The peach is a large yellow meated, freestone, ripening evenly to the stone and of fine flavor and said to be good for both table use and canning. Mr. Plowman has two trees that have fruited regularly each year for the past five years, proving this peach to be very harly in this climate, a point that will brake W ii, wis of well, t7 a. r2 commend it to our growers as the budded why of tool, and els of nwly of sec 14 1 s. r 2 s. 100 servs proster John and Marr, u), of net, sec this county.
