Installation Services.

The services of installing Rev. A. J. Montgomery as permanent pastor of the Presbyterian church in this city, took place Wednesday evening. The auditorium of the church was filled by an interested congregation who greatly enjoyed the excellent discourses given. Rev. Thomas Boyd, pastor of the Fourth Presbyterian church, Portland, presided. The sermon, appropriate for the occasion, was delivered by Rev. Edgar P. Hill, pastor of the First Presbyterian church, Portland. It was a most masterly effort and was listened to with marked attention by the large congregation. In the absence of Rev. Miller, the charge to the pastor was delivered by Rev. W. O. Forbes, of Portland. Rev. W. T. Wardle delivered the charge to the people.

While one of the youngest churches in Oregon City, the Presbyterians have grown to be one of the strongest denominations, having 144 active, working members on their list. This congregation has been singularly fortunate in having two such able and tireless pastors as Rev. Montgomery and his predecessor, Rev. G. Wm. Giboney, to lead them on in their work and they are now in a condition to number 200 on their roll before the close of the year.

Justice Dixon had two cases in his court this week. On Monday L. P. Howard, of Canby, had a hearing for threatening to kill B. S. Wilson. Geo. C. Brownell appeared for the defendant, and Joseph Rice for the state. The penalty would have been to give a bond to keep the, but as there was not sufficient evidence to justify inflicting this penalty, the defendant was discharged. On Tuesday H. Gross, of Tualatin, was arrested for assaulting H. P. Smith. It was a jury trial. Brownell appeared for the defendant and Rice for the state. The defendant was acquitted.

J. B. Noe, who has a fine orchard and nursery at Needy, remembered the ENTERPRISE OFFICE with a box full of samples of fruit from his orchard. In the collection were two kinds of grapes that for size and flavor are seldom equaled in native grown grapes. Three quinces sent were nearly twice as large as ordinary quinces. Some very fine pears completed the list. Mr. Noe is one of the successful fruit growers of this county and is so confident of more prosperous times that he is steadily adding to the size of his orchard.

Three Oregon City young men, W. R. Thomas, Al Kisor and F. T. Hatch have been busy for several days cutting hazel brush near town, which they intend to use in the manufacture of rustic furniture. In two or three days they will open a factory and salesroom in Portland.

H. R. Baker, of Pleasant Hill precinct, has suffered greatly for the last five months with catarrh of one of the fingers on his right hand, and the finger had partly withered away and his general health had become much impaired. He was in town Tuesday, and stated that his condition was improving.

Every mother should know that croup can be prevented. The first symptom of true croup is hoarseness. This is followed by a peculiar rough cough. If Chamberlain's Cough Remedy is given freely as soon as the child becomes hoarse or even after the cough has delivered it will prevent the attack. 50

Some of the friends of Mr. and Mrs. Clark Ganong, of Canemah, tendered them a genuine surprise party Monday evening in honor of their tenth anniversary or tin wedding. A tempting lunch had been prepared by the guests, to which all did justice. The evening was spent in card playing and conversation. Many odd and bright pieces of tinware were added to the Ganong household.

Fresh oysters will complete your Sunday dinner. Leave your order at the Novelty candy store. Orders delivered.

Dr. A. P. Sawyer:—I have had Rheumatism since I was 20 years old, but since using your Family Cure have been free from it. It also cured my husband of the same disease.

Mrs. Robt. Connelly, Brooklyn, 1. Sold by G. A. Harding.

Fred Williams has sold his interest in the coaches and livery stable to William Davidson, who is an experienced liveryman and with W. J. Kidd, Mr. Williams's partner, will conduct the stables in a manner satisfactory to their patrons. They are able to supply a first class rig at any time at rates that are reasonable.

H. H. Johnson returned last Saturday from the Santiam, where with Ernest Rands, he has been surveying on a government contract. The field work will be completed this week when Mr. Rands and their crew will return home. Shively's opera house has the Tornado Company engaged for Friday, November 8th. This Company is lately from the East and is one of the best on the road. Particulars later.

Gen. Harrison's Literary Work.

It is announced that ex-President Benjamin Harrison is engaged in writing a series of magazine articles for the Ladies' Home Journal, in which periodical they will begin in the December number. The series will be called "This Country of Ours," and will consist of ten articles and probably more. The papers are be-

ing written by General Harrison especially for women, to meet a growing, widespread desire on their part to intelligently understand the workings of our government and the great national questions. It will be the aim of the articles to explain in the clear and concise style for which the ex-President is famous, just what the United States Government means; the origin and meaning of the Constitution; how laws are enacted and enforced; what the powers of the president and other officials are; what the judiciary system means; how our foreign relations are brought about and their meaning; how Congress and the Senate legislate—in fact a complete explanation of the government told in a popular way. General Harrison writes the articles from the standpoint of a citizen who understands his subject. They have no bearing on politics whatever. While directly intended for women, the articles will naturally have a much broader scope and likewise interest men, and especially young men.

Fancy Hops.

WOODBURN, Or., Oct. 15, 1895.
EDITOR ENTERPRISE:—I bought today by order of the English firm of W. H. & H. Le May, of London, a firm dealing more extensively in choice hops than any other in the world, eighty-eight bales of hops of O. L. Barber of your county. These hops were fancy goods and commended a top price of 6 cents per pound. At present the market is stagnant and it is a matter of note that this lot of hops on account of its fancy color and superior quality was bought by this firm under such adverse market conditions as now exist. Such hops as Mr. Barber delivered to me will command a market at any time and under the most unfavorable market conditions.
WALTER L. TOOLE.

The Baptists Meet.

Wednesday of this week the annual convention of the Baptist churches in Oregon convened in Eugene. It promises to be one of the greatest gatherings of the church for some time. The delegates elected from the Baptist church in this city are Mrs. D. C. Latourette, E. A. Smith, Mrs. M. Simmons, Mrs. W. W. Marrs, Mattie Grav, J. K. Groom and Geo. Swope. Rev. M. L. Rugg, pastor of the church in this city is attending the convention and on Friday evening will deliver an address on educational work. Rev. Gilman Parker, state missionary, is also in attendance and will deliver an address pertaining to his work.

Removal.

The abstract office of James Thorne & Son has been moved from Mr. Burghardt's to the law office of Geo. L. Story at the corner of Eighth and Main streets near the court house up stairs, where law, conveyancing and solicitors for loans will be added to their abstract business. Through years of practical and varied experience, but few are as familiar with records as they are and in the examination of titles no essential points in transfers or proceedings affecting titles will escape their notice, while their abstracts we believe will be found neatly prepared as also full, complete and in all respects reliable.

A service of sacred song will be given at St. Paul's church this (Friday) evening at 7:30 o'clock. Richly colored pictures will be shown to illustrate familiar hymns; also several of our Lord's parables. An address will be given by the Rev. Thomas L. Cole, of Trinity church, Portland. Miss Kelly will preside at the organ and the choir will sing.

We would like to look into the pleasant face of some one who has never had any derangement of the digestive organs. We see the drawn and unhappy faces of dyspeptics in every walk of life. It is our national disease, and nearly all complaints spring from this source. Remove the stomach difficulty and the work is done.

Dyspeptics and pale thin people are literally starving, because they don't digest their food. Consumption never develops in people of robust and normal digestion. Correct the wasting and loss of flesh and we cure the disease. Do this with food.

The Shaker Digestive Cordial contains already digested food and is a digester of food at the same time. Its effects are felt at once. Get a pamphlet of your druggist and learn about it.

Notice.

Application will be made at the next regular meeting of the city council for a renewal of license to sell spirituous liquors in Oregon City at my present location, corner Eighth and Main streets for a period of six months.

There is no medicine so often needed in every home and so admirably adapted to the purposes for which it is intended, as Chamberlain's Pain Balm. Hardly a week passes but some member of the family has need of it. A toothache or headache may be cured by it. A touch of rheumatism or neuralgia quieted. The severe pain of a burn or scald promptly treated before inflammation sets in, which insures a cure in about one-third of the time otherwise required. Cuts and bruises should receive immediate treatment before the parts become swollen which can only be done when Pain Balm is kept at hand. A sore throat may be cured before it becomes serious. A troublesome corn may be removed by applying it twice a day for a week or two. A lame back may be cured and several days of valuable time saved or a pain in the side or chest relieved without paying a doctor bill. Procure a 50 cent bottle at once and you will never regret it. For sale by G. A. Harding, Druggist.

Dr. Price's Cream Baking Powder
World's Fair Highest Medal and Diplomas.

Fair and beautiful—the woman who keeps at a distance the complexion beautifiers, paints and powders, which soon ruin the face. A healthy glow to the skin, a face without wrinkles, and sparkling eyes, will be yours if you keep the system and the special internal organs in good condition. The young girl, or woman, often grows pale, wrinkled and thin, eats little, everything wears her, she complains of herself as aching and sore and as sleeping poorly. Often she is troubled with backache, or a tender spine, with a bearing-down weight in the abdomen, or at periods she may be irregular, or suffer extreme pain from functional derangements. Dr. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., in his long and active experience, met many cases of this kind, for which he used a prescription which was found to cure such difficulties permanently in ninety-eight per cent. of all cases. Having proven so successful, Dr. Pierce put his "Favorite Prescription" on the market, and it is to-day sold more largely than any other medicine for the ills of women. For all functional derangements, displacements, ulceration, inflammation, and the catarrhal drain from the lining membranes of the special internal organs of women, Dr. Pierce's Favorite Prescription reaches the origin of the trouble, and corrects it.

Mrs. MARY CRIM, of Frankfort, Franklin Co., Ill., writes: "A few years ago I took cold, which resulted in female trouble, and affected my whole system. About a year ago, I took chills, had one or two a month; they were very weakening. Had pains in my sides more frequently in left side; gradually grew worse until, finally, I had to take to bed. I had a bad cough and couldn't rest. I commenced taking your medicine, took it about four months, taking seven bottles of Dr. King's New Discovery. My weight has increased, and I feel better and stronger than I have for years."
