It is very probable that the next annual meeting of the Oregon Press Association will be held in Oregon City. A preference was expressed for this place at the recent session held at Newport and the matter now rests with the executive committee. The road bed and bridge structures on the Oregon Central & Eastern from Albany to Yaquina are in excellent condition, and Manager Edwin Stone and Superintendent Clark did everything possible to make the trip pleasant for the visitors. The clambake was an immense success, about 2000 people partaking of the feast.

A horse kicked H. S. Shafer, of the Freemyer House, Middleburg, N. Y., on the knee, which laid him up in bed and caused the knee joint to become stiff. A friend recommended him to use Chamberlain's Pain Balm, which he did, and in two days was able to be around. Mr. Shafer has recommended it to many others and says it is excellent for any kind of a bruise or sprain. This same Remedy is also famous for its cures of rheumatism. For sale by G. A. Harding, Druggist.

Something went wrong with the train mail service last Friday and the Express bundles for Canby and New Era took an excursion to some unknown place, arriving back to their destinations several days late. The mail service from this city is very good, but like all other things in this world, has a miss once in a while. The fewer of these mishaps the better, as it is rather exasperating for people living in the country to make two or three trips to get their county paper.

He was accompanied by Jacob and William Rauch, father and brother of the deceased lady. Mrs. Remington was a pioneer of Clackamas county, having come here in 1833. Ben Franklin tramped, hungry and foot-sore, through Philadelphia streets, with a loaf under one arm and a lot of brand new proverbs under his hat. A KNIFE
 in the hand of a surgeon gives you a feeling of honor and dread. There is no longer necessity for its use in many diseases formerly regarded as incurable without cutting.

The Triumph of Conservative Surgery

is well illustrated by the fact that **RUPTURE** of the testis is now radically cured without the knife and without pain. Clammy chafing trusses can be thrown away! They never cure but often induce inflammation, strangulation and death. **TUMORS**, Ovarian, Fibroid (Uterine) and many others, are now removed without the peril of cutting operations. **PILE TUMORS** however large, Piles of the lower bowel, are permanently cured without pain or resort to the knife. **STONE** in the bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting. **STRICTURE** of Urinary Passage is also removed without cutting in hundreds of cases. For pamphlet, references and all particulars, send no cents (in stamps) to World's Dispensary Medical Association, No. 663 Main Street, Buffalo, N. Y.

MOTHERS
 and those soon to become mothers, should know that Dr. Pierce's Favorite Prescription robs childbirth of its terrors, terrors and dangers to both mother and child, by aiding nature in preparing the system for parturition. Thereby "labor" and the period of confinement are greatly shortened. It also promotes the secretion of an abundance of nourishment for the child.

Mrs. DORA A. GUTHRIE, of Oakley, Oregon Co., Tenn., writes: "When I began taking Dr. Pierce's Favorite Prescription, I was not able to stand on my feet without suffering almost death. Now I do all my housework, washing, cooking, sewing and everything for my family of eight. I am stronger now than I have been in six years. Your Favorite Prescription is the best to take before confinement, or at least it proved so with me. I never suffered so little with any of my children as I did with my last."
