The body of the man, who committed suicide, near Clackamas, last Wednesday, was buried by Coroner Holman, Friday. The appearance of the body, indicated him to be no common tramp, but no one appeared, who could identify the remains.

Wilson & Cooke have moved their stock of hardware one door south of the Commercial Bank, but will still occupy their old stand for farm implements, such as Bain wagons, Oliver plows, Buckeye and Pitcher pumps, cultivators, hay rakes, mowers and wheelbarrows.

Go to the Baptist church Friday evening of next week, April 12th, and see the lightning club singer, Mathew Brown of Portland. There will also be an umbrella drill and other good entertainments. Admission 10 cents.

At the Baptist church on the 12th there is to be an ice cream social after the entertainment.

The lecture of Eli Perkins, America's greatest humorist, upon "The Philosophy of Wit and Humor," Tuesday evening, was enjoyed by a large audience, notwithstanding the stormy weather. The lecture, which was replete with wit and humor, held the close attention of the people for more than two hours and proved to be very instructive as well as amusing.

The wife of Mr. D. Robinson, a prominent lumberman of Hartwick, N. Y., was sick with rheumatism for five months. In speaking of it, Mr. Robinson says: "Chamberlain's Pain Balm is the only thing that gave her any rest from pain. For the relief of pain it can't be beat." Many very bad cases of rheumatism have been cured by it. For sale at 50 cents per bottle by Geo. A. Harding.

CHAUTAQUA ASSOCIATION.

Second Annual Assembly at Gladstone Park, July 10-19, 1895.

The almost phenomenal success attending the first Chautauqua assembly held at Gladstone Park, July 24, 25, 26, 1894, has led to further extension of plans for this year. In accordance with the true Chautauqua idea the following departments of study have been projected and partially arranged for: School of music, in charge of Mr. A. S. Dresser, who so ably conducted this department last year; School of Art, Professor John Ivey of San Francisco. Professor Ivey has conducted the school of art at Pacific Grove, California, five years. Some of Prof. Ivey's paintings have lately been on exhibition in London and Liverpool, England, where the press has spoken highly of their merit; the New York Illustrator is preparing a series of plates from his paintings of Pacific coast scenery. The department of elocution will be in charge of Miss Sara N. Brown, of the Boston School of Oratory. Professor Hammond of Southern Oregon, a specialist in Oregon flora and collector for the Smithsonian Institution, has been invited to take charge of the department of botany, in which he will be assisted by Francis D. Lloyd, professor of biology at Pacific University. Professor G. W. Shaw, the well known and popular State chemist, of Corvallis, has consented to conduct the school of chemistry. Professor Thomas Condon, of almost national fame, has consented to conduct the department of geology and mining. Professor J. H. Ackerman, superintendent of Multnomah county and principal of the Harrison street school, will take charge of the Teachers' Normal or department of pedagogy. Professor Hawley, of Salem, who was such a favorite last year, superintends the Sunday school normal department, assisted by several of the most noted Sunday school workers on the coast. He will also lecture on Current History. Mrs. E. W. Allen, of Portland, will superintend the primary Sunday school work, assisted by specialists in kindergarten and junior work. The department of physical culture is also projected. The Assembly program, while still incomplete at this early date, already includes such attractive names as that of Dr. Gungahus, the great orator of Chicago, Miss Susan B. Anthony, the most famous woman in America. Dr. George R. Wallace, the king of wit and humor, Dr. Charles Edward Locke, known east and west as a brilliant orator and lecturer, Hon. G. M. Irwin, the popular statesuperintendent of public instruction, President Chapman, the polished Shakespearean lecturer, Professor John Ivey, of San Francisco, of whom it is difficult to decide whether he is more an artist in words or in colors, the gifted Mrs. Narcissa White Kinney of Astoria, Dr. McClelland, of Pacific University, President Thomas Newlin, of the Friends' college of Newberg, President P. L. Campbell of State Normal, President Hawley of Salem, Dr. Stratton of Portland University. Many others will whom the committee are in correspondence are being daily added to the list.

Arrangements for special days are projected on a scale hitherto unparalleled in this State. These include Patriotic Day, College Day, including a symposium of colleges. Recognition Day, in which Dr. Locke addresses the C. S. L. C. graduates, supported by the Hayden orchestra, Y. M. C. A. with addresses, field sports, bicycle races, basket ball and acrobatic feats. Young People's Day with programs by the Y. P. S. C. E., the Junior Endeavor, Epworth League and other young people's societies. Woman's Day, including speakers on Equal Suffrage, Missions and W. C. T. U. work, Teachers' Day, Farmers' Day, Press Day and Pioneer Day. Bands and musical societies all over the state are notifying the committee of their willingness to assist in the festival of song and music, the Schubert Quartette, of Pacific University, the Ladies' Band of Corvallis, The Quaker Band from the Friends' College at Newberg, the Hayden orchestra of Portland the singing Chinese children, all the local bands and others.

One of the commendable features of the Willamette Valley assembly is the light expense attending this delightful ten day's outing. Tents can be brought, tent space and fuel free. Supplies of all kinds can be purchased on the grounds or in the markets of Oregon City and Portland at reasonable prices. By special arrangement low rates will be given on all the railroad, motor and steamboat lines in Oregon. In preparation for this assembly the East Side motor line is already extending its track farther into the grounds so that passengers may alight within a few yards of the auditorium, cars to run every ten minutes during the day and evening. The electric system of lighting will be extended and improved. An auditorium for a thousand people will stand on the border of Chautauqua lake, and the old auditorium of last year will be devoted to class and committee uses.

Concluded next week.

Milk Cow for Sale. Good fresh milk cow for sale. Cheap for cash. Address J. M. FINDLEY, New Era, Oregon.

The Thursday Night club was pleasantly entertained at the home of Mrs. T. A. Pope last week, it being the last meeting of the club for this season.

Court Robins Hood Election.

At their last meeting the Foresters elected a delegate (Mr. J. D. Humphrey) to represent them at the convention of the Grand Court of Oregon, Ancient Order of Foresters of America, which will be held at McMinnville, May 14. The Grand Court is composed of delegates from each subordinate Court under its jurisdiction together with the sitting officers. There will be present about 25 officers and delegates from all parts of the state. The Grand Court convention will elect a supreme representative to represent the Grand Court at the Supreme Court convention, which will be held in Cleveland, Ohio, next September. The Supreme Court meets once in two years. Among the important matters that will come up for consideration, and action at the supreme convention will be a popular and safe endowment law, a new official regalia, a new ritual with two new degrees and the introduction of the Order into foreign countries. The present membership of the Order in the United States is about 150,000.

J. R. KENNEDY, Fin. Secretary.

In response to a suggestion from their pastor, Rev. M. L. Rogg, the members of the Baptist church appeared at the Wednesday evening prayer meeting, each with a package of provisions, which will be used to aid some of the destitute families in the city.

Mr. Richard Harding Davis, who started from the eastern coast of Honduras about the middle of January to ride across Central America, has arrived at Tegucigalpa, the capital of Honduras, from which place he will continue on to the capital of Nicaragua, and from there to Corinto, on the Pacific side. From that point he takes a steamer south to Caracas in South America, crossing the Isthmus of Panama on the way. The ride to Tegucigalpa was made on mule-back over the mountains, and lasted sixteen days; the second half of the trip to Corinto will require about ten days more. Mr. Davis is accompanied by Mr. Henry Somers Somerset and Lloyd C. Griscom, and his purpose is to describe the places visited by these gentlemen and himself in a series of articles which will appear in Harper's Monthly and Harper's Weekly as soon as possible after his return to New York.

State Sunday School Convention.

The Sunday school convention season has opened this spring with marked interest among the organized counties. The Multnomah, Clackamas, Yamhill, Marion, Polk, Lane, Benton, Washington, Douglas and Josephine county associations have already met, or are making arrangements to meet within the next few weeks. Large attendance and increased interest is the general report.

Plans are well under way for the state convention to be held in Portland May 7-9. This will be the tenth annual meeting of the state association, and is expected to break all previous records in point of attendance. The program will be of unusual practical benefit, taking up almost exclusively the more recent methods and plans for enlarging and bettering the Sunday school work which have been tested and proved, and are being adopted by many schools.

Prominent place will be given to normal study, in its bearing on the preparation of the teacher, and its use in the school, with definite suggestions, for introducing it. This will doubtless bring up the question of establishing a uniform course of normal lessons for use throughout the state, and the appointment of a state normal committee or superintendent.

Primary work will also receive special attention. Papers relating to the equipment of the teacher, the matter to be taught, and particularly the introduction of kindergarten principles, will be presented by successful primary workers. These papers will afford material help in information and suggestion, to every person interested in the teaching of the youngest children.

Among other topics on the program will be the home class department, house-to-house visitation, field days, grading and the use of the blackboard. The convention will open Tuesday evening, May 7th, and close Thursday afternoon, May 9th, the sessions being held in the handsome new edifice of the First Congregational church, at Park and Madison streets. Arrangements are being made for the entertainment of all delegates, and several new features are anticipated, which will add to the pleasure of those in attendance.

The ENTERPRISE is the only newspaper in Oregon that gives a cash premium to those paying their subscription in advance.

NEVER TOO LATE TO MEND

—the bad habits and early riles of young men and their disastrous consequences. Young men and old men, those who suffer from nervous debility and exhaustion, the wasting away of the vital strength and power from hidden drains or intemperance habits can readily find relief for body and mind by writing the World's Medical Dispensary, Medical Association, of Buffalo, N. Y. They employ a full staff of physicians and Specialists, who treat at a distance by correspondence or at the Invalids' Hotel and Surgical Institute of Buffalo, all this class of diseases. Those who suffer from low spirits, irritable temper, a "broken-down" nervous system, and such distressing symptoms as backache, dizziness, shooting pains in head or chest and indigestion, sexual excesses or abuses, all the result of exhausting diseases or drains upon the system,—will find a permanent cure after taking the special prescriptions sent them from the Invalids' Hotel and Surgical Institute. This association of medical men have prepared a book written in plain but chaste language, treating of the nature, symptoms and curability, by home treatment, of such diseases. The World's Dispensary Medical Association, Proprietors of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., will, on receipt of this notice, with 10 cents (in stamps for postage) mail, sealed in plain envelope, a copy of this useful book. It should be read by every young man, parent and guardian in the land.

THE KEY TO THE SITUATION

If you suffer from Sick or Bilious Headache, Constipation, Indigestion, Bilious Attacks, or any derangement of the stomach, liver and bowels—is Dr. Pierce's Pleasant Pellets. Mildly and gently, but thoroughly and effectively, they cleanse, renovate and regulate the entire system. One little "Pellet" for a gentle laxative—three for a cathartic. They're purely vegetable and perfectly harmless—these tiny, sugar-coated granules of Dr. Pierce.
