When a person is losing flesh and wasting away there is cause for alarm. Nothing so worries a physician. Consumptives would never die if they could regain their usual weight. In fact there would be no consumption if there were

no wasting of the system. The cause of this loss of flesh is a failure to properly digest the food eaten. Nine-tenths of all our diseases date back to some derangement of the stomach. The Shaker Digestive Cordial will stop this wasting of the body. It acts by causing the food we eat to be digested so as to do good, for undigested food does more harm than good. The Cordial contains food already digested and a digester of foods as well.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it. For sale by G. A. Harding, Druggist.

Marvelous Results. From a letter written by Rev. J. Gunderson, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitancy in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seems as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Charman & Co's, Charman Bros. Block.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for Circulars, free. F. J. CHENEY & Co., Toledo, O. A Startling Admission.

In New York City, for five consecutive years, the proportion of Deaths from Consumption has been three in every Twenty Persons.

Epidemics of Cholera, Yellow Fever and other diseases of similar character, so terrible in their results, occasion wide spread alarm and receive the most careful consideration for their prevention and cure, while consumption receives scarcely a thought, yet the number of their victims sinks into insignificance when compared with those of consumption. Comparatively few people know what to do for their loved ones when they see them gradually lose strength, lose color, manifest feeble vitality and emaciation, or develop a cough, with difficult breathing, or hemorrhage. Cod liver oil was for a long time given in all such cases, but the poor success attending its use coupled with its nauseating taste has led many practitioners, as well as the public at large, to place their main reliance in Dr. Pierce's Golden Medical Discovery. It deserves early attention and will prove effectual not in every case but in a large percentage of cases, and we believe that fully 95 per cent of all cases of consumption can be taken in the early stages of the disease, be cured with the "Discovery." Dr. Pierce does not ask people to believe until they have investigated for themselves. A pamphlet has been published having the names, addresses and photographs of a large number of those cured of consumption, bronchitis, lingering coughs, asthma, chronic nasal catarrh and kindred maladies which will be mailed free to those sending for it with their name and address upon a postal card, or you can have a medical treatise, in book form of 150 pages, mailed to you, on receipt of address and six cents in stamps. You can then write those cured and learn their experiences.
