Wheat is on the Jump and Quotations All Over the Country are Reaching a High Point

YOKOHAMA, April 22.—An official dispatch says that Count Ito, president of the Japanese council of Ministers, and Viscount Motu, Japanese minister of foreign affairs, the two ministers who negotiated the treaty of peace with Li Hong Chang and his son, Lord Li, at Simonsaki, were received in audience by the emperor before their return to Hiroshima. The emperor said:  
"The principal points of the treaty are entirely satisfactory and add much to the glory of the empire. I am highly pleased at the signal service rendered by you."

The following imperial proclamation was issued this afternoon:  
"Through peace national prosperity is best promoted. Unfortunately the rupture of relations with China forced upon us a war, which, after the elapse of ten months, is nearly ended. During this period our ministers, in concert with the army, navy and diet, have done all in their power to further our aims in obedience to our instructions. Our ardent desire with the assistance of our subjects in loyalty and sincerity is to restore peace, and thereby attain our object—the promotion of national prosperity. Now that peace is negotiated and an armistice proclaimed, a permanent cessation of hostilities is near at hand. The terms of peace fixed by our ministers of state give us complete satisfaction. The peace and glory thus secured renders the present a fitting time to enlighten you as the course of your future policy."

"We are rejoiced at the recent victories which has enhanced the value of our empire. At the same time, we are aware that the end of the road which must be traversed by the empire in the march of civilization is still far distant and remains yet to be attained. We therefore hope, in common with our loyal subjects, that we shall always guard against self-contentedness, but in a spirit of modesty and humility strive to perfect our military defense without falling into extremes."

"In short, it is our wish that the government and the people alike shall work to that common end, and that our subjects of all classes strive each in his sphere for the purpose of laying the foundation of permanent prosperity."  
"It is hereby definitely made known that no contentment will be given by us to such as, through conceit at recent victories, may offer insult to another state or injure our relations with friendly powers, especially as regards China."  
"After the exchange of ratifications of the treaty of peace friendship should be restored, and endeavors made to increase more than ever before the relations of good neighborhood."  
"It is our pleasure that our subjects pay due respect to these, our expressed wishes."

**Wheat Traders Were Wild**  
New York, April 22.—Transactions in wheat this morning about equalled the heaviest entire day's trading this year, being 13,525,000 bushels, and the advance of 2 1/4 cents in prices over Saturday was the biggest single jump the market has had in months. Traders were fairly crushed in their efforts to execute buying orders. The price fluctuated violently, and soon after opening began to slide down again, only increasing the excited feeling. It is generally conceded the average was the result of the bull enthusiasm, which had at last broken loose in real earnest, well backed up by outside support.

There was a lot of short stuff covered and a good amount of switching done. May opened 2 1/4 cents higher, at 65 1/4 cents, sold up to 65 3/4 cents and back to 65 cents. Corn and oats made a quick response to the rise in wheat, but sustained the sharp noon reaction.

**WHEAT STILL ADVANCING.**  
CHICAGO, April 22.—Wheat started up wildly today, opening 1 1/2 cents higher and advanced 2 1/4 cents before ten o'clock. Heavy realizing, knocked 1 cent off the price, but the market remained very strong. Partridge was again thought to be covering, and the bull feeling was helped by strong cables and the expectation of a 2,000,000 bushel decrease in the visible supply. May opened at 61 1/2 cents, sold from 60 7/8 cents to 62 1/8 cents, and reacted to 61 1/2 cents.  
Corn was strong, following wheat in its fluctuations, with shorts covering, freely. Oats were firm.

PORTLAND, April 22.—Wheat, prices today reached the highest mark for the year. Exporters quoted Walla Walla at 48 cents per bushel, though it is known that a larger figure was paid for several large lots. Offerings were heavy, though

not so large as was expected. Valley wheat advanced sympathetically on light trading, shippers quoting at 82 1/2 cents per cental.

**Horse Meat in Oregon.**  
WASHINGTON, April 22.—Dr. Salmon, chief of the bureau of animal industry of the agricultural department, speaking of the report that a large horse slaughtering and packing industry had been started in Portland, Oregon, said there was no law compelling such meats to be labeled, as in the case of oleomargarine when sold as butter. Buyers of beef can distinguish this kind of meat, as a government inspection of slaughtered cattle is made and a government stamp is placed on each quarter of beef. Dr. Salmon says that the department has endeavored to secure legislation similar to the oleomargarine law, which will compel dealers in horse meat to have it labelled so that consumers need not be deceived.

**CLEVELAND DECLARES WAR.**  
Appalled at the Growing Popularity of the Silver Movement.

WASHINGTON, April 22.—Cleveland and the members of his cabinet are greatly exercised over the growing popularity of the silver movement, and are preparing for a strong and vigorous fight against free, unlimited coinage of silver independent of any international agreement to be made by the administration.  
With that end in view, officers of various executive departments, appointed under the present administration, are being urged to organize systematically for the purpose of conducting the contest along lines laid down in the president's message.

Many of the higher officials who enjoy reputations at home as stump speakers, will probably take to the field early in the summer, and others are even now engaged in writing letters to local papers or personal friends, impressing upon them the importance of sustaining the administration in the position it has outlined. Federal officers in several states will be organized as a nucleus about which all who uphold the administration or rather who are opposed to free and unlimited coinage of silver, will be expected to rally. There are nearly 200,000 government officers, postmasters, internal revenue officers, custom officers, district attorneys and innumerable contractors, scattered throughout the country. They will be expected to do aggressive fighting in the field, and will be amply furnished with documents and necessary sinews of war from Washington. Perfected state organizations with this end in view are now being formed. These organizations will be extended to counties, and even into districts.

Since Morton's recent utterance on the financial question, his mail has been largely increased by letters and circulars from silverites calling attention to his statements and in some cases accusing him of inaccuracies. On being interviewed as to whether Morton might be regarded as representing his views the president said: "I am in no way responsible for Morton's utterances. I have always found it quite easy to do my own talking direct to the public."

**Dishonesty of Paul Schulze.**  
TACOMA, April 22.—It is authoritatively stated that the shortage in the accounts of the late Paul Schulze will exceed \$100,000, and possibly may reach \$250,000. In explaining Schulze's methods, Receiver Oakes of the Northern Pacific said last night:

"As payments were made on land contracts during the last four or five years, the money was not always turned over to the clerks, but was evidently kept by Mr. Schulze, and the holders of contracts were given receipts. The payments on many of these contracts have all been completed, but the books do not show it. The holders became impatient for their deeds. Their complaints, a few months ago, were our first intimation of the wrong-doing. Before we can know definitely how great the shortage is, we will have to have returns from every one of the holders of our land contracts. The purchasers will not lose anything. The entire loss must fall on the company."

**TACOMA, April 22.**—Additional facts learned show that Paul Schulze's defalcations as Northern Pacific land agent reach a much larger sum than heretofore stated. The St. Paul syndicate of Spokane is known to have paid him between \$400,000 and \$500,000 for Spokane property for which no account was made.  
P. A. O'Farrell, of Spokane, is here trying to protect the syndicate's rights. The property purchased is four or five acres near the new freight house, in the heart of Spokane.

**Brought \$3 Per Box.**

**FLATTERING FRUIT OUTLOOK.**  
New Railroads Will Probably be Built in Eastern Oregon—Hop Crop Contracted.

A large number of railroad officials made a visit to Astoria Monday and consequently Astoria people are jubilant over railroad prospects and general prosperity.

A meeting of mayors and representatives of cities, called by Governor Lord to meet in Salem Monday to select a souvenir for the battleship Oregon, was a comparative failure. There were only a few present and the Portland delegation were in a hurry to return, consequently the mayors of Eugene, Albany and Independence, did not arrive until the meeting was over. Governor Lord will appoint a committee of seven to arrange the matter.

The Washington & Columbia River railroad company are contemplating the building of a new line into the John Day country.

The 18th annual convention of the Grand Parlor of Native Sons of the Golden West, is now in session at Oakland, California.

Two new names were added to the state reform school register Monday by the arrival of Fred and John Marshall, aged 12 and 10 respectively, from Roseburg. The lads are orphans and were committed for incorrigibility and stealing. There are 117 boys at the school at present, three having been paroled quite recently. One of the number out on parole returned to the institution a few days ago expressing a desire to stay, which will be granted him until a suitable place can be found for him to work. His name is Harry Breckinridge.

Mrs. Frona E. White, well known in San Francisco as a society reporter, has written a novel dealing with life in that city, which is said by those who have read it in manuscript to be an exceedingly bright piece of work. The novel is now in the hands of an Eastern publishing house.

The prospects are very flattering for an immense fruit crop in South Douglas county this season and the output will probably double that of last year. Our farmers have also discovered, says the Riddle Enterprise, that hogs and cattle are the cheapest threshing machines and that beef and hogs hides are the best substitutes for grain sacks in getting crops to market.

J. Q. A. Hoskins & Sons, Champoeg, and J. B. Wolf, Butteville, have contracted with Lilienthal & Co. for 12,000 and 6000 pounds of their coming hops, respectively. The first named will receive 10 cents and the latter 8 cents.

The steamer Eugene made its way to Eugene City Wednesday, for the first time in several months. During all this time the merchants of that city have been hauling their freight by team from Harrisburg and Corvallis.

Hon. H. B. Miller, of Eugene, on Monday, sold his two-year-old pacing filly to Fred Farmer, of Portland, for \$500. The colt is an Altamont and is quite promising.

Last fall the Roseburg Review contained an account of the discovery of a ledge of rich quartz rock, by Wm. Worley, near the Mule creek mines on lower Rogue river. The assay of this quartz has been so satisfactory that Messrs. Evans, Grady and Clark, representing a syndicate, have bonded the claim for a large sum, and are now developing it with a view to completing the purchase. The ledge is owned by J. J. Chadwick, Willis Kramer and Wm. Worley.

A dramatic company of Moro people is playing the Eastern Oregon towns, the proceeds, if any, to go to the Sherman county public schools.

Fresh clams and lobsters are now being brought over from Bandon to Roseburg and peddled out on the streets. It is an innovation, and a welcome one to the Roseburg epicures.

Among the interesting characters in attendance at the Gilliam county term of circuit court was Mr. Wild Bill Radson, who paid a fine of \$75 and costs, to what end the Fossil paper fails to explain.

Rev. W. S. Gilbert was installed as pastor of the First Presbyterian church at Eugene Sunday. He has been preaching there as "stated supply" for two years.

A warrant is out at Eugene for the arrest of E. J. Frasier, who sold three German tickets from Portland to Aberdeen, Ala., for \$54.10 each. The Germans thought the tickets were good from Eugene, and swore out the warrant, charging him with larceny by bailee.
