A VEHICLE TAX.

The proposition to place a specific tax upon all vehicles, including bicycles, the proceeds to go to the road fund, is being discussed in many sections of this country. Several European countries have a direct tax on vehicles, and in France over \$400,-00) was received during the past year from \$2 for each wheel. The number of bicycles, buggles, wagons, etc., is so large in the United States that even a small tax would yield a sum large enough to greatly help the work of improving the highways.

As a matter of justice a vehicle tax is one of the fairest of methods for raising funds to keep the roads in repair. It is right the down the hill near her home the breachproperty owners should stand the expense of building the roads, but it is not just that horse to run, and before it ran far one of the roads should be kept in repair by a the wheels broke, throwing her and her property tax. It is well known that a large number of vehicle owners never pay a cent of tax, their exemptions releiving them of this duty, yet they are among the principal users of the highways, and in many instances, like wood haulers, wear out the Portland during the past week. roads far more than any reasonable tax would repair. As to a vehicle tax being a Mrs. F. Wilson last week, burden upon our wood haulers or any other class of teamsters, be they ever so poor can not be so, for if the roads were kept in proper repair they would save each year in horse flesh and wagon repairs more than enough so cover their tax.

The number of bicycles and buggies kept for pleasure is very large, and with a better be doubled. Yet there is not an owner of one of these vehicles but what would be glad to contribute to the road fund, if he was certain his money would be so expended so as to enable him to take more burning in every direction, destroying an comfort and pleasure when out for a ride.

The tax should not be so high as to be a burden on any one, but it could be so adjusted that all would pay in proportion to the amount of wear their vehicle caused to the roads. A fair schedule would be for bicycles to pay a tax of \$1 per year, single seated buggies \$1.50, double seated rigs and soda water. The postoffice was not mo- It is an invigorating, restorative tonic, cure. C. G. Huntley, Druggist. light spring wagons \$1.75, heavy spring wagons and light farm wagons \$2, while all larger vehicles should pay a basis rate of \$2, and 25 cents for each additional quarter inch added to the size of the ax above a three-and-a-quarter-inch standard. At this rate the vehicles in Clarkamas county would yield each year a sum sufficiently large to do much toward keeping our roads in repair so that they would be passable at all times of the year.

Now that the Astorians have a reasonable will stay on the farm in the future. certainty of geting a railroad a new trouble looms up before them, that of loosing their town. It appears that certain wise ones of that city of expectations have made the discovery that the heavy purchases of real estate at Flavel by men who are back of the new railroad proposition, means that the are the guests of R. Gantenbine. railroad company will do all they can to transfer Astona to the opposite side of Youngs bay, where a new town has been laid off. As Flavel has a very desirable townsite, a feature Astoria is sadly deficient in, and if it should receive the backing of the railroad influences the Astorians vicinity. All report having had a most fear that it would become a formidable enjoyable time. rival to their city and all the hard earned money they have in Astoria piles and hillsides would be a lost investment to them. Meinig, which greatly improves its ap-Our friends by the sea are finding out that pearance. even such an inestimable blessing as a railroad may have a string to it and not prove what they anticipate for it.

In order to ascertain as to what effect the property on Front street. When finished electric current from the street cars is hav- Mr. Lot Parker will open a butcher shop | Witt's Colic and Cholera cure. A change ing on the water mains along Main street, in one part. He will also run a delivery in drinking water and in diet often the city water commission will shortly have wagon and supply the people with beefa thorough test made. Should they find steak every morning, that the current is in any way damaging the water pipes they will at once call the attention to the street car company to the matter and have the company adopt such measures as will fully protect the pipes.

THEOUGH a typographical error the Es-TERPRISE last week made the indebtedness of the East Side Railway to Oregon City appear greater than it is. By the figures given the indebtedness on the Abernethy bridge was \$2,000 when it should have been \$200. The street indebtedness of \$5,406.14 to the young people's society at the High was correct as given.

Tux delinquent tax list as published this year is some smaller than that of last year,

ums of the Extracular would not have heights. afforded space enough to accommodate it, o large was the list at that date. But by being as lenient as the law would allow aim to be, he has enabled a large number of the taxpayers to pay up and thus save the costs. This has been the hardest year in the history of Oregon in money matters and it has been only by the greatest efforts that many taxpayers, even well-to-do people, could raise the necessary amount to free their property. As will be seen a large number of the names appearing on the deluquent list are chronics, people whose names appear with due regularity on each years delinquent roll and who would be on the roll of de- life linquents if the sheriff should waite on
