CUBA FILIBUSTERS

Denial of Reported Murders of Missionaries in China.

FLORIDA COAST TO BE GUARDED.

Incendiary Devils Barn Fifty Thousand Dollars Worth of Property for a Umatilla Rancher.

WASHINGTON, June 11.—The determination to send the United States steamship Raleigh to the Florida coast for the purpose of co-operating with revenue cutters to prevent filibustering expeditions starting from our shores, is one of the first acts of Mr. Olney in his new position. Secretary Herbert has deemed such a course advisable for some days past, and conferred with the president on the subject. He and Secretary Olney then had a further conference, and as a result the formal orders of the Raleigh were issued.

Written instructions carefully stating the line of policy which the administration desires to pursue in regard to the interference with filibusters will be sent to Captain Miller, commanding the Raleigh, and it is probable he will be called to Washington for a conference with Acting Secretary McAdoo before his vessel leaves New York. These instructions are not available, but it is known he will be directed to use the utmost care in preventing any vessel from leaving our coast destined for Cuba with the object of rendering aid to the revolutionists. The mere shipment of arms is not regarded as a violation of the neutrality laws, and before any vessel is overhauled by the Raleigh the officers must be thoroughly convinced the suspected craft is fitted out as a fighting machine to operate against Spain. It is the desire of the authorities that proper steps shall be displayed not only by the Raleigh, but by revenue cutters, to prevent illegal expeditions from leaving our shores, and treasury officials are seriously considering the advisability of further augmenting the force of revenue cutters in southern waters.

House and Wool Burned.
PENDLETON, Or., June 10.—A fire entailing the loss of \$50,000 occurred early this morning at Pilot Rock, eighteen miles from Pendleton on the big sheep ranch of Charles Cunningham, the most extensive wool grower in the Inland Empire. All the ranch buildings except one wool barn was destroyed. Mr. Cunningham also has another ranch several miles distant and here also at the same hour an enormous loss was occasioned. At the Pilot Rock ranch at 3 o'clock this morning, the proprietor being absent, the employees saw two masked men leave the vicinity of the ranch house; they went stealthily yet hurriedly down the canyon, mounted horses and road in the direction of the other ranch. Soon flames burst out in a dozen places. Hurrying to ascertain the cause, the occupants of the house, twenty or thirty sheep men, found several gallons of kerosene in the place distributed along the long line of buildings. The ranch people had scarcely time to escape with their lives from the large frame building which was a mass of roaring flames and together with the other extensive sheds and barns, were consumed inside of half an hour. On the other ranch on Butte creek, about twenty-five miles from Pendleton, a building worth \$6000 with the supplies of hay and grain contained therein, was all destroyed. In one shed were 1600 thoroughbred Morino bucks, the choicest from Cunningham's herds of 25,000 sheep. These were insured on a basis of \$20 valuation per head, making this loss \$32,000 and the total loss over \$50,000. The circumstances at the second fire also indicate incendiarism. The whole country is stirred up. Officers are searching for clues. Private parties are determined to run down the scoundrels. This is the fourth fire on Cunningham's ranches and there have been others at other places.

Still in the Dark.
SAN FRANCISCO, June 11.—The inquest over the death of Miss Nellie Harrington was concluded today. Four additional witnesses completed the alibi of Senator Buck, established at the inquest yesterday. I. W. Lees, chief of detectives, was the last witness. He said no stranger committed the crime. The murderer was thoroughly familiar with the premises. The crime was not for the purpose of robbery. The murder was most brutal. The wounds were inflicted by a pistol used as a club. The jury returned a verdict of murder by an unknown person.

Missionaries Safe.
LONDON, June 11.—According to a special dispatch from Shanghai, the loss of property as the result of the recent rioting at Cheng Tu, Katung and Ho Ching, amounts to several million dollars. The Chinese officials, it is added, headed by the viceroy of the province of Szechuen

openly encouraged the mobs to all sorts of outrages, and the petitions of foreigners for protection was refused.

NEW YORK, June 11.—The following cablegram of today's date, from Rev. J. R. Hikes, at Shanghai, has been received at the office of the Methodist Missionary Society in this city: "Property at Cheng Tu destroyed. Missionaries all safe."
"These advices," said Dr. Baldwin, recording secretary of the society, "are official and should set at rest the rumors of the massacre of missionaries. There was no massacre."

ROW AT A CONFERENCE.
It is Caused By an Objection to the Use of a Towel.

BOSTON, June 11.—Bishop Tanner presided at the last day's session of the A. M. E. conference, and all went well until the conference voted down Dr. Roberts' motion to endorse the bishop's action in the communion service in using a towel to wipe the communicants' mouth before sipping the wine. Dr. Roberts offered the motion. Bishop Tanner explained it and a brother delegate strongly opposed it, as it was only a half-way measure in promotion of sanitary principles. The bishop put the motion and declared it passed, although a storm of negative answers were heard. Immediately on his declaration of its passage, several delegates jumped to their feet and asked the bishop what he meant by his proceedings. Again the bishop put the question and lost by such an overwhelming vote that Bishop Tanner was constrained to break forth in an exclamation, and with a loud voice he said: "I never thought that the New England conference, situated in the home of progress, would turn to the wall any such measure for advancement."

Gold Exports.
WASHINGTON, June 11.—The treasury officials no longer deny that they have grave fears concerning the outlook for gold exports. The high point reached last week for sterling exchange would have led to the export of gold if it had not been for the Rothschild syndicate, which has turned into the treasury all but seven millions of the amount contracted to pay for bonds. The deficit continued to increase, while there is no prospect of farther increase in revenues. As there is to be no revenue from income tax, there will be nothing to increase the revenue after July 1, but to carry out the acts of congress disbursements must necessarily be increased. This will leave the treasury in no condition to prevent exports of gold.

Debs Did Not Show Up.
CHICAGO, June 11.—This was the day Debs and his brother officials of the American Railway Union were to have gone to jail in Woodstock. The entire body of officers appeared in United States Marshal Arnold's office to surrender themselves, but they were told to return in the afternoon, when they would be taken to Woodstock. When the appointed time rolled around all officials were present except Debs. He failed to appear and has not been seen since. The United States marshal is out scouring the city for Debs. The general opinion is that he is drunk.

Today's Cabinet Meeting.
WASHINGTON, June 11.—All members of the cabinet except Secretary Herbert and Postmaster-General Wilson were present at a meeting today. The president presented the new attorney-general Harmon, to the other members. The session was protracted, as the president desired to close up all business if possible, so that he might be able to go to Gray Gables.

Too Bad.
WASHINGTON, June 11.—Mrs. Key, granddaughter of Francis Scott Key, who wrote the "Star Spangled Banner," has for a number of years worked as a clerk in the pension office, and who supported a mother who was 80 years old and totally blind. Last Saturday she was discharged by Commissioner Lochren on the plea of economy.

Moved Up a Peg.
WASHINGTON, June 11.—K. M. Landis private secretary of Gresham, will return to Chicago and resume the practice of law. J. Walter Blandford was today appointed private secretary to Olney, to succeed Landis. He occupied the same position with Olney, while the latter was the head of the department of justice.
