SALMON, June 1.—A. J. Odell has been having trouble lately with wolves. On one night he had four sheep killed by them, and a trap was set, but they were too cunning to get caught by it and visited the calf pen instead, killing a young calf. It is the sheep which attracts them.

WILSONVILLE, June 4.—Road work is progressing between Wilsonville and Frank Seely's. The stumps have been blasted out the entire width of the road. They are now piling up the stumps and logs, but it is feared that there will not be enough money to finish the work properly.

The roads between this place and Oregon City are nearly as bad as they were in the winter.

A New Church Building Contemplated—The Ladies' Aid Society to Entertain.

REDLAND, June 5.—The building of a new church is agitating the Methodist people at present in our community. If it is built work will commence on it right away.

Among other things, it was decided to give a strawberry festival and lawn social in the course of a fortnight, or as soon as the berries are at their best. There will be a concert and literary program, then strawberries and cream will be served, followed by outdoor games, such as croquet, etc. Everybody is invited to attend. Further particulars will be given next week.

The proceeds will go towards buying an organ: the organ to belong to the society, and is to be used at all neighborhood entertainments, such as the literary society, school entertainments, etc., as well as the M. FROM MOLALLA.

Children's Day Appropriately Observed at the M. E. Church Last Sunday.

MOLALLA, June 3.—The weather is on its extreme hot again—80 degrees in the shade. The present prospects for cereals, hay, fruit, hops and garden truck are about all that could be desired by the most exacting granger.

Last Saturday the enterprising people of Teasel creek met and built a neat fence on the frontage of the school grounds, which greatly adds to good appearances.

James Tubbs has hired two men to build a fence about the M. E. church, South, which will be completed by the time camp meeting begins, (this Thursday night).

Prof. Charles Crittenden closed another successful term of school at Teasel creek last Friday.

The Molalla schools, conducted by Professor's Hovis and Eby, will close next Friday.

Children's day exercises were conducted at the M. E. church yesterday at three o'clock P. M. The house was full to the uttermost.

The raffling Molalla boys purchased Dick Austin a \$25 watch last week, and they now ask Dick for the time.

We've been asked to explain and reconcile a former statement which has puzzled many readers of the ENTERPRISE, including ye scribe. Read it 13 months for the son, and ten days for the daughter.

OSWEGO NEWS.

Decoration Day Appropriately Observed—Other News.

OSWEGO, June 5.—Decoration day was a disappointment to a large number of our people. Everything was not in readiness for a grand parade, but the elements were against us, and we were compelled to have our exercises in Prosser's hall. Not more than one-half the people could get in the hall. Prof. Strange delivered an excellent address, followed by Hon. F. L. Mintie in his usual happy style. He was followed by Father Eaton, who spoke feelingly of the days from '61 to '65. Committees from the G. A. R., I. O. O. F., and I. O. G. T. were appointed to decorate the graves in the cemetery. There is but one veteran's grave in our cemetery, that of Judge L. H. Calkins. It was beautifully decorated, and a flag placed at the head bearing the name "L. H. Calkins, 6th Wisconsin Artillery." The A. P. A. boys were very much disappointed in not being able to parade. They had gotten up a fine liberty wagon that

Mrs. C. E. Nash was taken suddenly very sick last Wednesday morning, and was not expected to live for three days, but has recovered from danger at the present time. Dr. Thomas, of Beaver creek, was summoned and proved himself to be a fine family doctor.

Marvelous Results.

From a letter written by Rev. J. Gunderson, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seems as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Charman & Co's, Charman Bros. Block.
