Some gymnastic apparatus is being placed in the basement of our school building for the use of the pupils during intermissions.  
On the afternoon of Friday, Oct. 25, Mrs. C. H. Dye delivered a lecture on "Early Oregon History" before the ninth grade of this school. The lecture was very interesting and instructive throughout, and was made the basis for some special work in Oregon history. Friday Dec. 20 will be "Parent's Day" parents are welcome visitors at any time but this particular day, special preparation will be made for the entertainment of all visitors, and an opportunity for observing the work of the various departments given.  
L. W. McADAM.

The Pennsylvania Board of Health has just issued a set of instructions as the time when teachers and pupils who have been exposed to infective diseases may safely be admitted again to schools, if they continue in good health and have taken proper measures for disinfection. For diphtheria, after 12 days; small pox, 18; measles, 18; chickenpox, 18; mumps, 24; whooping-cough, 21. Adults may be admitted at once, if they disinfect their clothes and persons.

The teacher who is intrusted with the duty of lifting the minds of the coming generation of men and women higher, should not enter upon that duty without the most exacting preparation. The standard cannot be set too high. The first requisite is individuality; the next is an acquaintance with educational principles, and the third is a combination of intelligence and industry.—Fresno Republican.

Under the provisions of Rogers' "barefoot" school bill, Washkiakum county will levy a four mill state school tax, which amounts to \$2,229 and will receive from the state school fund about \$6,000. The operation of this law will be of immense value in aiding small counties with sparse population to educate the youth of our state. With the county levy of one mill, sufficient money ought to be raised to give a seven months term of school in each school district. The author and members of the legislature who voted for the passage of this bill deserve the thanks of every parent in the state.—Cathlamette Gazette.

## Big Fire at Salem.

SALEM, Or., Nov. 18.—This morning at 6 o'clock Salem experienced the greatest fire calamity in her history. At that hour her woolen mill, built in 1889, and equipped with modern machinery of the most improved style, was wiped out of existence by fire, entailing a loss of nearly \$80,000, with but \$20,000 insurance. The fire was first discovered in the dry-house at 5 o'clock by the watchman, who claims it must have been the work of an incendiary. When the discovery was made the fire had gained such headway as to prevent him from reaching the main wheel. Could he have set this in motion, he could have saved the building with the fire hose of the mill.

The city fire department arrived in time to have saved it, but their supply of coal gave out and before they could replenish it from their engine-house half a mile away, the work of destruction had progressed to an irresistible point.

This catastrophe is a hard blow to Salem. The mill was the only one on the coast running night and day, through all the hard times. It gave employment to from 50 to 60 hands, and expended large amounts of money throughout the Northwest. Thos. Kay, the projector and manager of the mill, is at Waterloo, so it is impossible to ascertain the probabilities of its re-establishment. Salem people subscribed \$29,000 bonus to get this mill established.

Many persons suffer from disorders in the kidneys and bladder without knowing what is the matter with them. They should know that disorders in those organs if allowed to remain will result fatally. Dr. J. H. McLean's Liver and Kidney Balm will restore healthy functional activity and thus eradicate the disease. Price \$1 per bottle. For sale by C. G. Huntley, druggist.

Cholera Morbus is a dangerous complaint, and is often fatal in its results. To avoid this you should use De Witt's Colic & Cholera Care, as soon as the first symptoms appear. C. G. Huntley, Druggist.

Pale, thin, bloodless people should use Dr. Sawyer's Ukatine. It is the greatest remedy in the world for making the weak strong. Sold by Geo. A. Harding.

Something that concerns the baby. When teething begins, every mother should have on hand a packet of Steedman's Soothing Powders.

Money to Loan.  
Parties intending to borrow money on their farms this fall will find it to their interest to call and see me at an early day. Plenty of money on easy terms and low rates of interest.
