Hop Crop Good With No Lice as Yet—Prune Crop to be Up to an Average—Street Improvements.

CANBY, Aug. 7.—The bridge across Milk creek near Wheeler's mill was completed last week. It is a good job, and cost less than one hundred and fifty dollars. Mr. Hayden, of Springwater, was the builder. Mr. Cox has overhauled and repaired his threshing machine, and will commence to thresh on the prairie the latter part of this week.

Hops will be ready to pick in about three or four weeks. Lice have not as yet made their appearance on the prairie, and a good crop is expected. The prairie crop will not be quite as large as at first anticipated, as many dropped off; still there will be a good crop.

The council met in regular session Monday evening. Among other things discussed was the filling up of mud holes in town. There was a good deal of talk pro and con on the subject. A majority of the council seem to be in favor of the improvement. We hope they will take some steps before the rainy season sets in and have several bad mud puddles in town filled up.

The Canby base ball club and the Needy club played a game at Needy last Sunday. The score stood nine to thirty-one in favor of the Canby boys.

L. A. Shipley and party report a good time on their trip to Mount Hood. The smoke was so dense that they could not get a good view of the surrounding country.

Born, to the wife of J. R. Hayes, on Sunday, July 28, a son. Mother and child doing fine.

Mr. and Mrs. Anderson were made happy by the arrival of a son on the 31st ult.

Sandy Sayings.

SANDY, Aug. 5.—Harvesting is in full blast, threshing is everywhere going on, and the yield is best for years.

Improvements of all kinds are going on regardless of hard times.

Mr. Sogg has built himself a fine small house.

Mr. Strasser is laying the foundation for a big barn.

S. Thompson, who has rented the Forrester saw mill has also started a blacksmith shop near the mill.

The warm and smoky weather brings hundreds of pleasure and health seekers out from the cities, and you can find tents pitched almost everywhere on cool places near creeks between here and Mount Hood. A good many are camping here in Maining park and other places near our town. Sandy is splendid spot for a summer outing, affording good fishing, hunting, berry picking, etc. Every accommodation is furnished at

the Sandy hotel, and persons wanting to recruit their health should come and visit Sandy for a few weeks.

Every Sunday one can see a dozen bicycles from the city, the riders out for a pleasure trip. Among them generally are some bloomers who leave yarns behind for the Hayseeds to spin.

A Mr. Setterburg, a new comer, has settled here to stay. He is greatly pleased with this country.

REDLAND RIPPLES.

Dwelling House Burned—New Church Being Built—Y. P. S. C. E. Entertainment.

(Too late for last week.)

REDLAND, July 30.—James Fullam has purchased one of the latest improved binders, and is ready to do cutting for his neighbors.

Messrs. Telesky and Kohn had quite a blaze at their place Sunday morning, July 21, which burned their dwelling houses to the ground. The fire started in Mr. Kohn's house by some means while he had gone to the barn to do chores. He got to the house in time to awaken his wife and children, but not in time to save any household goods. Mr. Telesky's house could have been saved if the fire had not got around the well, preventing them drawing water. Mr. Telesky saved nearly all his household goods. The losses are about \$600—insurance \$300.

We understand that the Viola post office has been annulled, but the people are circulating a petition to have it re-established, as it is a great inconvenience to go to a distant office for their mail.

Mr. Hicinbotham has been hauling hay to Oregon City during the past week.

J. S. Williams has built a new fence around his front lot considerably improving the looks of the place.

A number of the neighbors have been to the berry patch gathering blackberries.

Miss Millie Kruse, of Oregon City, was in the neighborhood visiting friends last week.

A new Methodist church is being erected at Redland. The people hope to have it ready for worship this fall.

The Christian Endeavorers gave an entertainment at the Bethel church, Redland, in order to raise money to pay incidental expenses. They were greatly assisted with their program by Miss Jones, of Portland, accompanied by her friend, Miss Day. Miss Jones' playing was highly appreciated by the audience, she receiving an encore each time she played. Some excellent songs and recitations were given by the local talent.

ICELIA.

REDLANDS, Aug. 5.—Harvesting in our vicinity is in full swing.

James Fullam came near having his new binder badly damaged by his team running away. The team ran but a short distance when they were stopped, having done but little damage.

The insurance men made a call on Messrs. Telesky and Kohn, paying them \$340 insurance.

There will be union services of the Redlands, Bethel and Viola Sunday schools on Sunday, August 18, held at the platform on the other side of the Little Clear creek bridge near Viola. Services will begin at 1 P. M. Every one is cordially invited to attend. Those desiring to come early can bring their dinners, as we understand a number intend to do.

Mrs. Hicinbotham, with her daughter and youngest son, was visiting friends and relatives at Molalla last week.

Saturday last Mr. Hicinbotham received word that his niece, Mrs. George H. Watts, (formerly Miss Anna Mattoon,) died at the residence of her parents in North Yakima, July 23d. Mrs. Watts was a teacher in high standing in Yakima county for many years. Two years ago she was married to Prof. George H. Watts, principal of North Yakima schools. Mrs. Watts was born in Clackamas county. Among her relatives here are Mattoons, Walkers, Duboses, and others.

Sherwood Wedding.

SHERWOOD, August 4.—At the home of the bride's parents, Mr. and Mrs. W. R. Calkins, of Pleasant Hill, near Sherwood, Thursday, August 1st, Miss Mary Calkins and Mr. Orin McConnell were united in marriage by Justice Nelson McConnell. Miss Calkins is one of Pleasant Hill's choicest girls, while Mr. McConnell is in every respect a most estimable young man, a son of one of Oregon's oldest pioneers. In the evening after the ceremony, the wedding party with a large number of friends of the bride and groom, repaired to W. R. Calkins' hall where a dance was given in honor of the newly wedded pair. All present seemed to enjoy themselves, heartily tripping to the strains of merry music furnished by Young and Her until the "wee sma' hours," after which all went to their respective homes with fond wishes in their hearts for the welfare of the happy young couple in their journey through life's field of action. Mr. and Mrs. McConnell will immediately go to keeping house in a home already prepared for them by Mr. McConnell.

CLARKES ITEMS.

CLARKES, Aug. 2.—Crops look well, especially the wheat. There are some fine hops, of which Mr. George Lee's is the finest in the county.

Born, to the wife of Henry Steinbock, a boy. All doing well.

I. L. Clarke's hop dryer, of which he may well be proud, is completed. George Lee's and Peter Elmer's dryers are in process of construction.

Andrew Stout recently sold his entire farm. We hope the new owner will prove to be an equally just and honest man.

A new house and a new barn have been erected lately on the farm of Peter Elmer,

senior. This section of country is not quite indifferent to progress.

The German members of the M. E. church have organized a Young People's Christian Endeavor society, which is to meet every Sunday evening in the M. E. church. It is to be regretted that the young English speaking folks are so inactive that they do not organize similar societies. They have the talent. I believe there could be a Chautauqua reading circle organized here.

Harvesting will soon be over and then threshing will begin. Neighbor's, don't be surprised when you will hear J. and A. D. E. Elmer's engine whistle, for it will only be to let you know that they are ready for your jobs, to separate the chaff from the straw and the kernels from the chaff, which they will do as well as any having a machine and also as cheap.

Miss Emma Truskey, of San Jose, California, is visiting for a few weeks Mrs. Alvina J. A. Elmer.

The board of directors of school district No. 32 have hired a Mr. Miller for their next term.

Willamette Falls Notes.

WILLAMETTE FALLS, AUG. 7.—Last Thursday evening a farewell reception was tendered Mrs. F. H. Morrison, the efficient superintendent of the Union Sunday school of this place. The good woman was very much surprised when a large number of her friends entered her home laden with cake, ice cream, etc. An excellent literary program was well rendered, after which the evening was spent in music, games, etc. Mrs. Morrison leaves Friday for her home in Dallas, Oregon, where she has been engaged as a teacher in the public school.

H. H. Blankinship is having a neat cottage built on his farm a half mile from Willamette Falls, which he will occupy when completed.

Mrs. Batdorf and family, accompanied by Misses Maude and Daisy Lovell and Maggie Wickham, are camping at the coast.

Several children in and around this vicinity are sick with tonsillitis. The little son of A. W. Schwan is the latest victim.

Owing to the resignation of Mrs. Morrison as superintendent of the Sunday school, G. C. Kinney was elected to fill the vacancy with Mr. Purcell as assistant, Miss Daisy Lovell chorister, and Mrs. G. C. Kinney organist.

Rain would be a welcome visitor in this locality, as the smoke from the forest fires obscures the sun.

Wood cutters are busy on Polifka's hill there being at present about twenty at work. Some sort of a bug has attacked Phil Baker's potatoes eating holes through the leaves and causing them to dry away. Phil calls them fleas, and says they are about twice the size of a dog flea and jump a distance of three feet. He is using slacked lime to destroy them, but does not succeed in completely annihilating them, as potato raisers are in hopes he may. We Uss.

Mink Items.

MINK, Aug. 7.—We are in the midst of harvest and everybody is busy cutting and stacking their grain.

Two young men came down from the state of Washington last week horseback, a distance of 400 miles, looking for employment and received it directly at Martin's mill. They say Oregon is the best state.

Farmers in this part of the country are apparently very progressive, as Michael Moelke has purchased a new self-binder, and our worthy justice has bought a new wagon.

Miss Matilda Wise and her niece, of Portland, are visiting friends and relatives in this vicinity.

Mrs. Mary Humbel, of Portland, was here visiting friends one day this week. Born, to the wife of Emil Hornschuch, a girl. All doing well.

TELEPHONE.

Crescent Notes.

CRESCENT, Aug. 6.—Everything is very dry and the wood haulers are rapidly hauling their wood out of the timber on the open ground so that it will be safe in case of fire.

Mr. Barreth was on the war path again last Friday.
