Potatoes for California—New Era Populist and Republican Vote Compared—Republican Rally—Grangers.

NEW ERA, JAN. 11.—Clear weather with a cold north wind makes the air feel bracing these mornings. It is quite different from the cold foggy mornings.

William Gardner is building him a new house. Nearly everybody is busy sacking and shipping potatoes to California.

Mr. Burnham, a former resident of this place, is now on a visit here with friends. He has lived for the last year or two down on the Columbia river, and had the misfortune to lose his wife by death last November.

W. Baumann is getting out the timber to build a shed along side his barn for stable room.

We see by the Herald that S. J. Critser called at that office and stated that the pops had New Era precinct all right. That we don't deny, for the democrats held the majority here before the populist party organized, and when they could not stand their own party any longer, and were ashamed to own they were wrong and come to the republican party, they joined the pops. Last election the populist vote of New Era precinct averaged 64.27, and the republican vote averaged 62%. That is not much for the pops to brag over. And your correspondent knows of six young men in this precinct who will cast their first vote this year and every one of them will vote the republican ticket.

Grandma Harrington, of Ely, has been visiting Mrs. E. J. Waldron of this precinct for a few days.

G. H. Brown has bought a new spring hack which he expects to drive to camp meeting next July.

A republican club meeting will be held at the Leland school house on the evening of January 25th, 1893, being the fourth Saturday of the month. Hon. Geo. C. Brownell is expected to be with us on that evening, and everybody should come out and hear our side of the question.

The Pomona Grange which met here on the 8th of January was a success. Many were present from all over the county, regardless of the terrible bad roads which some people think the county court ought to fix all at once and not tax us for doing the same.

Stafford News.

STAFFORD, JAN. 13.—The weather has become cold, and the roads that were a short time since very muddy are becoming dry once more, and now we can take pleasure in being out around among neighbors.

Many of the grangers from here attended the Pomona grange held with the Warner grange at New Era, and report having a way up time, a good feast, and were treated most cordially by the members of the Warner grange.

Archie Ewing, of Alto Park, called on J. Q. Gage Sunday last.

Henry Schatz is working for Geo. Saum in and around the saw mill.

Gideon Phillips is busy sowing and harrowing in wheat. The ground works up splendidly now.

Jack Hanna is helping John Schiewe clear land.

Farmers are rejoicing over the steady rise in the price of wheat and potatoes, and many think that ere long they will be justified in shipping and expecting something more than freight money.

The willows are swelling their buds and begin to look like early spring. Fall sown grain looks splendid and not much damaged by the late heavy rains.

G. N. Phillips traded for a colt a few days since and now spends his spare hours greasing it to kill the lice.

The Stafford school is once more running on its standard time, with Mr. Heppner, of Oregon City, acting captain, mate and pilot, all in one. If Mr. Heppner continues as he has begun the patrons of this district will freely give him their highest recommendations.

OSWEGO NOTES.

Disastrous Fire—Store, Hall, Stock of Goods, and Lodge Paraphernalia Burned.

OSWEGO, JAN. 8.—(Too late for last issue.)—About 2:30 o'clock on Sunday morning the 6th inst., the people of Oswego were aroused from their slumbers by the cry of fire, and upon hastily donning their wearing apparel and rushing out into the street they found that the building owned by G. W. Prosser, in the old town, in flames. The ground floor was used by Mr. Prosser as a store room and the second floor as a public hall. A strong effort was made to save the building but the water supply was inadequate and it was soon given up and the people went to work to save the goods in the store, of which the greater part was saved. Everything on the second floor was lost. Mr. Prosser had just the day before put two dozen opera chairs in the hall, in addition to those already there. The building was a good substantial two-story frame, 28x60 and cost Mr. Prosser \$2,000. He carried \$1,500 insurance on the building in the Hamburg-Bremen and \$800 with the same company on the stock of goods. The furniture in the hall was a total loss. Mr. Prosser's loss will exceed \$1,000. The Oswego grange lost all their paraphernalia, furniture, books, etc., except ritual and secretary's book and seal. The Good Templars lost everything, but the W. A. P. A. lost nothing except their charter as they did not keep their books and paraphernalia in the hall. This fire has demonstrated the fact that the water supply in Oswego, as far as being of any benefit at a fire, is a complete failure.

Little Mary Meyer, daughter of Conrad Meyer, died Saturday, January 4, and was buried Sunday afternoon in the Catholic cemetery at this place. Mr. Meyer has been having a rather hard time of it lately, his wife was sick for some time and then the little girl sickened and died and now Mr. Meyer is very sick. The family have the sympathy of the whole community in their many afflictions.

Mrs. Hamilton, who has been sick for some time, is slowly improving.

Mrs. Hall is rapidly getting better. It is expected that the family will start in a few days.

The Workmen, Odd Fellows, A. P. A. and Degree of Honor installed officers during the past week.

Wilson's Jubilee singers gave a concert Monday night in the M. E. church under the auspices of the Epworth league. They had a fair house, and their rendition of dark camp-meeting and plantation songs was excellent.

It is the general opinion of the law-abiding people of Oswego, that this town rather holds a monopoly in the way of unlicensed whiskey sellers and unlicensed self-styled doctors. If our license laws are to be set aside and trampled under foot, simply because a man claims he has no way to make a living except by selling whiskey to men and boys indiscriminately, or in the case of practicing medicine without a license because a man must make a living somehow. Why then let us wipe all our criminal laws off our statutes, give the horse-drieff, the burglar and the highwayman a chance along with the rest, it is their way of making a living.

NEEDY NOTES.

NEEDY, JAN. 14.—F. C. Perry has moved back to Molalla.

The dance at Macksburg New Year's eve was quite a success. Dr. Harrison Bair took first prize for best dressed gentleman and Miss Callahan for best dressed lady.

Somebody went into Geo. Schramm's house and stole a purse containing fifteen dollars. The boys give it to Schramm or every side.

The boys from here are going to the leap year dance at Barlow next Saturday evening.

The singing school at district 91 school house closed last Friday evening. It has been running about six weeks under the management of Prof. Zook.

The joint debate at Whisky Hill last Friday night between the Needy debaters and Whisky Hill's best talkers, was won by the Whisky Hill boys.

Friday, January 10, end-of-the-fourth month, and those pupils neither absent nor tardy were Emma Case and Pierce Wright; those who only missed one day, Verdi and Angie Maville, George Case, Dee Stehman and George Lowry. There are twenty-five pupils enrolled and an average attendance of eighteen.

Our school house was crowded Friday night at spelling school and everyone took an active part.

Libbie Stipp is in our midst again.

Mr. Young of Molino, attended our spelling school, Friday night.

SHILAX.

MULINO NOTES.

School Commences—A Busy First-Week—A Party Ball to be Held.

MULINO, JAN. 14.—Cal. Ball, who recently returned from Chehalis, Wash., passed through our neighborhood last week. He is the same old Cal.

School started here Monday, last week, in the new schoolhouse, under the management of Mr. Young.

Miss Lena Nelson has returned to Portland to school, after a two weeks vacation.

Ernest Russell stayed in Mulino Saturday night, on his way back to Grant county, where he will resume the work he was so ignominiously deprived of. He says if he finds Will Moore (the man who caused all his trouble) in his travels, he will march him back to Oregon City at the point of a six-shooter and deliver him up to the authorities. But we think Ernest had rather let the sheriff attend to that part of it, for he has always been a very quiet boy and not given to such fits of despondism.

It seems as if our spring had set in already from the appearance the weather puts on.

Howard's mill is still sending flour to Oregon City, notwithstanding the bad roads.

There will be a hard times dance at the Orange hall on February 14th.

A hard times dance will be given at the Grange hall February 14; tickets 25 cents. Also, a masque on the 22d; tickets 30 cents.

The article that appeared in the ENTERPRISE from this place some weeks ago, which spoke of the ladies boycotting such gentlemen as were known to misbehave at a dance, seems to have "struck pretty deep in spots." We notice the correspondent of the Herald, from Cars, in announcing the dance here on the 23d, says, "and no boycotting." Now such an assurance as this is very poor encouragement for some men to keep straight; whereas if they knew no lady would dance with them while under a state of intoxication, they certainly would strive to avoid that condition. All we have to say to "Lilly" and a very few others is, "if the shoe don't fit, you needn't wear it."

Billy Wells and wife spent a few days in Portland this week.

Frank Wheeler has gone to the mountains to hunt—wildcats and cougar, of course.

Clackamas News.

Miss Laura Johnston, who has been clerking at Martin's store, Oregon City, is now at home for a few weeks.

T. O. Strong, of Woodburn, was in town on business Monday.

The Young People's Society of Christian Endeavor will be held in the brick building next Sunday at 7 p. m. Miss Tillie Holcomb will lead the meeting.

If you suffer with piles, it will interest you to know that DeWitt's Witch Hazel Salve will cure them. This medicine is a specific for all complaints of this character, and if instructions (which are simple) are carried out a cure will result. We have tested this in numerous cases, and always with like results. It never fails. For sale by C. G. Huntley, druggist.

The Clackamas County Abstract Company, J. F. Clark, manager, have fitted up elegant quarters over the Oregon City bank, and will move into the same the last of the present week. Their offices occupy the front of the upper story, and will compare favorably with any office rooms in the city.
