Whatever a stove ought to do, it ought to do well. To bother with a stove that is difficult to manage, that is liable to get clogged up, or that as an unfortunate habit of doing exactly what your neithe expect nor want, is a mistake. Our **Charter Oak Stove** is a model of what a stove ought to be. It calls for no extravagant consumption of wood; it can be kept in perfect order without the least difficulty; it is an ornament to the apartment which it cheers and warms, and its durability is remarkable. What is perhaps to the point as much as anything else is that it costs comparatively little. A bad stove is a nuisance; a good one is a luxury. We warrant fire-backs for 10 years in Charter Oak Stoves. We sell a cheaper grade, No. 8, for only \$8.00.

## CUBANS SUCCESSFUL

**Spaniards Out-generated and Defeated.**

**A COMMERCIAL WAR DECLARED**  
**Latin-American Nations Working up a Boycott Against English Manufacturers and Trade.**

WASHINGTON, Jan. 18.—The announcement of the appointment of General Valeriano Weyler as captain-general of Cuba, was received at Cuban headquarters here as confirmatory of the views they had already expressed upon the news of Campos' retirement that there had been a radical change in the policy of the Spanish cabinet and that henceforth there is to be a reign of blood and terror in Cuba. The change in the cabinet itself, in the retirement of the Duke of Fetoan and the succession of Senator El Buayen as minister of foreign affairs, is regarded as still further confirming these ideas.

General Weyler is a veteran soldier and has had his own experience in Cuban revolutions for he followed the fortunes of the Spanish army in Cuba for years during the last revolution with the rank of colonel, and earned for himself a dreadful reputation as a man of blood and iron. Moreover, the Cuban leaders here hint at actions of cruelty to women and defenseless prisoners on his part, in a fashion that augurs ill for the rebels who come within his power, and they predict that he will soon become involved in trouble with the United States government as a result of the ill treatment of American citizens who may be unfortunate enough to fall under suspicion. General Weyler quitted Cuban ground soon after the suppression of the last rebellion and has since dwelt in Spain, holding the important position of captain-general of the province of Catalonia.

### Cuban Refugees.

TAMPA, Fla., Jan. 16.—The steamer Olivette tonight brought 45 refugees from Cuba, and last night landed 130 in Key West. Three hundred refugees are already hooked for the next trip, and additional benches and will be taken to accommodate them. Those arriving today say that if one does not participate in the revolution he must leave Cuba or join the Spanish forces. Those able to leave are doing so, but the less fortunate will join the revolution, and greatly swell the Cuban army.

General Campos is expected by the next steamer to return to Spain, through the States and New York. There is some talk here of giving General Campos an ovation when he arrives.

### A Commercial War.

NEW YORK, Jan. 20.—A dispatch to the World from Caracas says: The press and people of Venezuela have declared a commercial war against England. The newspapers publish daily this notice in display type: "To the people: Whoever buys English products increases the power of Great Britain." For two months from January 15, the press will give daily the names of Venezuela and foreign merchants dealing in any manner with England or her colonies.

President Crespo is releasing many political prisoners. A special order announces that Carlos E. Palacios, Pedro Lopez Fontaines and General Jose Arosegu are released because they are deputies and congress is soon to meet. Martin B. Poles, the brother-in-law of ex-minister Patosis, is also free. This action of the president is applauded.

Nothing further has been heard from the Guiana frontier.

The government has bought a light-draught small steam craft and armed it with light Hotchkiss guns, for service on the Orinoco river.

There is a rumor that Germany has sent a sharp demand for the immediate payment of the railroad debt.

President Crespo goes to Macuto, on the seacoast, for two weeks.

Postmaster LaRoche has been dismissed because he retained the president's mail.

### Cannot Be Stated.

CHICAGO, Jan. 18.—The Post's Washington special says: Disappointment awaits the people of New Mexico and Arizona. They have been knocking for admission into the union for many years, but the decree has gone forth that their prayers will be left unanswered for another two years. They can thank Speaker Reed and his little combine for the dose of disappointment brewed for their consumption. The explanation offered is that it is deemed of the highest importance to check any further growth of silver strength in the senate, and the best way to do that is to prevent any increase in representation in the mountain region. Therefore the house committee on territories will not report bills for the admission of the territories named until too late for action by this congress.

### One Woman Able to Protect Herself.

FORT WAYNE, Ind., Jan. 19.—This morning, about 2 o'clock, five Fort Wayne sports, while out for a time, called at Mother Barnum's roadhouse and raised a disturbance. Mrs. Barnum ordered them away and slammed the door in Frank Chanvey's face. His nose was almost torn off. The boys then forced the door and Mrs. Barnum seized a shotgun and fired down the hallway toward the boys. There were five separate trails of blood from the house, and it is supposed every member of the gang was wounded. Chanvey has an ugly wound in his side. One of the gang, named Baily, received 15 shots in his right leg. The physicians in charge of the other two young men refuse to reveal their identity. Mrs. Barnum has not been arrested.

### An Old Soldier's Recommendation.

In the late war I was a soldier in the First Maryland Volunteers, Company G. During my term of service I contracted chronic diarrhoe. Since then I have used a great amount of medicine, but when I found any that would give me relief it would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice, I used it and will say it is the only remedy that gave me permanent relief and no bad results follow. I take pleasure in recommending this preparation to all my old comrades, who, while giving their service to their country, contracted this dreadful disease as I did, from eating unwholesome and uncooked food. Yours truly, A. E. BENDING, Halsey, Oregon. For sale by G. A. Harding, druggist.

### County Treasurer's Notice.

I have funds in my hands for the payment of all Clackamas county warrants endorsed prior to January 11, 1893. Interest will cease on the same from the date of this notice.

### FROM THE NATIONAL CAPITOL.

**Limits of the Cascade Reserve to be Changed—Interesting Notes About the Oregon Delegation.**

WASHINGTON, Jan. 15, 1896.—The ponderous wheels of the national legislative machine are beginning to move, and from this time on to the close of the session their revolutions will continually grow more rapid.

Senator Mitchell is now well settled in his new committee room. It is on the gallery floor and is one of the finest in the capitol. Here he works in the morning until he is called to committee meetings. After the committees adjourn he goes to the senate chamber where he remains until the set speeches begin; then he returns to his room and remains there until he disposes of his mail. This frequently keeps him engaged until late at night as its volume has been enormous this session, sometimes running as high as 100 letters in a day. Senator McBride has a very pleasant room in the terrace and is fast making himself acquainted with the details of the senatorial duties. He made his debut in the senate by reporting favorably from the committee on public lands, Senator Mitchell's bill to correct the injustice done to several hundred purchasers of forfeited railroad grants, under a ruling of the present secretary of the interior. This ruling was contrary to the construction placed upon the forfeiture act by his predecessor, Secretary Noble and by the present land commissioner, Mr. Laneoreau and deprives men who in good faith improved and cultivated railroad lands they purchased of all title. After the bill was reported by Senator McBride, Senator Mitchell put it upon its final passage. It went to the house and within 48 hours Mr. Ellis succeeded in getting a favorable report from the committee, reported the bill to the house and securing unanimous consent, passed it. Today the Oregon delegation in full force visited Secretary Smith to impress upon him its justice. It will probably be approved by the president. The action on this bill is one of the quickest pieces of legislative work on record.

Mr. Hermann has nice quarters in the terrace of the capitol and is, as usual, busily engaged upon matters which concern the welfare of Oregon. Mr. Ellis also has a room in the terrace.

The first formal meeting of the Oregon delegation was called a few days ago by the senior senator. Various important matters connected with the state's interest were discussed, views exchanged and policy determined upon. It was a very harmonious meeting and revealed the fact that the first thought of the members of the delegation is for the state, and each one of them is ready to sacrifice his individual views if necessary to the end that her interests may be advanced. The Cascade forest reserve was one of the matters considered. The delegation agreed to conform closely in their action to the wishes of the state as expressed in the memorial adopted by the legislature. They will endeavor to secure a division of the reserve into two, one around Crater lake and the other around Mt. Hood, segregate from the present reservation, valuable mineral and agricultural lands now included in it, and also to relieve a number of settlers who, under the present conditions of the reservation, are isolated and cut off from all possible neighbors. Senator Mitchell is now collecting data on the subject, and in my next letter I will probably be able to report the changes of the reserve to be urged upon the president.
