part of the season will prove will be the biggest bread-winner of the the most effective remedy. After the

In the fall of 1893 a son of Mr, T. A. McFarland, a prominent merchant of Live Oak, Sutter Co., Cal., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave , him several large doses of Chamberlain's cough remedy which broke up the cough and cured him. Mr McFarland says whenever his idea of how Irish potatoes grow and the children have croup he invariably gives them Chamberlain's Cough Remedy and sume when growing Ohio Farmer has it always cures them. He considers it recourse to two illustrations, which are the best cough remedy in the market.

Frevtag's fine home made pickles are struck out about six inches deep and the erison's, and F. T. Barlow's grocery

From LaGrippe.

How Dr. Miles' Nervine Restored One of Kentucky's Business Men to Health.

No DISEASE has ever presented so many peculiarities as LaGrippe. No disease leaves its victims so debilitated, useless, sicepiess, nerveless, as LaGrippe. Mr. D. W. Hilton, state agent of the Mut-

ual Life Insurance Co., of Kentucky, says:
"In 1889 and '90 I had two severe attacks of LaGrippe, the last one attacking my ner-vous system with such severity that my life was despaired of. I had not slept for more than two months except by the use of nar-cotics that stupefied me, but gave me no rest. I was only conscious of intense mental weakness, agonizing bodily pain and the fact that I was hourly growing weaker.

When in this condition I commenced using Dr. Miles' Restorative Nervine. In two days began to improve and in one month's time I was cured, much to the surprise of all who knew of my condition. I have been in excellent health since and have recommended your remedies to many of my friends."
Louisville, Jan. 22, 1896. D. W. Hilron.

Dr. Miles' Nervine Restores Health.

CITATION.

In the County court of the State of Oregon for the county of Clackamas.
