Doings of a Young Burglar—Arrested and Held to Bail—Meeting of Republican Club—Short Speeches.

MILWAUKEE, March 10.—Last Saturday evening while our blacksmith, Casper Kerr, was at the republican club meeting some one entered his room and robbed his trunk of \$7.50 in coin, a pocket knife, a bunch of keys and sundry other articles. When "Cap" as we call him returned home and discovered that he had been robbed he kept his composure and went to work on the sly to catch the burglar. On Sunday he went to Portland and stated the case to Detective Summons, telling him that he suspected Ed Pable, of Milwaukee. Summons at once remembered having arrested Pable some time ago on a charge of stealing some rings, but he was released on returning the goods. Cap proceeded with an officer to a saloon on Second and Burnside streets, Portland, where they found the lad preparing to have a good time. He was allowed to reside at the police station until Monday, when Constable Robinson, armed with a warrant, went down and brought him up to Milwaukee. He was given a preliminary hearing before Judge Lakin, who bound him over to appear before the grand jury, fixing his bond at \$300. The boy's father and B. Quant were his bondsmen. Ed made a full confession, and returned to Cap his money except 30 cents which he had spent. On searching the boy's pockets they found keys galore, an old razor taken from Cap, and among other things a piece of candle, which shows that young Pable was well equipped for plundering houses. Pable also confessed to having burglarized several other houses in the neighborhood, among them being A. J. Walker's, Mr. LaGrand's, and B. Campbell's. From Mr. Walker he stole a certificate of deposit for \$50, a revolver and a pocket book. He had pawned the pistol in Portland, giving his name as Brown, of Oregon City. When Mr. Walker, accompanied by Pable, called at the pawnshop to get the revolver it had been sold, and as it has been some two months since it was pawned it will be impossible to recover it. Of course Mr. Walker stopped payment on the certificate. Pable is only about 18 years of age, and his sentence may be somewhat light on account of his youth; but the community could get along very well without him for five or six years, and probably longer.

Our republican club met Saturday evening according to notice, but the speaker, John D. Mann, of Portland, failed to be present. Some of our young men, however, were equal to the occasion and made short, impromptu speeches, among whom was Prof. T. J. Gary, our candidate for county superintendent, subject to nomination. The club quartette rendered the following pieces splendidly: "The Triplets—Johnny Bull, Grover Cleveland, and the English Lion," "During the Reign of Great Grover," and "Grove Cleve's Body."

Miss Anna B. Scott, who has been visiting friends at Pomeroy, Washington, for some time past, has returned home. Her cousin, Miss Mallet, of San Francisco, is visiting her family.

Mrs. Chas. Dauchy, of Gladstone, was a caller at the home of Mr. and Mrs. John H. Gibson last week.

Fred Lehman has calmed and repaired the interior of his butcher shop, improving its appearance and adding greatly to its sanitary condition. CAREY C. NOEL.

Twin City News.

PARK PLACE AND GLADSTONE, March 3.—(Too late for last week.)—The literary society met as usual last Saturday evening. The question for debate, Cuban liberty, was very equally discussed by the boys. The judges rendered their verdict in favor of the side arguing that Cuba should be free. The society will hold their closing meeting on next Saturday evening. The reason we close now is, it is getting to be that time in the season when so many other things command the attention of the boys, football among the rest. The whole people, however, seem to have lost sufficient interest as it is always the case about this time of the season, so we deem it advisable to close until next fall.

The wife and children of Rev. J. H. Hargreaves, lately of Gervais, Oregon, are visiting relatives here, and will leave this evening for Portland where they will take the Shasta limited overland for Anderson, California, where Rev. Hargreaves has lately been made pastor of a Baptist church.

PARKPLACE AND GLADSTONE, March 9.—The closing meeting of the Parkplace literary society was held on the evening of Saturday last. The two upper rooms of the school house were comfortably filled with an interested audience. It had not been intended that a debate should be had at the closing meeting of the society, but as many who were on the program for literary exercises were not present, thus making the program rather short, the following question was chosen for debate: Resolved, That single life is more to be desired than married life. The boys did very well in their last speeches for the season, although they had had but a few moments notice that they would be called on. After the discussion, which was won by the affirmative, an interesting literary program, consisting of solos, duets, quartettes, recitations, readings and dialogues, was rendered. The interesting news of the week was read from the columns of the Expositor by the editor, and caused much laughter, especially when the editor closed the terms of the paper by sending them all a farewell kiss.

After all had enjoyed a very pleasant and happy time, the Parkplace literary society adjourned for the season.

The Parkplace Library society held a meeting on Monday last for the purpose of electing officers. Jesse Paulsen was re-elected as president, this being his third term; Carl Brown vice president, Winnifred Dauchy secretary and librarian, Dollie Cross treasurer.

The teachers' association met in this place two weeks ago, and the people furnished

the teachers an excellent dinner for which the latter paid twenty-five cents each, thus raising a neat little sum with which to purchase books for the library. The books when secured will add greatly to the large store of useful books already in hand. The highest praise is given Professor Gray for the good work he has done along several special lines besides the good work he has done in the school. He is to be specially commended for the task he performed in establishing a fine library, and for the deep interest he has taken in that work from the beginning. We all wish the professor may get the office of county superintendent at the next election, as he is well qualified for the place, although we would deeply regret having to lose him, as he has been with us now four successive terms. However, we have the satisfaction of knowing that if he is elected to the office of superintendent he will never lose his interest in Parkplace or lose an opportunity to do good.

Died, at her home on Clackamas Heights, early Saturday morning, Grandma Hickman. The funeral service was preached at the Methodist church of Oregon City Monday forenoon.

Before the balloting commenced the question, who are legal voters? was raised, and after the law was read and expounded, and discussed, the voting proceeded after the method of voting at county and state elections, a hat being used for a ballot box. Wm. Counsell was elected director for three years. George Wise was re-elected clerk. A nine months school was voted for and carried. At the special meeting held in January a tax of one mill and a half was levied, and as we are in debt a little at present we will be in debt at the end of the present school year. A contract was awarded to Mr. Dannah for wood at \$1.60 a cord.

The judges gave their decision two to one for the affirmative. The question for next Friday evening is, Resolved, That cheap literature does more harm than good.

Mrs. J. Wise, who we reported ill, is improving a little, but not enough to gratify the wishes of her many friends.

He died at the home of his father Sunday morning, March 1. His health began failing early in the fall of last year as a result of hard work and exposure. He was taken to the Portland hospital in January, and thence to Eastern Oregon, but receiving no benefit from the climate he returned home. He was two days in the St. Charles hotel, Portland, without attendance, before his father received word that he was there. He was 17 years of age, and was an industrious, upright boy. The family have the heartfelt sympathy of every one who knew him.

"The hopes of high-hearted friends droop like fading flowers upon his breast, and the struggling sigh compels the tear in eyes that seldom weep."

Canby News.

CANBY, March 10.—Another wedding in Canby. This time it's the old folks. Mr. S. T. Fisher and Mrs. Libbia A. Bates have concluded to join hands for better or for worse. The happy couple have the congratulations of a host of friends.

Canby has a little sensation occasionally. The last one was over a violation of the ordinance prohibiting the riding of bicycles on the sidewalks. John Enger and Frank Zollner filled the general coffers of the city a little fuller by depositing \$2.00 each in satisfaction of the demands of Judge Shanks for violating the provisions of the said ordinance.

Canby people talk politics occasionally. We have many good republicans and lots of enthusiasm. Our two candidates for county recorder are both first class men, and are rustling for the home delegation. Your correspondent would like to see both elected to good positions.

Judging from present indications Canby cannot long boast of having more old bachelors and widowers to the square yard than any other town. Look out for verification a little later.
