Teacher Closes the Fifth Term of School in Our District—Interesting School Exercises—Notes of Interest.

Hood View, June 11.—Mrs. West, of Portland, is visiting Mrs. Woods. Misses Minnie and Vina Boyce were with us Sunday.

The road supervisor is repairing the bridges at the old Boyce mill. Mr. and Mrs. Jet George, of Oregon City, were visiting here the past week.

There will be a dance at Larson's hall Saturday night, given by W. W. Graham. All are invited and a good time is expected.

A great many are talking of going to the coast and mountains; among them are Mrs. Frank Seely and family, W. W. Graham, Miss Twink Graham and many others. Grandma and Grandpa Seely are again at home and quite well.

Mrs. Young and baby Dorris were in Newberg a few days this week.

Miss A. I. Hicinbotham and Miss Twink Graham expect to visit the teachers' association at Central Point this Saturday. They are numbered among our most energetic teachers of Clackamas county.

Mrs. Ella Yergen, nee Miss Ella Brown, has engaged the Hood View school for the fall and winter term.

The Pleasant Hill school closed Wednesday, the 10th, with a good program and excellent basket dinner. The program consisted of recitation, dialogues, quartettes, songs and instrumental music, and was as follows:

Talk by the teacher, Miss Belle Jones. Recitations—By Melville Templeman, Lillie McConnell, Lila Weston, Ira Ballard, Sydney Westfall.

Song—Lydia and Pearl Westfall. Recitations—Audrey Templeman, Mable Struchlen, Maggie Roberts.

Music—Barbara Kieger, accompaniment by the guitar.

Recitations—Rosa Willis, Susie Kieger, Elva Templeman.

Song—Jessie Ballard and Elva Templeman.

Instrumental music—Mrs. Barber.

Recitations—Wesley Struchlen, Maggie Struchlen, Jessie Ballard, Miss Orilla Stahlincker.

Quartette—By Miss O. Stahlincker, Mr. E. Jones and Mr. and Mrs. J. Barber.

Recitations—Miss Alice Todd, Miss Pearl Meakins.

Song—Mr. and Mrs. Barber.

Recitations—Miss Twink Graham, Miss Lily Young.

Music—Miss Stahlincker.

Talk by Mr. Barber.

Music—Miss Jones.

This closed the exercises, and all went home fully paid for their time spent.

Miss Lillie McConnell received a book of poems as a reward for promptness. Miss Lillie has been neither tardy or absent during the last eleven months. Mr. Melville Templeman also received a book of poems for promptness.

This is Miss Jones' fourth or fifth term in this school, which she again closes successfully.

LACEY NOTES.

Lacey Citizens Ask the U. S. Government for a Post Office.

LACEY, June 11.—We had a forest fire here that caused some loss. Mr. Goebel was burning off some debris on his ranch. The east wind came on during the night, but with all his exertions to stop the fire it was soon beyond his control and burned several thousand rails for Mrs. Caruthers. Her house and barn were in danger, but by the exertions of some of the neighbors during the night both were saved.

John Hoops, who has been at or near Baker City for some months prospecting for gold, has returned. I think he is willing to stay in Webfoot for a time.

H. C. Valentine had a breakdown in his mill a few days ago, but he has things in running order again.

Clarence Swick is preparing to start his brick yard. If it stops raining a few days he will begin making brick. He tells me he has orders for 100,000. His yard will be at Wm. Kandell's, Springfield.

H. E. Willis and Arthur Albright are also going into the brick business. Their yard will be on Wm. Cornett's farm.

Our saw mills, H. C. Valentine's at this place, and Palmateer, Livermore & Hoops near Springfield, are turning out lumber to their full capacity to supply the demand.

We need a post office at this place. We have petitioned twice to have one established here, but Uncle Sam thinks we don't need one. Some have to go eight miles for their mail, and the nearest is five miles. We have a population here of about eighty, and we think the department should give us an office.

Weather here wet and cold, but crops are looking fine and fruit will be plenty.

Everybody here, like Micawber, is "waiting for something to turn up."

AT LOGAN.

David Lubin, of Sacramento, Delivers an Address Before the Grange.

LOGAN, June 4.—Crops are looking well in this section of the country. So far the aphids have not made their appearance. The fruit crops also look well, and farmers have a prospect of something to eat any day.

David Lubin, of California, gave an interesting and able lecture at the grange hall on Monday, the 3d. There was a large attendance; all were deeply interested and felt satisfied with the way they spent the afternoon.

Loa Hampton, who has been attending school at Willsburg, is at his sister's, Mrs. Baker, for a few days.

We were informed a while ago that Birnam Hawley, one of Logan's energetic farmers, offered his place for rent, but owing to hard times he did not get a renter, so he is still with us.

Quite a number of Loganites attended the state grange at Oregon City.

Harding grange holds its next regular meeting on Saturday, June 8th.

CANBY NEWS.

Good Templars to Entertain—A. O. U. W. Elect Delegates—Large Strawberry Crop.

CANBY, June 11.—E. C. Maddock, our genial sheriff, came up on the evening train last Saturday. He attended the A. O. U. W. lodge, of which he is past master. The boys say they had a jolly good time and did not get home until 12 o'clock midnight. They say they worked most of the time under the rules and regulations of the new ritual. Mr. Maddock went home Sunday evening. We wonder whether his right arm does not pain him; he had it shaken so much.

Monday, Tuesday and Wednesday evenings of last week Prof. Griffith from Portland, lectured on phrenology in Evans's hall to crowded audiences. The professor is a good speaker and his lectures were well received.

An entertainment and ice cream social will be given by the Good Templars in Wright's hall Friday evening, June 14. General admission 5 cents; reserved seats 10 cents; ice cream and cake 10 cents. Everybody invited.

Adam and Geo. W. Knight and Mr. and Mrs. Weidon Shank attended the grand lodge of the I. O. G. T. last week at Forest Grove.

G. W. Knight, Sam Cox, Willard and Arthur Knight and Lee Rogers went to Salem last Sunday to see the bicycle races.

Misses Bertha and Ella Knight and Alice Birchett were in Portland last Wednesday.

Willard Lee is going to Salem to take charge of a bicycle establishment.

A. G. Ansell, from Spokane, Washington, a representative of the Daily Times of that place, visited his sister, Mrs. Cloninger, one day last week. Mr. Ansell had not seen his sister for seventeen years.

Wm. Knight was elected delegate to the grand lodge of the A. O. U. W. which meets in Portland in July.

Lots of strawberries on the prairie; people are coming for them from every direction.

Fehlerville News.

FEHLVILLE, June 10.—The weather continues nice and warm now.

Clarence Porter is blacksmithing now at Oregon City. We wish him success. He still lives on his farm. Clarence makes more noise on the anvil than all the balance of the blacksmiths together. Ask him the reason why, and he will say, "a new baby girl at my house." It was born on the 6th, mother and child doing well.

J. G. Fehler was attending circuit court last week.

Herman Bruns is still breaking ground and planting spuds.

The slashing bee on our new road was a grand success. Thirty-five choppers were present—the west side winning the pie and cake. The east side chopped a trifle farther, but the west side piled the brush to the side of the road. The east left it lying as it fell. Boys, don't forget to dance Saturday night.

Frank Miller is working in a shingle mill near Hubbard.

In going to Oregon City the other day Lillie Fehler had the misfortune to fall out of the cart into the mud. But as she had a soft landing she did not get hurt, only thinking a cyclone had struck her.

Mr. Howard took a load of chitem bark to Portland Saturday.

One of our bachelors seems to be getting tired of bacheling, as he goes out walking Sundays—for his health.

Chas. and Conrad Priester are breaking ground to plant spuds in.

S. D. Barney is clearing and improving his place.

S. D. Bennell lost a valuable cow the other day.

Marysville News.

MARYSVILLE DISTRICT, June 11.—The fine weather continues, and some of our farmers are already haying.

Miss Calla Myers was visiting her friend Miss F. M. Manning one day this week. Everybody looks happy wherever Calla's genial face appears.

We are sorry to learn that Mr. Reese's boy Stanley is worse again. His parents have taken him back to the Portland hospital.

Mrs. T. L. Lager made a flying trip home one day last week, but returned immediately to Portland to nurse some sick friends.

J. J. Gard is on the United States grand jury at Portland.

Mr. and Mrs. Kellogg, of Mulino, and Mr. and Mrs. George Lee were visiting at Mr. Manning's on Sunday.

Mrs. Manning's flowers, with fifty varieties of roses in bloom, and other flowers in proportion, are a pleasing sight to behold.

Mr. Malley, our new storekeeper at Clarkes, says he is doing well. His wife and brand new daughter since his arrival here, are also getting along finely.

Rumor says we are to have a grand wedding and reception in the near future, with only "the best" people present.

Robert Gard, on the sick list for the last week, is improving.

Stafford Notes.

STAFFORD, June 10.—The weather is very warm, with the thermometer recording from 55 deg. at night to 84 deg. in the shade during the day; and according to predictions of several of the local weather prophets we can expect several more days of just such weather notwithstanding that heavy black clouds hover almost continually around the horizon.

Cherry season is now at hand; the crop in general is light, but some trees are very heavily loaded.

Roads are once more dry and reasonably smooth.

Most everybody is planting potatoes at present, and if there is anything of a yield the coming crop will eclipse any grown here before.

John De Neul has purchased a new outfit for harvesting and putting up hay.

The Italians have finished their job of clearing ten acres of land for Mr. Niebauer and taken a small contract of Messrs. Weid and Reutter. On the Niebauer contract they made 18½ cents a day, out of which they had to board and clothe themselves.

Simon Peters had a barn raising Saturday forenoon, at which over three score of men were present. The building is 42x60 with 16 feet sheds on three sides.

SPRINGWATER SPRAY.

Children's Day Exercise Well Given—No Celebration on the Fourth of July.

SPRINGWATER, June 11.—The Presbyterian church of this place observed Children's Day Sunday. The church was crowded to its utmost capacity, many visitors being present from distant points. The members and friends of the church exhibited their taste in the neat and profuse decorations with which it was adorned. The occasion was one in which loyalty to country as well as to church was emphasized, therefore the stars and stripes had a prominent place, by which true patriotism and religion were so blended as to make them inseparable. The full program as published by the board of the church was carried out besides several recitations by the children. Rev. Kirkhofe then addressed the audience and children in a very interesting and able manner. The music under the able leadership of Mrs. R. Hargreaves was especially good, giving evidence of splendid local talent. If the interest manifested by the children in the exercises of the day are taken as an augury of the future we have reason to believe that Springwater will furnish its quota of young Americans which the community will be proud to recognize.

Rev. J. C. and Eunice Sylvanus were given a surprise party by a host of friends on the 4th inst. The evening was enjoyed by all present.

Springwater will not celebrate the Fourth this year.

Capt. P. Shannon is making some good improvements on his barn.

A. M. Shibley spent last week in Oregon City clearing up the Durand sharks.

G. W. Bowdish and family start soon to the southern part of the state to spend a few weeks with relatives.

Work will soon begin on the paragonage that is to be built in this place.

BARLOW NEWS.

The Fourth Will be Celebrated by Aurora, Canby and Barlow.

BARLOW, June 12.—The creamery is again turning out first-class butter at the rate of one pound to 19½ pounds of milk.

Ziegler's Park was dedicated last Saturday, and was the scene of a large gathering. The picnic was given under the auspices of the grange of this place, and a general expression was heard of all having enjoyed the day. Music was furnished by the Aurora band, and songs by the choir. W. S. Tull, in a very clever way, introduced the two speakers of the day, Hon. Geo. O. Rinearson and State Lecturer Miller. In the evening dancing was indulged in on the open platform, and was kept up until the magical hour. The music was furnished by the popular Keil's orchestra. The scenic effect was beautiful, and the Ziegler Bros. are deserving of great credit for having beautified the grounds and arranging everything in such comfortable manner.

"Will celebrate."—Our citizens have been busily engaged for the past few weeks in arranging for a joint Fourth of July celebration by Aurora, Canby and Barlow, to be held at Ziegler Park. At our last meeting, Wednesday night, the financial committee reported the necessary money raised by our patriotic citizens, and it was unanimously decided to celebrate the grand old day. The different committees were then appointed for their respective work, and every one is actively engaged to make it a day long to be remembered.

HAZELIA NOTES.

Good Road Work Being Done—Berry Growers Get Small Returns.

HAZELIA, June 10.—The recent rains did the hay and grain crops much good, but injured the strawberry crop; yet there is enough left. At the present price of berries the producer is "left" if he has to employ help to pick. Some of the largest producers are taking their berries to Portland and so far are realizing better returns, as the "association" governs the price there somewhat. Cherries are ripening and are a very light crop, owing to late rains and frost.

Road Supervisor Prosser has been and is doing some much needed work on the Hazelia and Oregon City road. Heretofore it has been almost impossible for the people of Hazelia to get to the county seat without going by the way of Oswego which made it three or four miles farther.

Miss Ollie Gage, who has been teaching a private school in our district, thought it best to discontinue the same, as a majority of the pupils had to be out so much of the time picking berries.

The Perry Bros. of Portland have just bought a small tract of land of Mrs. Lacey and are going to improve it immediately. They are energetic young men and will be welcome neighbors.

B. Douglas and his sister Mattie, who have been visiting their aunt, Mrs. L. D. Eaton, left for Eastern Oregon last week.

Mr. Alstrom, of Ashland, who at one time resided here, paid his old friends a visit recently. He has a plan formed to colonize one hundred and fifty or more families, which, if it materializes, will be good. All are invited to join regardless of creed or nationality, but must be American citizens.

Mr. Alstrom is a Swede by birth, but is very conversant with the laws and history of his adopted country.

Lewis Lacey, accompanied by a friend, made his brother George a call Sunday. They thought themselves repaid for their walk from Oregon City in the treat they had of strawberries and genuine cream.

Mrs. Walter Ford, after an illness of four weeks, is convalescent.

MARQUAM NEWS.

A Boy Accidentally Shot—He is Crippled for Life.

MARQUAM, June 10.—Frank Johnson, a 17-year old son of C. Johnson of this place, met with a very painful accident last Thursday while out hunting near the house with a shot gun. He accidentally fell, at the same time discharging the gun, the contents penetrating his left hand and almost severing it from his wrist. Surgical aid was immediately summoned and it was found necessary to amputate the two center fingers. Frank is now doing as well as could

Marvelous Results.

From a letter written by Rev. J. Gunderson, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitancy in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with Pneumonia, succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seems as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Charman & Co's., Charman Bros. Block.
