Psychology may be described as self-development. One whose mind is trained, whose ideas run in certain channels, can certainly accomplish more in certain lines, than one whose mind is untrained. As the brain grows, the mind grows. Let us, as consciencious teachers, make a daily study of our own natures and try to improve them. Willpower is the greatest faculty of the mind. Every time we resolve on following a certain course, and because we encounter difficulties, give it up, we weaken our power of will. 'Do right because it is right.' " Mr. Durette and Mr. Har-

State Superintendent Irwin addressed the audience. His address was quite lengthy but was helened to with noflaging interest. He corrected several erroneous impressions in regard to state papers, and said that Ovegon required a high grade of educational work. In New York, for instance, one can receive a state dipioma on a grade of 75 per cent. while in Oregon we require a grade of 85 per cent. To receive a life diploma in Oregon one must receive an average of his best work in that school. If a teacher 100 per cent., while a life diploma is do the best work of which he is capable, grade. At the last county examinations, 50 per cent. of the applicants throughout the state failed to pass. Oregon ranks second in the United States on educational lines. Our state is not a "back number.'

Parkplace-Wadstone District.

The attendance at the annual school meeting in the Parkplace- Hadstone district was quite large and the principal's room in the school building was filled to overflowing. The best of feeling prevailed and the meeting was very harmonious, Capt. W. f., Smith, chairman of the board, called the meeting to order and the district clerk H T Sladen then read the minutes of the previous annual meeting and a detailed financial statement of the affairs of the district. It was shown that the receipts for the year had been, cash from the previous clerk, \$27.60; received from tax account, \$2226.75: from tuition, \$6; making a total or \$2260.35. The dishursements were, for teachers, \$989.86; interest, \$254.03; notes paid, \$900; insurance, \$68.00; wood, etc. \$48.16; making a total of \$2200.35. There were outstanding warrants to the amount of \$1666.05 and of bonds \$4300; making the total indebtedness of the district \$5965 05. It was also shown that during the year the districts inpebtedness had been reduced \$155, besides meeting all obligations and maintaining an eight-months school.

After the reports were read, the election of a director and clerk was had. H. E. Cross and Geo, Maple were appointed tellers. W. H. Smith, the out-going director and R. L. Russell were placed in nomination for director. Mr. Smith was elected, the ballot standing 32 for bim and 22 for Mr. Russell, H. T. Sladen and Cicero Rinearson were the nominees for clerk. Mr. Sladen receiving 38 ballots to Mr. Rinearson 16, he was declared elected clerk for the ensuing year.
