Last Friday evening M. Clinger, who resides on the heights in West Oregon City, went to Portland expecting to return on a late electric car. He returned at a late hour, but his house and home had gone up in the flames, and his family had taken refuge at a neighbor's. The fire resulted from the explosion of a lamp, which had been left burning in the lower front room awaiting the return of Mr. Clinger, while Mrs. Clinger and the children retired to their rooms up stairs. About 11 o'clock the lamp exploded, and the dwelling was soon in flames. Mrs. Clinger was rescued from an upper window by means of a ladder, and the contents with the building were all destroyed. The dwelling was valued at about \$900, and the loss is partially covered by a policy in the State Insurance Company.

A very pleasing entertainment and pink tea was given at the M. E. church Tuesday evening. Misses May Case and Edna Taber favored the audience with a duet. Mrs. Morrison gave a select reading: "Angel's Footsteps" was sung by four little girls. Messrs. Morrison and Askin favored those present with solos, and Miss May Phillips sang a solo with guitar accompaniment. Miss Goldke, of Portland, gave a recitation, and responded to an encore. The ice cream and cake was appreciated as none of it was left over, and the affair was pronounced a success.

Night Policeman Ed Shaw made a search through the box cars of a Southern Pacific freight train last Friday morning for a man from Salem. After routing out seven tramps, he discovered two Indian boys who had escaped from the Chemawa Indian school, and took them into custody. The authorities were notified and they were returned to the school on the same day. They were Henry Bertrand, of Portland, aged 17, and Adam Merphi, of Cascade Locks, aged 15. They had walked to Brook's station three miles from the school, where they had boarded the freight train.

Sidney Smyth has been awarded the contract for constructing a new fishway in the Cross dam across the Clackamas. The contract price is \$1,515, and the expense of building the dam is borne by the Columbia river cannerymen. Mr. Smyth began operations with a force of men Wednesday morning, and expects to have it completed by August 29th. A crib 120 feet long and six feet wide will be built from the top of the dam to the bottom of the river, and will be filled with rock. It is believed that this will make a practical and substantial fishway.

For the many accidents that occur about the farm or household, such as burns, scalds, bruises, cuts, ragged wounds, bites of animals, mosquitos or other insects, galls or chafed spots, frost bites, aches or pains on any part of the body, or the ailments resulting from exposure, as neuralgia, rheumatism, etc. Dr. J. H. McLean's Volcanic Oil Liniment has proved itself a sovereign remedy. 25c, 60c and \$1 per bottle. For sale by C. G. Huntley, druggist.

Close confinement in the county jail is affecting the health of Will Moore, the club suit man, and a physician has advised the sheriff to take him out in the open air occasionally for a walk down the street. It is not likely anyone will go on his bond to release him from confinement, since the time he skipped out and left Henry Meldrum to hold the sack on the bond proposition.

When the stomach lacks vigor and the digestion is weak there will be flatulence, heartburn, nausea, weakness. The remedy needed is Dr. J. H. McLean's Liver and Kidney Balm. Its genial and invigorating effect on the liver and kidneys is remarkable. Price \$1 per bottle. For sale by C. G. Huntley, druggist.

F. D. Bruce, the erstwhile Oregon City attorney, whose memory still lingers in the minds of a number of Oregon City people, has been heard from in an Idaho town. The city marshal of the place where he is located, wrote to this city asking if he was wanted here. The rumor circulated that he had deserted his wife, was apparently without foundation.

Henry S. Coe, of Hood river, writes the Oregonian, telling of an ascent of Mount Adams, made August 6, 1867, and states how they made six miles on a toboggan slide in 20 minutes coming down the mountain. W. C. Johnson and two sisters, Mrs. Winston and Miss Julia Johnson of Oregon City were members of the party.

C. H. Dye has purchased the office building adjoining the Oregon City bank, formerly occupied by the L. L. Porter as a law office. He is having it repainted and furnished with new carpets on the floor, and it begins to present an elegant appearance. Mr. Dye will occupy the new quarters as a law office.

Bids were opened in Morrison & Vore's office Saturday evening for the construction of Jo Fromong's contemplated residence at Gladstone park. The contract was awarded to H. Hargreaves, for \$294, that being the lowest bid. There were a number of bids in varying from \$294 to \$520.

County Judge Hayes has appointed Christina Bluhm executrix of the estate of Michael Bluhm, deceased. The estate is appraised in the inventory at \$4,430.

There were rumors of war among the inhabitants of the Indian camp on the hill the other evening, which resulted in Harry Clark being taken into custody by Chief of Police Burns, for mistreating his wife while in a fit of jealousy. On the same evening Adirondicus was arrested by Policeman Shaw for assaulting Henry Otis, a big Moialla Indian, who was visiting the Clark tepee. The latter was struck with a wooden box in the hands of Adirondicus, and for awhile it was thought that the effects of the blow would send him to the happy hunting grounds. Both were arraigned before Recorder Fouts Tuesday and were fined \$15 each, in default of which they are boarding at the county jail. It is hinted that some "white trash" were instrumental to some extent in precipitating hostilities.

Kenneth Bazemore had the good fortune to receive a small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when three members of his family were sick with dysentery. This one small bottle cured them all and he had some left which he gave to Geo. W. Baker, a prominent merchant of the place, Lewiston, N. C., and it cured him of the same complaint. When troubled with dysentery, diarrhoea, colic or cholera morbus, give this remedy a trial and you will be more than pleased with the result. The praise that naturally follows its introduction and use has made it very popular. 25 and 50 cent bottles for sale by G. A. Harding, druggist.

The families of George A. Harding and Fred R. Charman went to Camp Alderlea on Clear creek last Thursday to take their annual outing. For several years they have camped at this delightful retreat during the hot July and August days, and are making it a permanent summer residence. Messrs Harding and Charman spend a part of the time there with their families, whenever they can get away from the cares of business.

Mrs. Mollie Brown was completely exonerated from the charge of larceny of a dress from Mrs. John Shadle, in Justice Dixon's court last Monday. Joseph Rice represented the state, and George C. Brownell appeared for the state. It was conclusively shown to the jury by the statement of witnesses that the defendant was innocent of the charge, and a verdict was brought in of not guilty.

John Fober, superintendent of the Oregon City street cleaning department, is the possessor of a litter of Shepherd pups, and one of the number is a curiosity. On each foot in front, are the usual well developed five toes, while on the rear of each foot are six plainly developed toes, making 11 toes spreading out from each foot.

The young people of the Presbyterian church gave a most delightful lawn social at the residence of Fred Meyer on Seventh and Jackson streets, last Friday evening. The grounds were lit up with Chinese lanterns, and the large number of young people present enjoyed the occasion immensely. Ice cream and cake were served.

The bids for building the stone foundation of Union block, were opened in the office of Morrison & Vore, architects, last Saturday, and the contract was awarded to Edward Killfeather, of Portland. Bids for erecting the Main building, 62x80 feet, and two stories above the basement will be let on August 6th.

Disorders in the liver and kidneys are responsible for many of the ailments of humanity, which, when neglected, develop into serious and often fatal maladies. Prudence would suggest the prompt use of Dr. J. H. McLean's Liver and Kidney Balm to remove the disorder as soon as possible, and restore the diseased organs to healthy and vigorous action. Price \$1 per bottle. For sale by C. G. Huntley, druggist.

## Bradley-Huelat Nuptials.

Ex-County Commissioner Richard Bradley and Mrs. Mary A. Huelat, the widow of the late Judge Septimus Huelat, were quietly married in County Judge Hayes office at the court house Thursday morning, August 1st, in the presence of a few invited guests. C. W. Noblitt was best man and Miss Minnie Dauchy was bridesmaid. Judge Hayes pronounced the ceremony in a very impressive way, and amidst the congratulations of numerous friends, the happy couple boarded the S. P. Roseburg local, bound for Newport, where they will remain a couple of months. Upon their return they will take up their permanent residence in Oregon City.

A jury trial was held in Justice Dixon's county court Tuesday afternoon, which attracted considerable attention. H. H. Johnson had done some surveying for August C. Kaune, who resides one mile east of Milwaukie, but the latter did not want to pay for the services rendered, which amounted to \$40. Johnson brought suit to recover the amount, with L. L. Porter as his attorney, and Kaune was represented by attorney Welch, of Portland. It was a jury trial and the points in the case were hotly contested by the attorneys. The jury brought in a verdict for the defendant, H. H. Johnson. The attorney for the plaintiff threatened to appeal the decision to the circuit court.

## Have You Seen The Ocean?

It is a surprise to the Eastern people on their arrival in the Willamette valley to find so many of the people who have lived for years in the state without taking a trip to the coast and seeing the beauties and wonders of the grand old ocean as it breaks on the sands of the beach with all its hidden powers. The cost and inconveniences of the trip has heretofore detained many from enjoying the pleasure of an outing to the coast. But this is no longer a barrier, for the steamboat service is now so perfect and cheap on the Columbia river that the busiest as well as the poorest person can enjoy a day at the beach. By taking the elegant steamers of the White Collar Line, from Alder street dock Portland, direct communication can be made with all the resorts to the north and south of the mouth of the Columbia without the delays and high charges of former years. The steamers of this line, the Ocean Wave, Telephone and Bailey Gatzert are the greyhounds of the Columbia and for speed, comfort and elegance of appointments are not equalled by any steamers on the river. By taking one of these boats a person can spend a day at the coast and loose no extra time for one can go down and back during the night, having as comfortable bed as at home. A day at the coast will give you renewed health and courage and your work will go lighter. See the time card of the White Collar Line in another column.

**Strayed.**

—is the condition of our system if the liver becomes inactive so that the acids and poisons can accumulate within the body. Keep the liver and bowels active and we're in a condition of healthy prosperity and have sufficiently well-drawn upon the hour of need. The liver filters out the poisonous germs which enter the system. Just so the liver regulates the system, so do Dr. Pierce's Pleasant Pellets regulate the liver. Keep this in mind, and you solve the problem of good health and good living. The "Pleasant Pellets" have a tonic, strengthening effect upon the lining membranes of the stomach and bowels, which effectually cures Biliousness, Sick Headache, Costiveness, or Constipation, Indigestion, Loss of Appetite, Bad Taste in Mouth, Sour Risings from Stomach, and will often cure Dyspepsia. The "Pellets" are tiny, because the vegetable extracts are refined and concentrated. Easy in action, no gripping as with old-fashioned pills. As a "dinner pill," to promote digestion, take one each day after dinner. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets."

Mrs. MELISSA ATWATER, of Steuben, Washington Co., Me., writes: "As regards the little 'Pellets,' I think I could not do without them. I do not like to be without them in the house. I have spoken very highly to friends and neighbors of them, and many are taking them through my advertising sheets. I will say they are the best pill I can take, especially for an after-dinner pill, I think they have no equal."
