A New Constitution Proposed for the Next Convention in February.

Over 1000 delegates, with a total representation of 204 clubs were in attendance at the state convention of young men's republican clubs at Portland Wednesday. The occasion was a grand and enthusiastic one, although the anti-free silver men ruled the convention, as the silver men declined to pursue any policy that would tend to disrupt any harmonious feelings. Clackamas county was pretty well represented on the committee. J. T. Apperson was a member of the committee on credentials, and F. L. Mintie of Oswego, was one of the tellers. The delegates to the national league convention from the second congressional district are J. N. Smith, J. B. Davis, Henry E. Smith and F. W. Mulkey. The delegates at large and from both congressional districts are anti-free silver men. After the convention adjourned the delegates resolved themselves into a jollification meeting and music and speeches was the order of the evening. Chairman Beekman first introduced State Senator Geo. C. Brownell of Oregon City, who stirred up enthusiasm with an eloquent speech, in which he predicted republican success everywhere at the next general election.

George O. Rinearson received the largest vote for delegate at large on the silver ticket, of any candidate nominated, except Fulton of Astoria.

Henry E. Smith, the Clackamas county delegate from the first congressional district to the Cleveland league is a prominent business man of Oregon City, and is a member of the firm of Smith & Lovett, the leading artificial ice manufacturers in the northwest. He was placed in nomination by Geo. C. Brownell and received 381 votes.
