He leaves a wife, one grown son, Robert, two grown daughters, Mrs. Frankie Brown, and Miss Flora Bell, of the Woman's Home in Portland, and two small children, Vesta and Rnth, to mourn the loss of husband and father. Mr. Bell was a brother in good standing in the A. O. U. W. Lodge No. 132, of Newburg, having joined that order January 12, 1892. He was also a G. A. R. man. He served in the late wars of this land. The city in which he lived draped its flag at half mast in his honor. The interment took place at Pleasant Hill cemetery, and was largely attended.

I wish to beg pardon for the lateness of this piece. It had become misplaced and I was blaming the editor for his non-appearance until I came across it. It had never been sent. Yours, Mr. Editor, with many regrets.

Sandy Sayings.

SANDY, Sept. 28.—While the splendid weather is lusting the farmers are as busy as ever plowing, harrowing and sowing, and potato digging is in full blast, but the crop is rather light this season.

C. K. Guttridge is running his large dryers day and night to handle his immense prune crop.

A. Lacey has remodeled his fruit dryer. The improvements are something of his own notion and seem to give fine satisfaction so far as tried. He thinks he will be able to dry fruit in a much shorter time than before. Perhaps there is no section that can turn out a finer quality of prunes than this and it will soon represent itself in the market.

The unexpected rise of the east wind on the evening of the 27th inst. scattered the fire from Wm. Cornett's place which burned considerable fence for W. M. Warnock and A. Lacey.

Milwaukee Notes.

MILWAUKEE, Oct. 2.—Lucy, daughter of Mr. and Mrs. B. Tscharner, died in the St. Vincent's hospital Portland, Friday, September 27, at 4:15 A. M., surrounded by the family and friends, aged 18 years and 6 months. Lucy contracted typhoid fever a year ago, while it was prevalent in this vicinity, from the effects of which she never fully recovered. The doctors attending her found she was suffering from ulceration of the stomach; an operation was decided upon, and she was taken from her home to the St. Vincent's hospital where she underwent the ordeal successfully, and it was thought by all she would recover; but the heart failed to perform the work necessary for the weak condition the body was in, and she passed peacefully away. The funeral took place Sunday, 2 P. M., from the German M. E. church. It was largely attended by loving friends and relatives. We fully sympathize with the family in their sad bereavement.

Fire destroyed the Milwaukee shoddy mill Saturday. It started 11:50 A. M. and in one hour nothing was left but charred timber and old iron. The engine which was placed in the building not long ago is a total loss. The mill was remodeled recently new machinery being added, and also a new addition to the building. All in all it was a complete factory for the purpose used. The loss will figure about fifteen or eighteen hundred dollars. The fire burned with such fierce rapidity, with a very strong wind from the east, that it was impossible to check it. A bucket brigade saved the old landmark, the Standard flouring mill. R. M. Fisch, the engineer, lost about fifteen dollars worth of fine carpenter's tools, in trying to save which he had his hair and face badly scorched. The number of hands employed was only two—not six or eight, as reported in the Oregonian. The boys fought hard and deserve great credit for their work.

Ward has charge of this school it being his second term in this district, he having taught nine months last season. He has been quite successful with our school and has shown himself an able educator.

James Shelly has rented for one year the Swafford farm, and is now in charge of it.

Mrs. N. W. Richards is at present in Oregon City to be with her daughter, Mrs. Flora Jennings, who is quite sick.

Jas. Watkins left Tuesday for the head of the Santiam where he has a mine. He will spend some two weeks in prospecting it. He was accompanied by his step-son, Jessie Taylor.

Mrs. Jas. Watkins left Monday for Molalla for an extended visit with her daughter, Mrs. Callahan.

Marysville Notes.

MARYSVILLE DISTRICT, Oct. 1.—Our school opened yesterday morning with bright prospects—new school house, new patent seats, new teacher and fine weather.

The dance given at the residence of F. M. Manning on Friday evening last was a complete success, and standing room was at a premium. Oregon City, Molalla, Highland and Mulino were well represented, and the music furnished by Messrs. Ringo, Ball, Flynn and Harry Lee, would stand the criticism at more favored localities. Mr. Thomas Flynn's "Irish jig" received its deserved encore, and it is needless to say that a fine clock, for which the party was given, is now keeping the record of the children who are tardy or late at school.

Nearly all the hop pickers from our section have returned home.

Douglas Flynn returned east of the mountains yesterday.

Harry Lee, who was visiting friends in this section last week, has returned to Oregon City.

Potatoes are being harvested in this vicinity; result, a half crop. NIKA.

Highland Happenings.

HIGHLAND, Sept. 27.—Very little plowing is being done as the soil is too dry, yet some small fields are ready to sow.

Hop picking in this vicinity is over, and the hop pickers that went to other yards have most all returned home.

Amos Harrington has finished painting his hop house.

Prof. Ogle was in this neighborhood yesterday reorganizing a music class.

G. R. Miller is digging a well with the assistance of C. A. Frost.

J. Jones is putting in a chopper which will be completed in a few days. It will be quite a convenience to the neighborhood.

George Welch is confined to the house with a severe spell of rheumatism.

Fairclough Brothers will move their store to Oregon City this week. The people of this place regret to see them go, but what is our loss is Oregon City's gain.
