Canby Republicans Have a Big Rally, Elect Officers and Delegates—City Council Meets—Pops to Entertain.

CANBY, Jan. 22.—The city council met last night. Little business of importance was transacted.

There was an enthusiastic republican rally in Canby last Thursday night. Republican rallies in Canby are always successful. The meeting was addressed by H. S. Strange, of Oregon City. The election of officers for the ensuing year followed the address. Geo. Knight sr., was elected president of the club, Mr. Vineyard vice president, W. H. Dobyns secretary, and Geo. W. Knight treasurer. Five delegates to the Young Men's State League of republican clubs were elected, as follows: D. R. Dimick, G. W. Knight, H. A. Vorpahl, L. P. Howard and Halsey Phelps.

Mr. Fitch, populist, is advertised to address the citizens of Canby on Thursday evening of this week.

A speaker whose name we could not learn, has been talking in Knight's hall for the past two evenings on "Trade Exchange."

Canby is verily a town of speech makers during the present month.

Henry Knight, who was so seriously hurt in Wheeler's saw mill several months ago, is still in a serious condition. He has been taken to a hospital in Portland, and the best aid in the city has been secured to operate upon his arm. Fears are entertained that he may lose his arm.

Mrs. A. W. Riggs is also in a Portland hospital for treatment. She has had a difficult surgical operation performed. At last accounts she was resting as easily as could be expected.

A. G. Stogsdill has so far recovered from the grip as to be about town again.

Mrs. Anna Atkins, wife of James Atkins of this place, was buried in the Canby cemetery last week. In our last communication we made mention of her serious illness and now announce with sorrow her death. Her bereaved family has the sympathy of the entire community.

H. H. Wheeler, of this city, last week entered suit in the circuit court against C. T. Howard of Mulino. W. H. Dobyns represents Mr. Wheeler's interests.

W. H. Dobyns spent Saturday in Portland on legal business.

Attorneys E. F. Driggs, of Oregon City, and J. E. Marks, of Barlow, favored Canby with a call on Thursday last.

"Young America" in and about Canby enjoyed the recent snow as only Young Americans can.

Mr. Birchett, of Marquam, is visiting in Canby. He is the father of Mrs. William Knight, Mrs. Joseph Knight and Mrs. W. A. Avery, of this city.

Canby merchants are besieged by drummers from all parts. Our merchants do a good business.

Charles Foster, the genial constable of district No. 6, was in town on legal business today.

Geo. W. Knight spent Sunday in Portland.

Miss Bertha Sumner was in Oregon City Saturday negotiating for the purchase of real estate there. What does it mean when a young lady who never before invested in real estate, makes an investment during the first month of leap year? We are not inclined to speculate in futures.

Judging from present indications Canby will give its usual large republican majority next June.

John Moziam of this city today entered an attachment suit in Justice Foster's court against Richard Ball, Harry Ball and Mrs. Susan May. W. H. Dobyns is retained as counsel for the plaintiff—amount of claim about \$30.

Miss Myrtle Briethaupt has secured a position as teacher in the Stephens school in Portland, commencing January 15.

Mr. Royer has traded his farm here for one near Eugene. We are sorry to lose him and his family, as they are very estimable people. Mrs. Thompson has also traded for property near Woodburn and will move there soon.

S. B. Johnson has been quite ill for the past week, but is now improving.

Mr. Skirvin and Frank Grim have returned to San Francisco. They have been visiting relatives and friends here for a few weeks.

Ed. Freedolph has gone to Portland. He will work in the grocery store of Bohna & Wirfs.

Miss Calla Switzer, who has been visiting some time at Mrs. Borings, has returned home.

A number of very enjoyable parties have been indulged in lately by the young people, principally one given by Mrs. Briethaupt, a masquerade at Mr. Hazlewood's and a dance given by Mrs. Thompson on the 10th in honor of Miss Laura's birthday.

Viola Volings.

VIOLA, Jan. 20.—Revival meetings are going on at the M. E. church.

The Historical and Debating society meets Tuesday night.

The whist club met at W. C. Ward's last Saturday night. Seven tables were occupied until a late hour. The first prize was won by Miss Stella Karten and Dell Walker, while the booty was awarded to Miss Anita Jubb and Carroll Ward. The next meeting of the club will be at Arthur Mattoon's Saturday night.

The celebrated drama, Ole Olesen, will be given at the Viola hall next Wednesday, January 29, by the Logan dramatic club, assisted by D. E. Walker and Stella Karten, on this place.

The citizens of this school district met last Tuesday evening at the school house and organized a historical and debating society. The house was called to order by Mrs. Karten. As no program had been arranged the

history class of the school recited on the colonial history of Virginia in a manner that showed the thorough training they had received. The election of officers resulted in Mrs. Karten being chosen as president, Miss Florence Jubb secretary and treasurer, and W. C. Ward marshal. Mrs. Sevier read a poem on her native state, Michigan. A question was then suggested for discussion: "Resolved, That agriculture is the most profitable of all employments." C. G. Stone led the affirmative, supported by Messrs. J. Gerber, Dell Walker and S. Jubb. Rev. Quimby led the negative, supported by Messrs. Alfred Miller, Dr. Karten and Fred Walker. Strong points of argument were introduced on both sides, and by the replies made we think they had all been there before. The judges were Mrs. Jubb, W. C. Ward and A. Kitterman, who decided two to one in favor of the affirmative. After a few general remarks on education, etc., a motion to adjourn for one week carried. All expressed themselves well pleased with the prospects of the society. We will gladly welcome visitors. The fore part of the evening will be devoted to the study of history. The exercises of the after part to be determined at each previous meeting.

Fehlerville News.

FEHLERVILLE, Jan. 20.—A lot of snow fell here last week, reminding one of olden times "back east." But it has all disappeared.

Business is getting to be lively here. J. A. Thayer has sold sixteen acres of land to L. A. Forbes, who arrived recently from Nebraska. Mr. Forbes intends building in the near future.

J. G. Fehler has sold to B. W. King ten acres of land on which Mr. King is already building a house.

Mrs. Wm. Forbes and son, of Salem, are visiting with Mr. and Mrs. L. A. Forbes. They may locate here permanently if they find a suitable place. We hope they will succeed.

A. Mautz and F. Cunningham, of Maple Lane, were visiting in this vicinity one day last week.

L. Forbes has two sick horses with a touch of the staggers.

Herman Bruus is to leave us soon for San Francisco.

Fred Wourmes and S. D. Benell each has a sick horse.

We have been informed that the Fehlerville republican club has a populist secretary. We wonder if it is a republican or a populist club. If it is the latter we will withdraw.

Arthur Forbes has gone to work for Meyer and Randall on the Molalla road.

J. R. Davis, of Maple Lane, was in this vicinity several days ago, smiling as usual.

J. G. Fehler is making preparations to build a large chicken yard.

Oswego News.

OSWEGO, Jan. 22.—The republican club will meet in the old school house on the evening of the 24th to reorganize and elect delegates to the convention of republican clubs to be held in Portland on the 4th of next month.

Dr. H. L. Saylor, assisted by his brother, Dr. W. H. Saylor, of Portland, performed an operation on Martin Peterson, of South Oswego, on last Friday. Mr. Peterson had an abscess formed on his liver; it was necessary to cut in and insert a tube to carry off the pus. The operation was successfully performed and Mr. Peterson is in a fair way to recover.

Mr. Kellogg is fitting up a hall in his brick building near the depot to be let for lodge purposes, operas, etc.

Robt. Jacobson, who works at the pipe foundry, had his leg severely bruised on Monday by a large iron pipe falling on it. Fortunately no bones were broken and he will soon be all right again.

Conrad Meyer, who has been very sick with erysipelas, is much better and will soon be able to take his old place at the pipe foundry.

The Iron Company has been getting large quantities of coke lately, and there are rumors abroad that at some time in the near future the furnace will be put in blast. It is "a consummation devoutly to be wished." The political pot has begun to simmer in Oswego—just merely to simmer. When the proper time comes there will be plenty of fuel to make it boil.

Mulino News.

MULINO, Jan. 19.—Jim Stehman was taken to Portland last week to the Portland hospital. It is feared that the fatal hand of consumption is laid upon him and his parents entertain little hopes of his recovery.

A school exhibition, basket social and dance will be held in the Maryville school house, Friday night, Jan. 24. Proceeds to be used towards purchasing a bell.

Frank Albright, Sr. is not expected to live. The family sent to Oregon City for his two daughters last Friday.

"Pappy" Neukirschner returned to southern Oregon last Tuesday, to work in the gold mines.

William Bonney is driving team for Howard for a few days.

Mulino was treated to a few inches of snow, that lasted two days. This is an unusual occurrence for this place.

Clackamas News.

CLACKAMAS, Jan. 21.—B. Knox and W. Smith have gone to the Coast to take up land. Several others are going soon.

Mrs. O. Ganlebaugh has very poor health at present.

C. F. Clark and Dan Talbert were lucky enough to get two wild geese on Mr. Clark's farm, one of which was just in time for a feast on Mrs. Clark's birthday.

All hands hereabouts seem to turn to wood chopping instead of clearing.

Our W. C. T. U. paper gave us a new thought. Just think! Smoke houses for meat and smoke houses for men.

We just learned of Mrs. Foster's death.

Logan Mills.

LOGAN, Aug. 8.—The Logan flouring mills have been overhauled and refitted, and are now making a first class grade of flour. Will grind for one-eighth and guarantee satisfaction. [S] GUS FISCHER.

LOGAN LOCALS.

School Closed—Grangers Well Pleased—Debating Society Meets.

LOGAN, Jan. 20.—Many of the Loganites were rejoicing at the sight of snow, but alas! their rejoicing was soon turned to disappointment, as the rain came and melted the snow and thus spoiled the sleighing.

School in district No. 94, taught by Miss Maggie Hampton, closes on Wednesday, the 23d, with a literary program by the pupils. She will start for her mountain home on the following Monday. Robert Ginter's school closes in district No. 4 on Friday, the 24th.

A number of Loganites attended the Pomona Grange at New Era. All felt well satisfied with their trip, notwithstanding the weather was a little damp at the time, as the visiting Grangers were all loyally entertained.

There was to have been a joint discussion between the Logan literary and debating society and the Hatchery society on Saturday night at the Grange hall, but owing to the lecture and the stormy weather they did not appear. The Logan society held their meeting and argued the question. Resolved, That agriculture is the most profitable occupation of man, which was decided in the negative. They also had a fine program, consisting of songs and recitations, and the reading of the Logan Headlight, by the editor, A. M. Kirchem, which was spicy and interesting, being devoted principally to the "new woman," besides containing all the latest events of the day.

There was a public lecture at the A. P. A. hall on Saturday evening by a negro from Portland.

Mrs. Sprague and sister, Miss Clara Hutton, of Siringtown, was visiting at Mrs. Reed's Saturday night and Sunday.

H. Cromer, of Corkscrew, lost a fine saddle horse last week.

G. Fischer, sr., is slowly but steadily improving.

H. Cromer was visiting on Arthurs prairie on Sunday. Runy.

Harmony Notes.

HARMONY, Jan. 20.—Snow fell all day last Wednesday with a heavy northeast wind. It began melting the next day and was about gone by Saturday.

Mr. Kilton has commenced work on a new residence which he intends to occupy. The Christian Endeavor society elected officers yesterday for the ensuing six months. Harry Gifford was elected president, John Wise vice president, Asa McLaughlin secretary, and T. Hagenburger treasurer.

The Evangelical class held its election a few days ago. Albert Fankhauser was elected director for three years, and superintendent of / Sunday school for one year. Mrs. Wiscoorey was elected assistant superintendent, Raleigh Karr secretary, Harry Gifford treasurer.

We hear a great deal about graded roads. It appears that kind of a road will network in this part of the county. It is said a buggy became fast in the mud the other day on a road that was graded last year, and also the year before. The people do not seem to see their hard earned tax money spent in this way. Roads that have been graded seem to be more durable.

A great deal is said also about the failure of our last legislature to reduce taxation. It appears that unless the republican convention is very careful as to whom it nominates for the different offices, the populists will have occasion for a good many congratulatory shakes.

Our debating society is progressing. The question discussed last Friday evening was, Resolved, That the horse has promoted civilization more than the locomotive. Ed. Lyons led the affirmative, Raleigh Karr the negative. Most all the members present took part in the discussion. The judges rendered their decision for the negative. The society was also entertained by the reading of a paper by Henry Kanne, Walter Hagenburger and Dan Gaffney. The question, Resolved, That doctors are more useful than lawyers, was decided in favor of the affirmative. Hiram Danalls is the treasurer of the society. His name was omitted in a former communication through some mistake at the office.

Mrs. J. Wise is but little if any better.

Clyde Phillips, of Canby, was visiting relatives here last week.

Mr. and Mrs. Willard went to the Columbia slough Saturday to attend the funeral of a relative at that place.

John Luther, formerly of this place, is located permanently on his farm in Washington county.

Miss Etta Karr, of Portland, is visiting her parent here for a few days.

Chas. A. Fitch, editor of the Herald, delivered a populist speech here a few nights since. About forty-four were present.

Hatchery Items.

HATCHERY, Jan. 21.—We've had some snow the past week which covered up the mud.

Dan Watts and family, from Nebraska, have moved into our neighborhood. Mr. Watts visited this country seven years ago and returned to Nebraska. But seven years of starvation satisfied Dan. He has come this time to stay.

John Hattan has erected a shed under which he intends to make pickets while it rains.

Grandmother Baker has been quite poorly of late.

Clara Hattan, with Mr. and Mrs. Frank Wilson, of Logan, attended the Grange at New Era last week.

quest of Annie Mumpower the past week.

A daughter was born to the wife of Sol Wheeler January 11th.

Mr. Orr, who has been quite poorly with dropsy, does not seem to improve.

An enjoyable crowd gathered at the residence of John Hattan last Sunday evening. The time passed pleasantly away with music and singing.

The A. P. A. of Logan, held an open session on January 18. Mr. Warner, of Portland, gave the people some very stubborn facts to reflect on.

This section of the county is beginning to wake up. The Hatchery literary society is in the lead; Wm. Byers president, Anna Mumpower secretary. The question of remonetizing silver was well debated and decided in the affirmative; so we will have silver money hereafter. Our next question is, Resolved, That agriculture is the most profitable occupation for man. Leader on the affirmative, T. White; on the negative, R. Ginter. A lively time is expected. The name of the literary paper is The Hatchery Cyclone. We think the proprietor of the Enterprise would do well to employ the Hatchery editor, J. G. Mumpower, to edit his paper for six or twelve months. The Cyclone is a twelve column, newsy, noisy, howling paper.

Mark's Prairie Notes.

MARK'S PRAIRIE, Jan. 15.—(Too late for last issue.)—Snowing this morning.

Hop men have been busy cleaning up their yards preparatory to spring work.

P. Cook, a former resident of this neighborhood, passed through the prairie on Monday en route to Neely, where he will embark in the mercantile business. Pete is a good fellow and we bespeak for him a hearty welcome and a liberal patronage.

F. M. May has purchased a part of the Brown estate and is busy preparing himself a home.

Our esteemed friend and fellow citizen, J. Neulander, has sold his farm to the Kochers, and will take a trip to the East in the spring. John is a good neighbor and we are sorry to lose him.

C. Kosier, the chicken fancier, left for Portland on Sunday's train with a wagon load of the finest poultry in the county to attend the show at that place.

Several of our Prairies tied themselves to the county seat last Wednesday. Wonder for what.

On a dark night last week sneak thieves entered the barn of John Ameter and stole some hauled hay (none of Bill Nye's kind) and a set of single harness. Those fellows had better "look a leetle out," for the way some old men are buying powder and shot and cleaning up their artillery is a caution.

We wouldn't be surprised to hear of the coroner holding an inquest on the carcass of some of the light fingered gentry.

The political pot is beginning to boil, and you will hear from this neck of woods in due time.

Restes.

The I. A. S. C. gave its first entertainment Saturday evening which was very largely attended on account of the very bad weather. Crisswell, Fred Epler, and of the ladies Messrs. Nettie Wood, Augusta Schlick-eiser. Mrs. Young, Misses Ida Ohlen and Louisa Bookman favored the club with some excellent songs which were much appreciated. Two weeks from that night the club will give a Saturday night dance, and on the 23d of February a grand masquerade. All are invited.

CRESCENT, Jan. 21.—The weather is very nice at present. There has been no rain for about two hours, but the drought probably will not last much longer.

Willamette Falls Notes.

WILLAMETTE FALLS, Jan. 17.—We had a delightful leap year ball at Batdorff's hall January 16. All present enjoyed a good time.

Mr. and Mrs. Joseph Batdorff have returned from their eastern trip. They report a fine visit, but harder times in the East than in Oregon. Joe says Oregon is a pretty good place to live in after all.

Batdorff Bros. will give a masquerade ball February 6th, to which all gentlemen are invited to come and bring their ladies. We will have good music and
