DEATH OF W. R. L. MATTHIEU.

Details of the Unfortunate Affair and Funeral of Miss Oulmette.

T. P. Randall returned Monday from attending the funeral of Miss Oulmette and Wilford R. L. Matthieu, son of Hon. F. X. Matthieu, who accidentally shot himself last Saturday near Butteville. This was the second death in the family within a few days. On Wednesday of last week Hattie Rose Oulmette, daughter of Mrs. Clara M. Oulmette, died at the residence of her grand parents, Mr. and Mrs. F. X. Matthieu, of consumption, and was buried in Butteville cemetery Friday, Rev. Thompson officiating. Miss Oulmette was a bright and accomplished young lady and many relatives attended the funeral. The grand parents were both confined to the house with la grippe and were unable to attend the funeral of the young lady. Mr. Randall, who was a particular friend of the family attended the funeral, and on Saturday he and Wilford went out into the field to kill a bird, and when the unfortunate accident occurred both were on the fence watching for a bird they heard making a noise in the immediate vicinity. Wilford was standing on the fence with the butt of the double-barrel shot gun resting on a rail holding it between his knees with the muzzle pointing upwards. Mr. Randall was setting on the fence about thirty feet away looking in another direction. Wilford was intently watching for the pheasant and the gun suddenly slipped through his fingers, the hammers of the gun striking a lower rail and both barrels were discharged ranging upwards through the abdomen towards one of his shoulders. Mr. Randall heard the sudden reports of both barrels and looking around saw Wilford with his gun on the ground stooped over and holding his hands over his abdomen and he exclaimed:

"Oh Tom, I have shot myself!"

Mr. Randall laid him out on the ground and immediately went to the house one-fourth mile distant and secured help. Owing to his critical condition they did not remove him, but made a bed for him on the ground and a physician was summoned. He lived only about an hour and a quarter, but explained how the accident occurred. The funeral occurred Sunday afternoon and was the largest ever held in Butteville. Mr. Matthieu was about 24 years old and was highly esteemed by a large circle of friends, who appreciated his sterling and aimable qualities. Mrs. Matthieu, who was very ill, fainted several times under the heavy affliction, but was resuscitated and was resting easy at last reports.

Four deaths have occurred in this family since the first of February. Mr. Burton, a son-in-law, died in California in February, and was brought to Butteville for burial, and soon after a little grand child, little Ramona Burton died at Butteville. This pioneer family have the sympathy of a large circle of friends in their sad affliction.

Republican Club Meeting.

Pursuant to call the members of the Oregon City Young Men's Club met at Pope's hall Monday evening, for the purpose of electing delegates to attend the state convention of republican clubs, which convenes in Portland May 22nd. The meeting was called to order by Vice-president H. S. Strange, who stated that the president, Charles Meserve, could not be present on account of the illness of his child, and stated the object of the meeting. He stated that the club was entitled to representation in the state convention on a ratio of one delegate at large, and one delegate for every twenty-five members, and as this club embraced three precincts, Canemah, West Oregon City and Oregon City its membership would entitle it to 15 delegates. Nominations being in order, the following were nominated and elected delegates to the state convention: Henry E. Smith, J. C. Bradley, T. P. Randall, D. W. Kinnaird, T. F. Ryan, Geo. O. Rineason, Henry Meldrum, George F. Horton, C. H. Dye, J. U. Campbell, H. S. Gibson, E. C. Maddock, H. H. Johnson, and L. L. Porter. On motion of Henry Meldrum, duly seconded, a committee of three was appointed to draft constitution and by-laws. This statement was made by the chairman that a national constitution had been formulated for the use of republican clubs, and that the secretary of the republican club in Portland had a copy of such constitution. The motion was amended that the committee secure a copy of this constitution, and make any needed changes to suit the requirements of this club. The motion carried as amended and Henry Meldrum T. F. Ryan and J. U. Campbell were appointed as such committee.

Henry Meldrum made a motion, seconded by Sney Smyth, that the club proceed to the election of new officers. There was considerable objection to this motion, and U. Campbell stated that, as this meeting was called for a special purpose, it would be a violation of all parliamentary usages to transact any other business; that the president would call a meeting to adopt a new constitution, and that would be the time to consider the election of new officers. The motion as put to a vote and lost. On motion the meeting adjourned.

Porter and Benjamin Jagger were appointed as a committee to employ an attorney on behalf of the municipal corporation of Oregon City.

On motion it was decided to take up any business that may come before the meeting.

H. S. GIBSON, School Supt. Clackamas County. Dated April 25, 1895.

Those who never read the advertisements in their newspapers, miss more than they presume. Jonathan Denison, of Bolan, Worth Co., Iowa, who had been troubled with rheumatism in his back, arms and shoulders, read an item in his paper about how a prominent German citizen of Ft. Madison had been cured. He procured the same medicine, and to use his own words: "It cured me right up." He also says: "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad he had to do the cooking. I told him of Chamberlain's Pain Balm and how it had cured me. He got a bottle and it cured them up in a week." 50-cent bottles for sale by G. A. Harding, druggist.

B. H. Bowman, Pub. Enquirer, of Bremen, Ind., writes: Last week our little girl baby, the only one we have, was taken sick with croup. After two doctors failed to give relief and life was hanging on a mere thread we tried one minute One Minute Cough Cure and its life was saved. C. G. Huntley, druggist.

The current issue of the American Gardening, (New York City), contains many interesting articles. Irrigating small farms and gardens and physical properties of the soil, receive their share of attention. Fruit growers and plant raisers generally, will find in the spraying calendar a formula in this number, which will aid them in the protection of their crops from the ravages of insects and of fungus diseases.

It will be an agreeable surprise to persons subject to attacks of bilious colic to learn that prompt relief may be had by taking Chamberlain's Colic, Cholera and Diarrhoea Remedy. In many instances the attack may be prevented by taking this remedy as soon as the first symptoms of the disease appear. 50-cent bottles for sale by G. A. Harding, druggist.

Our patrons will find De Witt's Little Early Risers a safe and reliable remedy for constipation, dyspepsia and liver complaint. C. G. Huntley, druggist.

Flag Raising Exercises.

Prof. McAdams, the teachers and pupils of Eastham school are to be complimented on the flag that now floats in the breeze from the flag staff on that building and the very interesting and impressive exercises that took place Friday afternoon, when the stars and stripes were raised into position. It was a gala occasion and a large crowd gathered to witness the patriotic ceremonies. Meade Post No. 2, G. A. R., were out in a body by a special invitation with their drums corps and flag, with the commander, Captain J. T. Apperson. Superintendent Holmes and the teachers and pupils of Barclay school marched over in a body in honor of the occasion and lent enthusiasm to the occasion by their presence. The members of the school board, T. S. Lawrence, Dr. J. W. Norris, and J. W. Noble were present and took an active interest in the proceedings. The exercises were held in the open air at the northwest corner of the building, and the organ stand was tastefully decorated with flowers, and Miss Ora Spangler directed the musical part of the program. The occasion was one that could not but inspire a spirit of patriotism in the most obtuse soul, and especial reverence for the stars and stripes and love of country in the minds of the young.

The exercises began with the song, "Flag of the Free," by the school followed with a flag exercise by eight girls and four boys, carrying flags representing different nations. Mr. T. S. Lawrence, chairman of the school board, made an appropriate address, and was followed by Captain J. T. Apperson, who made one of his characteristic patriotic speeches, on behalf of the Grand Army. The song, "America" preceded Col. R. A. Miller's patriotic oration, then came an interesting part of the program, the unfurling of the flag, followed by a recitation, "Columbia's Boundary," by Daisy Lawrence. The very interesting ceremonies closed with the song, "Red, White and Blue."

THOROUGH INVESTIGATION REQUESTED.

A BOLD ASSERTION.

Ever since Prof. Koch started the world by promising to cure consumption with the Koch lymph and his complete failure to do so, the people have been looking for some discovery which would prove an absolute, certain cure for that dread disease. Over a quarter of a century ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, put in a claim for a medicine, which he had discovered and used, in his extensive practice, that would cure ninety-eight per cent. of all cases of consumption when taken in all its early stages. Time has proved that his assertion was based on facts gained from experience. His "Golden Medical Discovery" has cured many thousand people in all parts of the world, and Dr. Pierce invites all interested to send to him for a free book which gives the names, addresses and photographs of many prominent people who have willingly testified to the marvelous curative properties of his "Golden Medical Discovery." He has also written a Book of "Discoveries on Diseases of the Respiratory Organs," which treats of all Throat, Bronchial and Lung diseases, also Asthma and Catarrh, that will be mailed by the World's Dispensary Medical Association of Buffalo, N. Y., on receipt of six cents in stamps, to pay postage.

Consumption, as most everybody knows, is first manifested by feeble vitality, loss of strength, emaciation; then local symptoms soon develop, as cough, difficult breathing, or bleeding from lungs, when investigation proves that tubercular deposits have formed in the lungs. It is earnestly advised that the "Discovery" be taken early and the latter stages of the disease can thereby be easily avoided. To build up solid flesh and strength after the grip, pneumonia, ("lung fever"), exhausting fevers, and other prostrating diseases, it has no equal. It does not make fat like cod liver oil, and its many compounds, but, solid, wholesome flesh.
