FRIDAY, FEBRUARY 14, 1896.

MT. HOOD CLIMATE.—Rev. A. J. Montgomery received a letter a few days since from O. C. Yocum, who is spending the winter at Government Camp at the base of Mt. Hood, in which he gives a summary of the weather on the summit of the Cascade mountains. The coldest days he states were December 17th, when the thermometer registered 7 degrees above zero and on January 15 and 16 it registered 10 degrees above.

FINE POULTRY.—There are now no less than fifteen persons in the vicinity of Oregon City breeding fine poultry and with the interest now manifested it will not be long until Clackamas county will be one of the leading poultry raising counties of the state and instead of importing as is often done to this city, eggs and chickens, we shall become exporters and thus add another source of revenue to our county.

FISHERMEN ORGANIZE.—The fishermen engaged in fishing in the Willamette between this place and Portland have organized a union of their own, independent of the Columbia River Fishermen's Protective Association and its members and the securing of better market advantages to the fishermen of the Willamette. The organization has some 35 members and expects to have between 60 and 75 members when the fishing season opens.

vice-president, John Erickson, Oswego; secretary, M. Richards, Oregon City. The central board is composed of M. A. Magoon and W. B. Jennings and J. Haines, of Oswego. The financial affairs of the association is in their hands and they also act as a board of arbitrators to settle any difficulty between the members. The association starts with flattering prospects for its success and its promoters hope to make it a permanent fixture and capable of doing much good to the fishermen.

Another Attempted Hold-up. There was another hold-up on the Electric line Saturday night, this time the unfortunate car being the one leaving Portland at 10:30, and when it reached a point opposite Risley's, the same actions were gone through with as on the recent occasions, a light appearing on the track, etc., and when the car reached the formidable spot a grating underneath caused visions of dynamite to whirl through the imaginations of the frightened passengers, who crept under seats and made themselves as small as possible. The motorman brought the car to a standstill and a pause ensued. The would-be robbers boldly climbed out, and a feeling of happy surprise greeted them when it was seen that they were our popular townsmen, H. S. Strange, J. U. Campbell and T. P. Randall who were just returning from a campaigning tour. An offending cigar and a cane had caused the panic. Next time our politicians go campaigning, they would better carry a white flag.

FIREMEN'S BALL.—The fire lads of Oregon City are preparing to give a grand ball on the evening of February 27 at Weinhard's hall, this being the dedicatory event for their fine new hall, Mr. Weinhard having given the free use of it to the firemen for this occasion. This hall is one of the finest in the city and has commodious dressing and toilet rooms and a fine stage and the floor space will accommodate all who wish to dance and will be very smooth and easy for the dancers. The music will be furnished by Everett's full orchestra, a guarantee of its excellence. Tickets are 75 cents and are in the hands of the members of the department. The greatest care will be exercised in having only the better class present and no unbecoming conduct will be allowed. The proceeds will be for the benefit of the fire department to assist in paying their regular expenses.

REVIVAL MEETINGS CLOSED.—Friday evening last the services of the revival meetings that have been held for the past four weeks in the Baptist church were closed. This revival was a joint effort of the Congregational, Baptist Methodist and Presbyterian churches and Pastors Cowan, Rugg, Stryker and Montgomery proved themselves a strong team and their sermons were fine efforts and appreciated by their congregations. The attendance was quite large and much interest was manifested and the good effects of these meetings will be felt in the religious work in Oregon City for some time to come.

"Uncle Josh" (sp. u. b.). "Uncle Josh Sprucey" comes to Shively's opera house one night only, Saturday, February 15. The old fashioned "huskin bee," with its country dance and harvest festivities, occupies one act. The scene is laid in Uncle Josh's barn, on the old Maine farm. The heaps of yellow corn, the stacks of golden pumpkins, the stacks of golden pumpkins, the stacks of golden pumpkins, the stacks of golden pumpkins, the stacks of golden pumpkins.
