The dirt and rock was taken away in places from some of the posts that support the middle stairway, leading up the bluff, and there is a possible danger that on some occasion when the city is filled with excursionists, and an extra heavy weight on the stairway, might cause it to give away with serious consequences. A pole on which some electric wires are strung, is supported by a line fastened to the stairway structure and naturally causes a strain. The stairway should be examined by competent parties, and settle the question as to its absolute safety.

Three Wants.

"Reason's whole pleasure, all the joys of sense,

Live in three words, health an competence"

So says the poet. Competence counts for little when one is sick, and peace is disturbed when health is upset, so that the poet rightly places health first. To have good health you must have pure blood. From the blood the system receives all its merits of growth and repair. The best blood-purifier is Dr. Pierce's Golden Medical Discovery, which is world-famed and is sold everywhere. It is a sovereign remedy for all diseases due to impoverished or impure blood, as consumption, bronchitis, weak lungs, scrofula, old sores, skin diseases, and kindred ailments.

Delicate diseases of either sex, however induced, promptly, thoroughly and permanently cured. Send 10 cents in stamps for large illustrated treatise, sent securely sealed in plain envelope. Address, World's Dispensary Medical Association, 663 Main street, Buffalo, N. Y.

The full bill of fare, well cooked and well served, is placed on the table at the Farmers' Home hotel. The best market affords is provided and Mr. and Mrs. Sumner endeavor to give full value in all meals served. Remember the place, opposite the court house.
