### OSWEGO NEWS.

School Commences With Flattering Prospects — D. of H. Entertains—Wedding Bells.

Oswego, Oct. 2.—(Too late for last week.)—Rev. H. H. Wikoff, of San Francisco, representative of the building society of the Congregational church, preached in the Congregational church last Sunday evening. Judge Hayes was in Oswego last Wednesday on legal business.

Unity Council No. 3, W. A. P. A., celebrated their first anniversary last Saturday evening in Prosser's hall.

Mrs. Lottie Green, of Albina, was visiting friends in Oswego Saturday last.

Several of our young people attended a birthday party last evening at L. A. Shipley's in Hasella, given in honor of the 19th birthday of Miss Amanda Angel.

The young people will take up their residence in Tualatin, where Mr. Andrews is employed in the sawmill. Thus Oswego loses a Star and Mr. Andrews gains a Daisy.

Mistletoe Lodge, D. of H., was visited by fifteen or twenty brothers and sisters of Myrtle Lodge of Oregon City last evening. Mistletoe was taken completely by surprise, but it was a pleasant surprise withal, and the Myrtle and Mistletoe were soon so intermingled and blended together that it would have taken an expert to tell one from the other. A most enjoyable evening was spent in short talks, singing, recitations and readings, and when the lodge adjourned at 11 o'clock every one went home feeling happy and that it really was good and pleasant for brothers and sisters to dwell together in unity. Come again, Myrtle, our latch string is always out for you.

October 9.—Rev. A. E. Ayers, the new Methodist minister, preached Sunday evening to a crowded house. Rev. Ayers made a very favorable impression upon his audience.

Our school commenced Monday morning with Prof. Starkweather at the helm, Norma Fox 5th and 6th grades, Mary Hickner 3d and 4th, and Miss Annette Failing 1st and 2d. There were 165 pupils enrolled the first day. We believe that we have a first class principal and that his assistants are number one teachers. We also believe that our boys and girls are as bright and intelligent as the average American boy or girl. Admitting these to be facts in the case, then all that is needed to make a successful and prosperous school is the hearty co-operation of the parents with the teachers. Don't growl or grumble or run to the directors because the teacher makes your boy or girl obey the rules of the school, but give your boy and girl to understand that the teacher must be obeyed and that the rules of the school must be observed and strictly kept. Let every parent try this plan for one year, and my word for it our school this year will be the best we have ever had.

John Kuls, Aloizo Waldorf, Manly Manning and several others started Monday for the Nehalem on a hunting and fishing trip. They took a boat with them and intend to try navigation on the waters of the Nehalem.

Hot coffee, sandwiches, etc., will be served during the evening and a jolly good time is anticipated by the boys, also by AMERICA.
