## The Municipal Election.

The election of city officers, which took place last Monday, was one of the most warmly contested elections ever held in Oregon City, and every available voter was hustled out to the polls. The vote polled was the largest in the history of the city and reached 692.

Following is the vote cast in the two wards:

First Ward, law and order ticket—J. W. Powell, mayor, 156; E. E. Martin, treasurer, 138; John Bitner, councilman, 172; J. W. Heckart, 145.

Second Ward, law and order ticket—J. W. Powell, mayor, 179; E. E. Martin, treasurer, 167; L. C. Caples, councilman, 185; T. E. Gault, councilman, 204.

First Ward, citizens ticket—Hiram Straight, mayor, 178; H. E. Straight, treasurer, 197; B. Jaggat, councilmen, 158; B. Koener, 185.

Second Ward, citizens ticket—Hiram Straight, mayor, 164; H. E. Straight, treasurer, 189; H. J. Harding, councilman, 151; Joseph Kuersten, councilman, 136.

Hiram Straight was elected mayor over Dr. J. W. Powell by seven majority, and H. E. Straight was elected treasurer over E. E. Martin by 72 majority. Three members of the council were elected on the law and order ticket, John Bitner in the First ward and T. E. Gault and L. C. Caples in the Second ward. Challengers on both sides were at the polling places all day, and a few who voted were required to swear in their votes. One ticket was voted in the Second ward that had no names crossed out, and on 21 tickets both names for mayor were scratched out.

The election was quiet and orderly, and no unusual incidents occurred. In the First ward 357 votes were cast, and the judges of election were M. E. Wiloughby, J. M. Graham and J. A. Stuart, while the clerks were J. E. Rhoades and J. W. Cole. In the Second ward 341 votes were polled the judges were C. C. Babcock, G. H. Wishart and C. C. Robbins and the clerks were T. C. Howell and L. W. Davis.

McClure's Magazine for December. The second installment of the "New Life of Lincoln" in McClure's Magazine for December is rich in picturesque details and in Lincoln as he undertook life on his own account, first as a flatboatman and then as a grocery clerk in New Salem, exhibits a young genius and hero, doing wonderful feats of strength, risking his own life to save comrades from drowning, and magically winning his own way in a new community by his rare integrity, his superior intelligence and his gift of entertaining speech. Along with the paper are 25 pictures of himself, his early associates and all the important scenes of this period of his life.

Other interesting articles in this same number are, an illustrated article by Elizabeth Stuart Phelps, describing her early literary experiences; a story derived from conversations with Hal Cain, telling what he, the son of a humble Manxman, had to endure in order to become one of the foremost of English novelists; a Christmas article of great beauty and interest, "Madonna and Child," by Will H. Low, with reproductions of 32 celebrated paintings chosen by Mr. Low during a recent trip to Europe; some particularly good stories by Anthony Hope and Robert Barr; a Christmas story by Ella Higginson, a former Oregon City girl, whose pathetic writing, both in prose and poetry, touches the heart of every reader; a bright travel sketch by Cy Warman, the engineer poet who took the thousand-mile rule on the engine of a "flyer."

### Damon and Pythias.

This beautiful and impressive play will be given in Oregon City in a short time under the auspices of Willamette Falls Camp No. 148 of Woodmen by Prof. Wm. Rasmus. The cast will be made up from members of the Thespian Dramatic club and from the Woodmen lodge and with the excellent material to select from a strong company will be brought forth. It will be one of the events of the season well worth attending. Regarding the play the Salem Post says:

"This is a piece which appeals to everyone and shows the possible depth of friendship one man may have for another, but which as a general rule, is not universal, and a case with few parallels. It is a play which draws out and displays to good advantage the sterling qualities of two good men, while it also pictures the character of another as wicked as theirs is good. Mr. Wm. Rasmus, as Damon, portrayed a certain line of acting, which is seldom seen by a Salem audience in this city. He is strong and forcible in speech; has an excellent voice, and his gestures are perfect, showing he has given the piece deep study and has also had stage experience of high character."

The Salem Statesman says: "Prof. and Mrs. Wm. Rasmus, assisted by the local Pythian talent, scored another unqualified success last night in the presentation of 'Damon and Pythias' at the Reed. Not in a long while has Salem lovers of the drama had anything offered them equal to this.

The real excellence of the whole affair was augmented by fine staging and accurate costumes and those who witnessed the culmination of this endeavor of the local Pythians to please the Salem public must of a certainty bear testimony to the splendid measure of their achievement. It was altogether remarkably well done and amply appreciated."

### A Large Crowd.

The J. L. York & Son's stock of fine shoes which was opened in the store next door to the post office has attracted large crowds of people and judging from the armfuls of shoes that are being carried away they must be of good quality and very cheap. When York & Son failed E. H. Orem was appointed assignee and has succeeded in closing out a large portion of the stock and is bound to sell the balance of it here in Oregon City if low prices will do it.

H. T. Sladen, who for three years past has been private secretary and book-keeper in H. E. His position with Mr. Cross is now filled by Fred Hease, who has been at work for some time on a set of abstract books for Mr. Cross.

## Should be Looked Into.

THOROUGH INVESTIGATION REQUESTED.  
A BOLD ASSERTION.

Ever since Prof. Koch startled the world by promising to cure consumption with the Koch lymph and his complete failure to do so, the people have been looking for some discovery which would prove an absolute cure for that dread disease. Over a quarter of a century ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, put in a claim for a medicine, which he had discovered and used, in his extensive practice, that would cure ninety-eight per cent. of all cases of consumption when taken in all its early stages. Time has proved that his assertion was based on facts gained from experience. His "Golden Medical Discovery" has cured many thousand people in all parts of the world, and Dr. Pierce invites all interested to send to him for a free book which gives the names, addresses and photographs of many prominent people who have willingly testified to the marvelous curative properties of his "Golden Medical Discovery." He has also written a Book of 160 pages on "Diseases of the Respiratory Organs," which treats of all Throat, Bronchial and Lung diseases, also Asthma and Catarrh, that will be mailed by the World's Dispensary Medical Association of Buffalo, N. Y., on receipt of six cents in stamps, to pay postage.

Consumption, as most everybody knows, is first manifested by feeble vitality, loss of strength, emaciation; then local symptoms soon develop, as cough, difficult breathing, or bleeding from lungs, when investigation proves that tubercular deposits have formed in the lungs. It is earnestly advised that the "Discovery" be taken early and the latter stages of the disease can thereby be easily avoided. To build up solid flesh and strength after the grip, pneumonia, ("lung fever"), exhausting fevers, and other prostrating diseases, it has no equal. It does not make fat like cod liver oil and its nasty compounds, but, solid, wholesome flesh.

Adirondicus Clark was arrested last Friday morning by Night Officer Shaw on a charge of being drunk and disorderly. When arraigned before Recorder Fouts he was fined \$5, and as he claimed that he had no money, he was sentenced to two days confinement in the city jail.
