## TROUBLE TO COME.

**Manitoba Must Have Catholic Schools Anyway.**

**WILL RESIST TO THE BITTER END.**

**An Open Conflict Will Come Between the Provincial and Dominion Governments Over the Matter.**

WINNIPEG, March 24.—Premier Greenway and all his ministers defiantly declared they will resist to the bitter end the restoration of Catholic schools. The excitement is becoming intense. In the churches today the preachers confined their remarks to the impending struggle, the protestant preachers urging protestants to stand firm against the remedial order issued by the governor-general of Canada last week, the Catholic clergy appealing to their flocks to never give up the fight. The Orangemen of course are taking a hand.

Major Stewart Mulvey, grand master of the Orangemen, said in an interview: "It cost Canada \$8,000,000 to subdue the half-breeds on the banks of the Saskatchewan in 1855. How many millions will it take to make slaves of the people of Manitoba by subjecting them to the Catholic hierarchy?" A few who foresee the consequence are urging moderation, but the spirit of faction is so fierce that their counsels are unheeded.

The Manitoba legislature is awaiting the receipt of that order, which is expected to arrive from Ottawa tomorrow. Without doubt the legislature will refuse to obey it by an overwhelming majority. Then will come an open conflict between the provincial and dominion governments. It seems now that if an attempt is made to enforce the governor-general's order a revolution will be inevitable.

**WILL REFUSE TO RE-ESTABLISH THE CATHOLIC SCHOOLS, AS ORDERED.**

WINNIPEG, March 25.—The remedial order of the governor-general in council, calling upon the government of Manitoba to restore to the Roman Catholics their parochial or separate schools, reached this city this morning. It was addressed to the lieutenant-governor, and by him transmitted to the legislature, which was sitting in readiness to receive it.

The legislative chamber was crowded when the important document was delivered. It was voluminous, and reviewed all the evidence taken before the privy council of England, which body declared that the Catholics of Manitoba had a grievance and that the governor-general in council had power and authority to grant redress by a remedial order. The tenor of the language of the order would leave no opening for a compromise. It is a command to Manitoba to submit plainly, and if the legislature does not obey, the governor-general, or more accurately speaking, the Dominion government, will enforce its authority.

No definite action was taken tonight. After the order had been read it was laid on the table for future consideration. That the order will be rejected may be taken for certain. Of the 40 members of the legislature only four or five will vote against its rejection, these four or five being Catholics, representing purely Catholic constituencies.

It was announced today that the Dominion cabinet which passed the remedial order had appointed one of its own members, J. C. Patterson, minister of militia, to take the place of John Schultz, governor of Manitoba. The object of this change is believed by the Manitoba government to be that the dominion authorities want a man as governor more pliable to their wishes and who will unhesitatingly carry out their mandate. Manitoba always contended that its governor should be a Manitoba citizen. This unlooked for action only added fuel to the flames.

## VICEROY LI'S WOUND.

**His Many Disorders May Make It Serious—European Powers May Interfere.**

WASHINGTON, March 25.—Information coming to the Chinese legation is to the effect that Li Hung Chang's wound is not dangerous, except as complications may develop. It is in the fleshy part of the face, but fortunately no part of the skull has been fractured or any vital organs touched. Prince Li's advanced age and several constitutional disorders which make him almost an invalid, may aggravate an otherwise harmless wound. On his arrival at Simonski, he was so sick to leave the ship which brought him. He had to be carried about, this being a necessity in his case as well as an honor due his rank. The Japanese legation say the offender will be charged with treason, as the assault is not only against the person of Li Hung Chang, but against the Chinese government. It is probable also that the trial will be by court-martial, and conviction by court-martial would mean that the offender would be shot.

LONDON, March 25.—A dispatch to the Westminister Gazette says the Japanese parliament has passed a resolution de-

ploring the attempt to assassinate Li Hung Chang.

The emperor and imperial ministers have publicly deplored the act of the would be assassin of Chang, and say he must be punished.

The bullet has not yet been extracted from Li Hung Chang's face, but his condition is favorable. He has no fever and is suffering but little pain. His assailant, who is described as a political bravo, rushed from the crowd when the viceroy's palanquin was passing and fired at the Chinese statesman. The bullet entered his left cheek. The affair has caused the greatest indignation here.

LONDON, March 25.—The Times has this dispatch from Kobe: Li Hung Chang is making good progress toward recovery from the effect of the bullet wound in his face inflicted yesterday by Mayama Kokonoski. The wound has developed no dangerous symptoms. The would be assassin is reported to be a lunatic. He has a criminal record and has served a term of imprisonment.

YOKOHAMA, March 25.—Surgeons Sato and Ishimuro are attending Li Hung Chang by imperial command. Li Hung Chang objects to the extraction of the bullet, which lies a centimeter under his left eye. The wound is three centimeters deep. The express of Japan has sent two nurses to attend him. Letters and telegrams expressing regret and sympathy are pouring in from all directions.

LONDON, March 25.—A Tokio dispatch says the surgeon attending Chang has telegraphed the emperor that the wound is in good condition, and there is no cause for anxiety regarding the result. Chang's assailant is believed to be insane.

## CHANCES FOR PEACE ARE POOR.

YOKOHAMA, March 25.—A Simonski dispatch says that Chang will refuse to cede any territory to Japan, but will offer a greatly increased sum of money as an indemnity instead. It is believed, the dispatch says, that peace negotiations will not prove successful, there evidently being some secret force behind China.

WASHINGTON, March 25.—Diplomats here are inclined to believe that the entire peace negotiations may be broken off by the assault on viceroy Li, by affording a pretext for European intervention. Li himself will prevent such a failure, however, if it is possible. Officials here regard it as settled that Russia and Japan have reached an understanding by which the former will extend her territory south from Vladivostok, so as to have a harbor open all the year round. This has been an acquisition Russia has long sought, as it gives an eastern outlet to the great Siberian railroad.

## Arms For Insurgents.

KEY WEST, March 23.—An official of the Cuban government who has arrived here, says exact and detailed information is in the hands of Spanish officials as to places throughout the United States where arms and ammunition are being collected and shipped to Cuban insurgents. The important rendezvous are stated to be Philadelphia, Perth Amboy, N. J., Savannah, Fernandina and other points south, concerning which information is being laid before the Spanish minister at Washington, which is likely to form the basis for a request for the issuance of orders by the attorney-general to district attorneys to apprehend parties alleged to be engaged in the systematic forwarding of revolutionary supplies.

TAMPA, March 24.—The steamship Olivette, which arrived from Havana today, brings the latest advices concerning the Cuban insurrection, which, from accounts given, is growing every day. Henry Brooks has 600 rebels at Guantanamo. It is intended that the town of Puerto Principe intended to rise.

On March 15 the rebels under Pallicio attacked 450 Spanish troops at Eleobre, and defeated them with great loss. Guillermon has a band of nearly 100 insurgents at Chrieto, and 6,000 men and arms at Santiago.

On March 16, Guerra, with 500 insurgent cavalry, ransacked the village of Champuagla and captured the Spanish garrison of 50 soldiers. Stone towers have been erected in many towns to protect property. A force of rebels nearly exterminated 200 Spanish soldiers under Colonel Santocilla at Manzillo, March 18.

## Uprising Prevented.

KEY WEST, Fla., March 25.—A passenger from Havana, just arrived, says that only by prompt action Captain-General Callejo averted an uprising in Havana. After the imprisonment of Gomez, the negro leader, his sympathizers worked up a scheme to attack the palace Friday night. The government learned of the plot, the guards were quadrupled and 100 soldiers were stationed inside the palace. The city patrol was also heavily increased. The negroes learning of these precautions gave up the scheme.

## Fifteen Rebels Killed.

HAVANA, March 25.—Colonel Santocilla, who commands the government

forces at Mansanillo, reports that yesterday troops, under Colonel Arazo, attacked and dispersed rebel bands at Caraguana and Cayo Camanche. The bands were 500 strong, and were commanded by Guerra Guardia Reitor. Fifteen rebels were killed and many others wounded. The government forces lost one officer killed and two privates wounded. The rebels left behind a large quantity of ammunition and small arms. The same government troops also dispersed a party of rebels at San Ramon March 23, losing one officer killed and three privates wounded. A report from Holguin says that the insurgents, under Maso Miro Manana, are approaching the place. The force is 300 strong and well armed.

## REPORTED INSURGENT VICTORY.

TAMPA, Fla., March 25.—Letters received by steamer last night state that insurgent bands are active in the vicinity of Santa Svirite. The government rumor that Guillermo is dead is untrue.

Quintin Bandert, with 150 insurgents, met 300 Spanish troops between Tariba and El Cobra, killing 25 Spaniards at the first volley. The Spaniards fled in dismay, the insurgents continuing their march unopposed.

Letters estimated that in two months there will be 2500 insurgents fighting.

The Spanish warship Alfonso XIII has arrived at Havana with 1500 men. The troops were received with great enthusiasm.

## Superiors Made Equals.

NEW YORK, March 25.—Hamilton Wilcox, the well-known woman suffragist, has received a cable dispatch from the agent-general of South Australia, at London, announcing that Queen Victoria has given her consent to the bill passed by the parliament of South Australia, relieving women entirely from disfranchisement and securing them the same suffrage and on the same terms with their brothers, and that this bill is now a law. This act, Mr. Wilcox states, commits to full woman suffrage the government of a territory much larger than the United States from the Atlantic coast to the Mississippi river and from the Canada frontier to the Florida keys.

## Cheered the Bull.

DURANGO, Mex., March 25. The leading event of the bull fighting now in progress here, was the killing of Timotes Rodriguez, one of the best known matadores of Mexico, in the arena by a ferocious bull. The animal got the matadore down and gored him to death before the banderilleros could come to his assistance. The large crowd of spectators cheered the bull.

## National Bimetallic League.

LONDON, March 26.—A dispatch from Paris says that the National Bimetallic League held its first meeting on Monday. The league has 3000 members already. M. Loubet is president, and the vice presidents include M. Maguin, governor of the bank of France; Mm. de Normandee, Gernuschi and M. Meline, Senator Berenger and M. Guichard, president of the Suez canal company.

## Army Officers to Retire.

WASHINGTON, March 24.—With the close of official working hours on Wednesday Brigadier-General Smith, who has been serving as paymaster-general, goes upon the retired list. He is the first of the four officers holding high rank in the army to be retired this year, on account of age or length of service. The others in rotation are Major-General McCook, Brigadier-General Thomas N. Casey, at present serving as chief of engineers, and General Schofield. The last named goes into private life the last day of September.
