Chamberlain's Cough Remedy is famous for its cures of bad colds. It opens the secretions, relieves the lungs and aids nature in restoring the system to a healthy condition. If freely used as soon as the cold has been contracted, and before it has become settled in the system, it greatly lessens the severity of the attack and has often cured in a single day what would have been a severe cold. For sale by G. A. Harding, druggist.

Mrs. Kate Staub, wife of R. Staub, died Saturday evening, January 18th, at Ely. She was aged 22 years, three months and 21 days, and the cause of her early demise was consumption. The funeral services occurred at the family residence Monday at 10 o'clock a. m., conducted by Rev. H. E. Hornchuch. The interment took place at the cemetery in the Mink settlement. Mrs. Staub leaves an infant son about four months old. The sympathy of many friends is extended to Mr. Staub.

He imagines that his neighbors are trying to poison him, and says that he has eaten enough poison during the past month to kill a million men. Jones was taken to the state asylum Monday evening by Sheriff Maddock and Deputy Hyatt.

## THE OREGON POULTRY SHOW.

Clackamas County Carries off the Sweepstakes.

The first annual show of the Oregon Poultry Association held at Portland last week, was a great success financially, as well as in the splendid exhibition of thoroughbred fowls. The conditions of the weather were very unfavorable for a large attendance from the outside districts, but the management have reason to be complimented upon the flattering success of their first annual exhibition. For the past two years, Frank Lee's paper, the Northwest Pacific Farmer, has continuously advocated the permanent organization of a state association and the holding of poultry shows at stated intervals. The success of the organization is now assured, and a new interest has been awakened in poultry breeding.

The display of magnificent birds of every imaginable variety would have been a credit to any one of the great poultry exhibitions in the East, which are so largely attended. Clackamas county carried off the sweepstakes prize, and Justice Elmer Dixon's various coops were adorned with red and blue ribbons. Mr. Dixon was awarded 12 regular prizes and 12 special prizes. He received a first premium on his fine white Langshan hens, which were beauties. On brown Leghorns, he received first prize on pullets, 1st on cockerel, 1st on exhibition pen; 2nd premium on pullet, 2nd on cockerel and pen; 3rd on cock, 3rd on hen, 3rd on pullet, 3rd on cockerel. Mr. Dixon received the sweepstakes prize for the largest number of birds scoring over 90 points, an "American Wonder" incubator, valued at \$25. He also received a \$5 pair of bronze vases, donated by M. Soller & Co., for the highest scoring brown Leghorn cockerel, also the highest scoring bird in the show.

Chris Kocher, the well known poultry breeder of Mark's Prairie, brought to some fine birds, but disposed of them to Vincen & Son, who had 175 fowls many of them prize birds purchased at Tacoma and other points. One of the Kocher birds carried a valuable prize, a \$15 cultivator. In the sweepstakes prize, Mr. Dixon had to compete with the 175 fine birds exhibited by Vincen. William Dixon exhibited a band of four Plymouth Rocks, and received 1st and 2nd prizes on hen, and 2nd on pen.

J. M. Garrison, of Forest Grove, had a fine exhibition from his yards, and won a number of prizes, as follows: Eight Brahmas—1st on cockerel, 1st, 2nd and 3rd on pullets; 1st on pen. The premium pullet weighed 10 1/4 pounds.

Wyandottes—1st, 2nd and 3rd on cockerels; 1st, 2nd and 3rd on pullets and 1st on pen. Plymouth Rocks—1st, 2nd and 3rd on cockerels; 1st and 2nd on pullets; 1st on pen. Mr. Garrison had 120 birds on exhibition. Dr. J. W. Powell purchased one of the Plymouth Rock roosters, to add to his yards, he being something of a poultry fancier.

The Oregon Poultry Association has the following officers: President, L. B. Chipman; John Vincen, vice-president; Guy T. Hunt, secretary; Frank Lee, treasurer. Mr. Lee is something of a bird fancier, and was awarded the first prize on silver Wyandott hen, 2nd on cock and 3rd on hen. Also second on hen in black Langshans.

The association after paying all expenses, have 175 coops left for next year's exhibition. The results of this show will give a new impetus to poultry breeding in Clackamas and Multnomah counties, as well as in other sections of the state. Clackamas county is well adapted to producing fine breeds of poultry, and will continue to lead in that line as it has already made a good beginning in that direction. Justice Dixon succeeded in carrying off about \$40 worth of prizes alone. H. Moore, of Clackamas, had on exhibition a fine specimen of the Muscovy duck.

### Chautauqua Influence.

It is a notable fact that Chautauqua movement has worked a revolution in Oregon City social circles within the past three years. The change is so noticeable that it is frequently commented upon. In fact, Oregon City is surely becoming a center of culture, and intellectual people from every portion of the country visit the city at least once a year. A number of the residents are taking an active interest in the study of literature and kindred subjects; the social, literary and musical entertainments have attained a higher standard of excellence; art is receiving special attention, and a high grade of musical culture is becoming deservedly popular. As an example of this improved condition of things may be mentioned the absorbing interest taken in Miss Barlow's and Mrs. Charman's musical choruses and Mrs. William's musical society. The indications of culture and a higher civilization, commensurate with the commercial and manufacturing growth of Oregon City, is due to the influence of the Chautauqua circle.

### The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physicians' prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a minister of the Methodist Episcopal Church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at Charman & Co.'s drug store.

Two prominent young men of this city were invited not many days ago to attend an evening party. In fact it was a leap year affair, and they had been invited by the respective young ladies to call for them at their homes. One of the young men was directed to call at the proper house, but called at the wrong place at the first break. At the second place he was invited in and conversed with the host for about 20 minutes before he discovered his mistake. Finally, after another attempt or two he reached right house. The other gentleman, too, had a time. The young lady that he was to accompany to the party resembled her sister so much, that he made a mistake and went with the latter, and did not learn the difference until they started to return home.

The dry goods stores are doing a rushing business in red, white and blue ribbon during the last few days, all on account of the football craze, which has struck the pupils of the public school with considerable force. Their is considerable rivalry over the football colors between the Eastham and Barclay schools, and the boy is not in it who does not carry an extra supply of ribbon in his pocket. It is amusing to watch the young gallants, while on their way home from school. With all the persuasive language at their command they will induce some little girl to wear his favorite colors. Often, after a few minutes the little girl meets another boy of the opposite side and changes colors.

### A KNIFE

In the hand of a Surgeon gives you a feeling of horror and dread. There is no longer necessity for its use in many diseases formerly regarded as incurable without cutting.

The Triumph of Conservative Surgery is well illustrated by the fact that RUPTURE or breach is now radically cured without the knife and without pain. Clumsy, chafing trusses can be thrown away. They never cure but often induce inflammation, strangulation and death.

TUMORS, Ovarian, Fibroid (Uterine) and many others, are now removed without the peril of cutting operations. PILE TUMORS, however large, Prolapsus of the lower bowel, are permanently cured without pain or resort to the knife.

STONE in the Bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting.

STRICTURE removed without cutting in hundreds of cases. For pamphlet, references and all particulars, send 10 cents (in stamps) to World's Dispensary Medical Association, No. 643 Main Street, Buffalo, N. Y.

MOTHERS and those soon to become mothers, should know that Dr. Pierce's Favorite Prescription robs childbirth of its tortures, terrors and dangers to both mother and child, by aiding nature in preparing the system for parturition. Thereby "labor" and the period of confinement are greatly shortened. It also promotes the secretion of an abundance of nourishment for the child.

Mrs. DORA A. GUTHRIE, of Oakley, Oregon Co., Ore., writes: "When I began taking Dr. Pierce's Favorite Prescription, I was not able to stand on my feet without suffering almost death. Now I do all my housework, washing, cooking, sewing and everything for my family of eight. I am stouter now than I have been in six years. Your 'Favorite Prescription' is the best to take before confinement, or at least it proved so with me. I never suffered so little with any of my children as I did with my last."
