W. Busch, one of the best known ranchers of Logan is in the city spending the week with his son Frank Busch, the furniture dealer. Mr. Busch is now 82 years old but is hearty and hale and able to get about with ease.

Miss Jennie Rowen, one of Clackamas county's progressive teachers, has prepared herself for teaching in country districts by purchasing a bicycle, so that hereafter it will not be so great a task to travel the distance between her boarding place and the school. Miss Rowen was in Oregon City last Saturday from her home in Beaver Creek and rode her wheel like an expert.

Hospital Notes.

Affairs at the Oregon City hospital are moving along in the quiet and orderly way that characterizes that institution. Patients are going and coming each week and of the patients now there all are considered out of danger with fair prospects of recovery. Lewlyn Evans, the 3-year old son of Mr. and Mrs. W. J. Evans of Beaver Creek, who is being treated for posterior curvature of the back is doing very well and in the three weeks that he has been at the hospital has shown a marked improvement in his case.

Louis Rall, stepson of Peter Rinearson, who was thrown from a horse some three weeks since, and sustained a compound comminuted fracture of the leg, is on a fair way to regain the use of his leg and will soon be out on crutches.

O. H. Ohlson is slowly recovering from his recent accident, and is now able to sit up. He has been removed from the hospital to the residence of his father-in-law, Rev. Gilman Parker.

Wm. Bloom, suffering from suppurative arthritis, caused by plunging the blade of an ax into his knee while working in Martin's sawmill, was operated upon by Dr. Sommer last Tuesday and there is prospects that the man may yet regain the full use of his knee joint.

Among the most difficult operations ever performed, and one that is rare in this state was performed last Friday upon Royal Sprague, a sixteen year old son of the late S. Sprague, by Dr. Sommer for appendicitis. The young man was suddenly taken ill on the Tuesday preceding with distressing pains in his abdomen and was taken to the hospital, when Dr. Sommer made a thorough examination of his case, and found that he was suffering from appendicitis. This is a disease that was formerly classed along with inflammation of the bowels, but modern researches have proved that this trouble is caused by the appendices becoming filled with foreign matter and nothing but the removal of the organ will save the patient's life. This organ is that little sac or protuberance that is attached to the main intestine and for which no duty in the make-up of the human body has yet been found, it apparently being an inheritance from our progenitors who had use for two stomachs, and having been discarded in the economy of man's growth has shrunk into an insignificant sac that opens into the main intestine and for some unaccountable cause it sometimes gets clogged up and then trouble comes to the unfortunate mortal who has not evaded enough to avoid this catastrophe. In treating it, it is necessary to open the body and remove the offending organ. In the operation Dr. Sommer was very successful, and the patient is rallying nicely. Drs. Cutler and Fanning, of Portland, were present, and assisted Dr. Sommer.

The Payton Comedy company which has been playing at Shively's since Monday night, have displayed more talent than the average troops that have visited Oregon City in the past. Their plays have all been of a high class and were well presented. While their audiences have been appreciative and thoroughly enjoyed the excellent entertainment furnished them, yet they were not so large as they would have been under more fortunate circumstances, the large number of people absent from the city in the hop fields and the heavy rains making the evenings disagreeable, being the only cause that prevented crowded houses each evening. The company will be in the city the entire week, closing their engagement Saturday evening.

The finest lot of imported decorated Chinaware ever brought to the Pacific coast, is on exhibition at Burmeister & Andressen's jewelry store. They gave an order to a large manufacturing establishment in Germany last October, for a large invoice of Chinaware decorated with Oregon City views. They are now receiving and opening the first invoices of the stock, which is handsome in design and the view of scenery in and around Oregon City, are perfect in execution. Six views are represented, and the house is just the thing for presents, and household ornaments and use.

Frank Riggs, a rancher on lower Long creek, died Sunday at the residence of Joseph B. Jackson west of Long creek, from an attack of Bright's disease. He had been in ill health for some time, but his condition was not considered critical until a day or two before his death. His body was interred in the Long creek cemetery Monday. The deceased leaves a family of children down in Clackamas county.—Long Creek Eagle.

The oyster season opens September 1st and commencing Saturday September 7th the Novelty Candy store will receive daily, fresh Olympia oysters direct from the Sound and will be prepared to fill family orders and deliver to any part of the city. We will serve oysters in any style at our temporary headquarters, one door south of Albright's market. Open till midnight.

A. D. McReynolds, formerly clerk in R. Staub's grocery store, was married Tuesday evening to Miss Grace Weidner, Rev. Gabriel Sykes officiating. The ceremony took place at the residence of the bride's sister, Mrs. R. Staub. The worthy young couple departed for California on the overland train on the same evening, and after spending the winter there, will go east.

Mr. Joseph Walton's new house in Elyville addition was completed last week under contract by Messrs. Frost & Scott, they doing the carpenter work, and employing Mr. Mohler to do the painting and paper hanging. The work is all done in first class style, and the new structure, for convenience and beauty of appearance, will compare favorably with most of the city residences.

Active operations have begun on the new electric road from Portland to Hillsboro, which will be 17 miles in length. It is intended to build four miles of the road this year, and the balance before the close of 1896. The motive power for this road will probably be furnished from the electric stations in Oregon City.

Full stock of fall and winter goods at Grace's store, Molalla avenue. Complete line of fresh groceries. Having no rent to pay, nor high insurance or other charges to meet, the customers get the benefit of these savings and small profits and lots of them being the motto the prices are correspondingly low. Give Grace a trial.

Capt. Hatch is here with the snag-boat Corvallis and a force of men clearing out some rock obstructions at the Clackamas rapids. It was pay-day Wednesday, and the employees were in Wednesday morning to get their checks cashed at the bank. Among them was Millard Hayes, ex-marshal of Albany.

The Canemah school begins next Monday, with E. C. Hackett as principal, and Miss Sade Chase as teacher of the primary department. The Mount Pleasant school will begin on the same day with Miss Ednetta Chase as principal.

Having disposed of my mercantile business at Gladstone to Mr. Chas. Bolds who will on and after this date have full charge, all parties having accounts with me are requested to call at once at the store where I will be for a week, and make settlement. It will be to the advantage of all if this matter is attended to promptly. T. M. Cross. Gladstone, Sept. 9, 1895.

The largest invoice of ladies capes ever received in Oregon City will be placed on the counters at Thos. Charman & Son's store. These capes are all the latest styles and embrace many of as fine cloth as to be had in Portland or the East. All sizes and prices. Come try one on and see how well it looks and what a bargain we are offering.

The Late Mrs. Rinearson.

Mrs. Isabella Rinearson, who died at her residence near this city last Sunday morning, was born at Inverness, Scotland, October 16th, 1829. Her maiden name was McDonald, and she emigrated to Australia when 16 years of age. Afterward she was married in Sidney, Australia to W. C. Greaves, of West York. One child was born there, who is now Mrs. Kate Braas, residing in Portland. Two years afterward passage was taken on a sailing vessel for California, arriving there in the summer of 1859. During their residence in California, three children were born, W. C. and E. L. Greaves, and Mrs. Clara A. Callif of this city. In the spring of 1858, they took passage on the ship Northamer for Portland, Oregon, and in 1860 moved to Oregon City, where she was left a widow, Mr. Greaves losing his life in the Rogue river Indian war. In 1866, Mrs. Greaves was married to Peter Rinearson, one of Clackamas county's most estimable citizens, who died about six years ago. They leave four children, Mrs. Emma A. Freytag, George O. Rinearson, Edward B. Rinearson, and Jacob S. Rinearson. A large number of friends attended the funeral services of Mrs. Rinearson at the Congregational church last Tuesday morning, and Dr. Cowan delivered a very effective sermon. The remains were interred in the Oregon City cemetery. Mrs. Rinearson was held in high esteem by a wide circle of friends.

Social and Dramatic Club.

Wednesday evening a number of young people met at St. John's school room and organized a dramatic and debating society. E. J. McKittrick was chosen president and stage manager, Mrs. I. Killen vice president, Miss Lou Draper secretary and Mrs. Mellen treasurer. The president was authorized to appoint a committee of six on arrangements, who with the officers, will constitute the board of managers for the society. "The Artisans" was the name chosen for the society and it starts off with some thirty-five members. The object of the society is for recreation and self culture and it is expected that debating and dramatic work will be a leading feature in their entertainments. There is some very good talent among the members and the meetings of the society should prove both interesting and profitable.

It's Dangerous Ground.

that you stand on—with a cough or a cold, and your blood impure. Out of just these conditions comes consumption.

You must do something. In the earlier stages of consumption, and an all the conditions that lead to it, Dr. Pierce's Golden Medical Discovery is a certain remedy. This scrofulous affection of the lungs, like every other form of scrofula, can be cured by it. In severe, lingering Coughs, all Bronchial, Throat and Lung Affections, and every disease that can be reached through the blood, it is the only medicine so effective that once used, is always in favor. Bruce at His Old Tricks.

F. D. Bruce who posed as an attorney and collector for a few months in this city after his release from the penitentiary and who left for parts unknown some weeks since for his own and the town's good, has turned up in Boise, Idaho where he has evidently resumed his old tricks and is up on a charge of unprofessional conduct before the bar association of that place. It appears to be as hard for Bruce to be honest as it is for a pig not to drink buttermilk. He is really to be pitied for his dishonesty appears to be inborn in him and he has had to leave every town that he has lived in since he has been old enough to do business, between two days. Such incorrigibles as he should be locked up in a state house-of-correction and kept there for life so that innocent people could be protected from their snares and thus force them to earn an honest living.

Probate Court.

W. E. Carl, administrator of the estate of Septimus Huebel, deceased filed his account of the sale of real property, which was confirmed.

H. A. Lee, guardian of the estate of Mrs. L. J. Letcher, deceased, filed a petition to sell a portion of the property belonging to the estate to settle indebtedness. The prayer of the petition was granted.

Millinery.

Mrs. N. Sladen has just received from the Eastern markets her stock of fall millinery and is better prepared than ever before to give satisfaction to her customers. Opening days will be announced later on. Parlors next door south to Methodist church on Main St.

Rinearson's fruit drier is one of the largest and best in the county and Freytag is an expert at handling it and guarantees the quality of all fruit dried by him. Fruit dried on the shares or will pay cash for green fruit. If notified will receive fruit in Oregon City.

Judson Howard and bride, nee Miss Aznes Gage, have taken up their residence on the West Side. Mr. Howard is an employe of the paper mills, and Mrs. Howard is a daughter of Mr. and Mrs. John P. Gage of Stafford.

A foot race took place last Sunday between Trine or "Whiskers," of Eugene and Will May. The stakes were for \$5 and the distance 20 yards. Trine was winner. Another race was made between Trine and Jack Frost, to test their speed.

MOTHERS

recovering from the illness attending childbirth, or who suffer from the effects of disorders, derangements and displacements of the womanly organs, will find relief and a permanent cure in Dr. Pierce's Favorite Prescription. Taken during pregnancy, the "Prescription" makes childbirth easy by preparing the system for parturition, thus assisting Nature and shortening "labor." The painful ordeal of childbirth is robbed of its terrors, and the dangers thereof greatly lessened, to both mother and child. The period of confinement is also greatly shortened, the mother strengthened and built up, and an abundant secretion of nourishment for the child promoted. If

THE MARRIED WOMAN

be delicate, run-down, or overworked, it worries her husband as well as herself. This is the proper time to build up her strength and cure those weaknesses, or ailments, which are the cause of her trouble. Dr. Pierce's Favorite Prescription dispels aches and pains, melancholy and nervousness, brings refreshing sleep and makes a new woman of her.

Mrs. ABRAHAM LYON, of Lawrence, Jefferson Co., N. Y., writes: "I had been suffering from ulceration and falling of the womb, for several years, or since the birth of my youngest child. I consulted all the physicians around here and they gave me up and said there was no help for me. At last, almost discouraged, I began taking Dr. Pierce's Favorite Prescription and took five bottles. It is three years since and I have not had any return of the trouble. I feel very grateful, and in fact, owe my life to it. I do not think I should have been alive now if I had not taken your medicine."
