### Dover News.

DOVER, Nov. 19.—Our Thanksgiving on the 28th of November was held at the Dover school house. It was attended by parents and pupils of the district who supplied the edibles which were very tastefully spread upon a temporary table together with a rich bouquet of flowers from Portland, all making a rich and tempting display, reflecting great credit on the two ladies, Mrs. S. R. Kitzmiller and Mrs. H. Collatt, who superintended the arrangement of the festival.

Before eating, Mr. John Collatt, teacher, related to the company a very appropriate poem entitled "Thanksgiving." This was followed by a free "pitch in," in old-fashioned style. Much mirth and fun were indulged in while all heartily paid their best respects to what was most agreeable to their taste, and fowls, cakes and pies were rapidly consumed. All had enough, all went off very pleasantly. Then the house was cleared and many games were played, much to the amusement of both old and young, and songs were sung, such as "Marching Through Georgia," also several gospel hymns.

An essay on the Early History of the United States, composed and read by Perry Kitzmiller, was well read and well received.

The writer pointed out the hardships and persecutions which the early pioneers of our beloved country endured, and contrasted the times then and now, much to the entertainment of his audience.

The Thanksgiving festival was concluded with an oration by John Collatt, who was greeted with rounds of applause. All then, including two directors, parted with the best of feeling and with the hope that all might live to see the return of many such pleasant and profitable Thanksgivings.

Mrs. J. P. Bell, Ossawatimic, Kan., wife of the editor of The Graphic, the leading local paper of Miami county, writes "I was troubled with heart disease for six years, severe palpitations, shortness of breath, together with such extreme nervousness, that, at times I would walk the floor nearly all night. We consulted the best medical talent. They said there was no help for me, that I had organic disease of the heart for which there was no remedy. I had read your advertisement in The Graphic and ayanarago, as a last resort, tried one bottle of Dr. Miles' New Cure for the Heart, which convinced me that there was true merit in it. I took three bottles each of the Heart Cure and Restorative Nervine and I have no more smothering spells. I wish to say to all who are suffering as I did; there's relief untold for them if they will only give your remedies just one trial."
