 Money to loan on improved farms. W. H. Burghardt.
 Wanted, 100 shotes. Address Cliff Farm, Canby, Ore. 1mo.
 Straw hats of all styles, colors, sizes and prices at Moody & Rinearson's.
 Wanted, clean white cotton rags at the Enterprise office. 5 cents per pound.
 Governor Lord on last Saturday commissioned C. J. Carrin, of Curriaville, a notary public.
 Orders left at Frank Barlow's store, for 4-foot or 16-inch wood, promptly filled by F. Parker.
 Mr. F. R. Andrews, of the Maplewood gardens, will deliver vegetables on Saturday in time for Sunday meals.
 Did you ever hear of the like? Salem and return next Sunday on a fine excursion train for only \$1
 Miss M. E. Robbins was appointed postmistress at Orville in this county, last Saturday, by the postmaster general.
 Noble Heath, assistant superintendent of the Crown paper mills, is moving into the E. M. Rands house, at the corner of 13th and Jefferson streets.
 Now is the time for canning strawberries. The price is low enough and the berry at its best. Send us your order. E. E. Williams, the grocer.
 Now is the time to spray for the codlin moth and caterpillar. Schwan & Putrow handle a spray pump that is simple, effective and low in price. Call and examine them.
 A suit of all-wool clothes made to your measure and a first class job for only \$12 is one of the bargains offered by Glass & Smyth. Samples of cloth from which to select from.
 Tan hose, shelf paper, new line of ladies' summer underwear, boy's straw hats, also a full line of gent's summer underwear, ladies' silk mitts just arrived at the Bucket store.
 Wise is he, who buys property when no one else is buying, because he can then buy cheap. C. O. T. Williams can fit you out on easy terms.
 O. E. A. Freytag does not propose to remain in the rear of the procession in the matter of supplying the market with fresh vegetables, and his gardens are kept in first class condition.
 There is one medicine that cures immediately. We refer to Dr. Witt's Colic and Choleracure for all summer complaints. No delay, no disappointments no failure. C. G. Huntley, Druggist.
 The Conductor's excursion to Silverton last year was a grand success, but it "won't be in it" with the one they give to Salem next Sunday. Don't forget the date, June 9th and only \$1 round trip.
 The West Side now boasts of a meat market in successful operation. The proprietors are Mr. Munch and John Buetler, who recently erected a new building for this purpose.
 A meeting will be held at Maple Lane school house Saturday evening at 8 o'clock for the purpose of organizing a cemetery association at that place. All interested in this are requested to be present.
 "Farmer Hayseed" has just arrived from "the East" and is preparing the most marvelous display of vegetables ever seen on this Coast, which he will exhibit some time in June, at Shively's. Lookout for future notices.
 Joseph Walton, of Elyville has let the contract for the erection of a new dwelling to Messrs. Scott & Frost. The building will be 14x16 one and one-half stories high, with an ell 12x22. Mr. Walton will remove to his new residence when the same is completed.
 Ben Franklin tramped, hungry and foot-sore, through Philadelphia streets, with a loaf under one arm and a lot of brand new proverbs under his hat. One of Ben's maxims was, "a penny saved is a penny earned." You've heard that before, but no matter; if you will buy your groceries at V. Harris' you will realize the force of it.

CITY LEGISLATURE.

A Live Session and the Council Chamber Filled With Spectators.

The city council assembled in regular session Wednesday evening with Mayor Straight in the chair, and there were present Recorder Fouts, Chief of Police Burns, City Prosecutor Driggs and all the members of the council except Mel-drum. There was a certain portentous air around the council chamber that foretold an exciting session, and a conflict of discordant interests and opinions.
 A petition was read from H. Weinhard asking that Eighth street along his property be improved, which was referred to the committee on streets and public property.

D. W. Kinnaird tendered his resignation as city engineer, which was accepted, and H. H. Johnson elected to fill the vacancy.
 Bills were allowed aggregating \$745.29.
 Ordinances against throwing broken glass, nails and paper on streets or sidewalks; splitting wood on sidewalks, and feeding animals on improved streets, each were read a third time and passed as also were the ordinances providing for rebates on Fifth and Main street assessments.

On motion the committee on fire and water were ordered to purchase four new hydrants.
 C. H. Canfield was re-elected a member of the water commission for a term of three years.
 On motion the warrant for the collection of the delinquent Main street assessment was called in and a new warrant ordered issued and the property advertised to be sold.

The matter of the sixty per cent of the road taxes collected in the city, and now in the hands of the county treasurer, was brought up for discussion, as to whether the county court intended to turn this amount over to the city, or appropriate it on the county roads. Mention was made of the fact that the Singer hill road needed repairing badly, and that it was considered a county road and not a street although it connected two streets. On motion a committee of three was appointed by the mayor, consisting of Porter, Broughton and Stevens to consult with the county court as to what they intended to do in the premises.

A motion was made and seconded that the office of city prosecutor be declared vacant on account of the incompetency of the incumbent. The mayor did not think that the council had the right to declare an office vacant without giving the incumbent a trial. The city prosecutor arose and demanded a trial in due form, and that the recorder make note of that fact, which was so ordered. The motion was then so amended and carried that the city prosecutor be asked to resign. A motion was also made and carried that the city recorder be asked to resign.

A motion was then made by Porter and seconded by Moffitt, that the city prosecutor and city recorder be asked to tender their resignation at once. Cooke wanted the time extended until the next special meeting for these officials to hand in their resignation, but the original motion carried.
 As neither of the officials seemed inclined to hand in their resignations, a motion carried that the city prosecutor be removed from office.
 Finally a motion prevailed over a move to remove the recorder from office, to proceed to elect a recorder. T. F. Ryan, T. W. Fouts and J. M. Lawrence were placed in nomination, and six ballots with varying results, failed to give either candidate a majority. On motion the council adjourned.

Thursday morning Mayor Straight re-appointed E. F. Driggs to the position of city prosecutor, and says he (Driggs) shall hold the office as long as he remains mayor.
 Henry Meldrum and Fish Commissioner Reed started for the site of the proposed fish hatchery toward the source of the Clackamas Wednesday morning. Mr. Meldrum will superintend the packing of supplies over the trail to the scene of operations, and a force of men are already on hand to begin the work of whip sawing lumber for the building, etc. Two racks will be placed in position at once in order to catch the spring run of salmon. By next fall it is intended to have buildings completed, a road made into the new hatchery, and everything connected with the plant in complete working order. The expenses of the new hatchery will be borne by the Columbia river cannerymen who have provided a fund for this purpose.

Mr. D. Wiley, ex-postmaster, Black Creek, N. Y., was so badly afflicted with rheumatism that he was only able to hobble around with canes, and even then it caused him great pain. After using Chamberlain's Pain Balm he was so much improved that he threw away his canes. He says this liniment did him more good than all other medicines and treatment put together. For sale at 50 cents per bottle by Geo. A. Harding, Druggist.
 Dr. Witt's Colic and Cholera cure never disappoints, never fails to give immediate relief. It cures just as sure as you take it. C. G. Huntley, Druggist.

SHILOH'S CURE, the great Cough and Croup Cure, is in great demand. Pocket size contains twenty-five doses only 25c. Children love it. For sale by G. A. Harding.

A case was brought into Judge Dixon's court last Saturday, that it would have been better for all parties concerned, if the matter had never been made public. L. Shannon, a highly respected citizen of Canemah, and an employe of the Willamette Pulp & Paper Company, was arraigned on a charge of making indecent proposals to Miss Jessie Bowers, also of Canemah. The offense is alleged to have been committed last January. A number of reputable witnesses testified to the good character of the accused, and his friends declare that he is incapable of such actions. Shannon was bound over to appear before the grand jury in the sum of \$100. Messrs. Hedges and Griffith appeared for the defendant and L. L. Porter for the state.

Children's Day will be appropriately observed at the Presbyterian church next Sabbath. Special exercises by and for the children have been prepared for the Sabbath school hour, 10 to 11 a. m. The morning preaching services will be given over to the children also. The pastor will preach a sermon to the little ones. At 3 p. m. the exercises connected with the presentation of the diplomas to the Junior Endeavorers, who have finished their course of study will be held. Regular preaching service at 8 in the evening. The public is invited to all these services.

County Commissioner Frank Jaggard, while coming to town Tuesday afternoon in the woods near Beaver creek encountered a highwayman, who presented a revolver and demanded money. Mr. Jaggard jumped to the ground and whipped up his team. The robber fired one shot wild, and before he could make further demonstrations, "Uncle" Billy Vaughan, going to his home in Molalla, came into view and the highwayman fled. The would-be robber had a gunny-sack over his head for a mask, and there is no clue to his identity. Mr. Vaughan observed where the bullet struck the dust in the road.

A called meeting of the presbytery of the Cumberland Presbyterian church, held at Silverton May 24, officially dismissed from the church without recommendation Rev. E. T. Ingle, who is well known in this city. The charges against him were based on a transcript of a meeting of the Portland presbytery, accusing him of a domineering spirit, and indiscreet association with women. Rev. Ingle was at one time pastor of the Presbyterian church in Oregon City and afterward resided in East Portland for some time. He was in the Presbyterian church seven years before he joined the Cumberland Presbyterian church.

Rev. W. H. McLain, pastor of the United Brethren church in this city, left Monday for Lowell, Lane county, and from there goes to Monroe, where he will join his wife who has been with her invalid mother for some time past. On June 19th, he will attend the U. B. conference at Philomath, and does not know where he will be stationed, as the rule of the conference is not to permit a minister to remain longer than two years in one place. Rev. McLain has filled the duties of pastor very acceptably to his congregation, and has looked after two church organizations and four appointments during his two years passed as pastor of the church.

The basement of the Baptist church was pretty well filled last Thursday evening to witness the competitive drill of the boy's brigade, who have been under the careful training of Erastus Smith of Company F for several months. Sixteen boys entered the competitive drill and all displayed marked efficiency as they went through the prescribed manual of arms and various military evolutions. Sergeant W. H. Beach won the prize for the second time. The judges were Capt. F. S. Kelly, Lieutenants Pickens and Huntley of Company F, O. N. G. After the very interesting exercises refreshments were served, and the sum of \$12 was netted.

For a better or more pleasant remedy for the cure of consumption, bronchial troubles, cough, croup and whooping cough than Santa Abie, the California king of consumption. Every bottle warranted. If you would be cured of that disgusting disease, catarrh, use California Cat-R-Cure. \$1 a jar; by mail \$1.10. Santa Abie and Cat-R-Cure are sold and warranted by C. G. Huntley. Trial size 50 cents.

Children's Day services at the Congregational church next Sunday both morning and evening. In the morning joint services of church and Sunday school with presentation of award of merit for the year, and other special features. Music by a children's choir. In the evening a Sunday school Children's day concert will occupy the hour.

Travelers find a safe companion in De Witt's Colic and Cholera cure. A change in drinking water and in diet often causes severe and dangerous complaints. This medicine always cures them. C. G. Huntley, Druggist.

The Kermesse.
 The best ten-cent cigar on earth. Sold for five. E. E. Williams, the grocer.

To allay pains, subdue inflammation, heal foul sores and ulcers, the most prompt and satisfactory results are obtained by using that old reliable remedy, Dr. J. H. McLean's Volcanic Oil Liniment. For sale by C. G. Huntley, druggist.

Transportation Notes.

The steamer Toledo, commenced on Monday last to make regular daily round trips between Dayton and Portland. The Toledo leaves Dayton down the river for Portland and way points at 5 o'clock in the morning, and reaches Oregon City at 9 or 10 o'clock and Portland about 11. Returning the boat leaves Portland at 2:30, arriving back to Dayton on the same evening.

The steamer Altona in addition to making the fastest time of any boat on the Willamette, has demonstrated the fact that she burns less wood per mile than any other boat on the river. The Altona left Portland last Friday afternoon at 3 o'clock and made Albany that evening. Saturday morning she came back to Independence and made two round trips during the day to Salem, and left Independence at 12 o'clock, midnight for Portland arriving there in the morning. At 11 o'clock Sunday she left Portland on her return trip to Independence, making 426 miles covered in these trips, and during all this roasting under a heavy load of steam, only burned 12 cords of wood. The Altona is doing her share of business on the river, and she is the fastest and most pleasant passenger boat on the Willamette.

The Shaver brothers are well known to the traveling public as among the most obliging steamboat men on the lower Willamette and Columbia rivers. Their elegant steamer, Sarah Dixon now leaves Portland for Astoria and way points at 8:30 on Mondays, Wednesdays and Fridays and at 7:30 on Sunday mornings. She makes close connection at Astoria with all seaside points, and has the decided advantage of low rates of fare, and the meals served are of excellent quality and the rates are most reasonable. The Sarah Dixon has all the comforts of home and a well known resident of Oregon City says that he can sleep better, and ride easier, than on any other night boat. Those who have patronized this boat once, always ride again on the first opportunity. The Shaver boys know how to treat their patrons, and make everybody feel at home on their boats.

The O. R. & N. Company now run an observation car on their Portland and The Dalles local train. This train makes round trips daily, and the car is provided with comfortable revolving arm chairs, and the sides of the car are so constructed that they can be thrown open, thus affording an unobstructed view of the magnificent scenery along the road. The Dalles train leaves Portland at 8:10 in the morning, affording close connection with the Southern Pacific north bound overland, and giving Oregon City people an opportunity to take the Southern Pacific for Portland and go aboard the O. R. & N. train and take a run up to The Dalles, where they will have two hours before the train returns to Portland. Arriving at Portland on the return trip the train makes close connection with the Southern Pacific overland for Oregon City. At The Dalles one gets a view of the lower dalles in the Columbia, and the city has some scenic views and many points of historic interest. The trains stop at Multnomah falls, the waters of which have a clear fall of over 800 feet, and other points of interest along the route. There are numerous places along the line of the road in the great Cascade canyon where it would be pleasant to spend a few hours, especially where one can make the round trip in one day, without much loss of time. The scenery is grand along the road with falls at different points hundreds of feet in height, with the small silvery streams of water pouring over great precipices, the great Oenonta gorge, cragged rocks and rock columns that stand alone like great sentinels guarding the railway. Here is an opportunity to see the great Cascade locks and the most picturesque scenery in Oregon. The O. R. & N. Co. now gives special excursion rates to these points of interest, thus affording an excellent opportunity to go on excursions to these places.

Many suffer from irritation of the kidneys and bladder without knowing what is the matter with them. Dr. J. H. McLean's liver and kidney balm will give relief. For sale by C. G. Huntley, druggist.

A KNIFE
 in the hand of a surgeon gives you a feeling of horror and dread. There is no longer necessity for its use in many diseases formerly regarded as incurable without cutting.
The Triumph of Conservative Surgery

It is well illustrated by the fact that **RUPTURE** or **breach**, is now radically cured without the knife and without pain. Chafing trusses can be thrown away! They never cure but often induce inflammation, strangulation and death. **OVARIAN, Fibroid (Cancer) and TUMORS**, many others, are now removed without the peril of cutting operations. **PILE TUMORS**, however large, protruding, prolapsing and other diseases of the lower bowel, are permanently cured without pain or resort to the knife. **STONE** in the bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting. **STRICTURE** of Urinary Passage is also removed without cutting in hundreds of cases. For pamphlet, references and all particulars, send no cents (in stamps) to World's Dispensary Medical Association, No. 665 Main Street, Buffalo, N. Y.

MOTHERS
 and those soon to become mothers, should know that Dr. Pierce's Favorite Prescription robs childbirth of its tortures, terrors and dangers to both mother and child, by aiding nature in preparing the system for parturition. Thereby "labor" and the period of confinement are greatly shortened. It also promotes the secretion of an abundance of nourishment for the child.
 Mrs. DORA A. GUTHRIE, of Oakley, Oregon Co., Ore., writes: "When I began taking Dr. Pierce's Favorite Prescription, I was not able to stand on my feet without suffering almost death. Now I do all my housework, washing, cooking, sewing and everything for my family of eight. I am stouter now than I have been in six years. Your 'Favorite Prescription' is the best to take before confinement, or at least it proved so with me. I never suffered so little with any of my children as I did with my last."
