In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter, Co., Cal., was taken with a very heavy cold. The pains in his chest were so severe that he had spasms and was threatened with pneumonia. His father gave him several large doses of Chamberlain's Cough Remedy which broke up the cough and cured him. Mr. McFarland says whenever his children have cough he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by G. A. Harding druggist.

Mrs. M. F. Bogan, of Marion county, has filed a bill for \$30,000 damages against Clackamas county. She alleges that while driving over the county road from Aurora to Barlow she met with an accident and sustained severe injuries, fracturing her jaw bone, spraining her arm and injuring her spine to a considerable extent. She further alleges that one of the horses stepped on the end of a loose plank in the roadway, causing the other end to fly up in the air, which frightened the horses to such an extent that they ran away, throwing Mrs. Bogan from the vehicle and resulting in the injuries above mentioned. The complainant was present in person and by her attorney, W. W. Thayer, on last Thursday, who laid her grievances before the court. The court postponed further consideration of the matter until the next regular term in April.

Dr. Cowan, of the Congregational church, began a series of lectures last Sunday evening on John Bunyan's "Pilgrim's Progress," illustrated with black-board exercises. This book is one of the standard works of English literature, and notwithstanding its widespread popularity, is considered by many people as very prosy reading. Dr. Cowan, however, presents the subject in such an attractive and interesting manner, bringing out the moral lessons in such a forcible way, that the audience are impressed and delighted. After next Sunday evening this series of lectures will be continued. Rev. H. L. Bates, of Forest Grove, will occupy the pulpit of the Congregational church next Sunday, morning and evening.

Plans have been made for the construction of two store rooms 28x60 feet in the basement of the M. E. church on the corner of Main and Seventh streets. The plan is to raise the main building from its present foundation, in order to give sufficient height to the store rooms. There is plenty of room for an entrance stairway to the church on the Seventh street side of the building, and would not inconvenience those who attend services at that place. This is one of the best business corners in the city and the church would derive a handsome revenue from the rental of the proposed store rooms.

McLaughlin Chautauqua circle will meet next Monday evening at the residence of Mrs. A. S. Dresser, with Dr. H. E. Ferrin as leader. Owing to her pressing duties as secretary of the Willamette Chautauqua Association, Mrs. Dye will not have time to devote her time to this part of the work for the remainder of the year. It is the plan to meet at the residences of the members, and select leaders from the circle to conduct each weekly meeting, until the present course of books are completed. It is intended to vary the program for each evening with musical selections.

The Oregon City Union Y. P. S. C. E. will hold a grand rally at the Congregational church next Tuesday evening, March 17th. Prominent speakers from Salem and other points will be in attendance. Preparations are progressing favorably for the state convention, which convenes here next June. Everybody is invited to attend the rally next Tuesday evening. It will be an interesting gathering, and local speakers will assist those from abroad.

Miss Celia Goldsmith, who is at present in San Francisco, selecting spring and summer styles for the first grand opening, writes that she has been most fortunate, being able to purchase from a milliner just from the French capital, Parisian trimmed hats and bonnets, she especially requests the ladies to wait until her return in about 10 days, before deciding to purchase, as she will show the most beautiful and tasty goods ever brought to Oregon City.

Peter Nehren, the efficient janitor at the court house did a good job last Saturday that is gratefully appreciated by the hundreds of people who cross the suspension bridge daily. He secured 500 feet of hose from the fire department and attached the same to the hydrants on the bridge, and proceeded to wash the deep accumulations of mud that had been carried on the bridge by passing vehicles off into the river until it was as clean as a newly scrubbed floor.

The bachelor party given at Shively's opera house last Friday evening by the male members of the Presbyterian Y. P. S. C. E. proved a splendid success. There were young lady doorkeepers, but the literary and musical program and all the entertaining was done by the young bachelors. The affair was a novel one, and proved very interesting and entertaining.

In the notice of the lecture and entertainment given at Willamette hall by the Meade Relief Corps we regret omitting mention of the music furnished by Mrs. Reed and Miss Beatrice Barlow. It is needless to say the instrumental pieces furnished by both was beautifully rendered and highly appreciated by the audience.

Mr. Harrington has a host of friends in Clackamas county who are glad to note the merited honor that has been conferred upon him by his fellow citizens of Morrow county in making him their sheriff, knowing that his integrity and manhood is above reproach.

## Republican Rally.

Friday evening the Oregon City Young Men's Republican club held a rally in Pope's hall. President J. W. Moffatt of the club was in the chair and the hall was fairly well filled with an appreciative and enthusiastic audience, the attendance having been lowered by the stormy weather prevailing and other gatherings in the city.

Hon. T. T. Geer, of Marion county was the leading speaker of the evening and he fully sustained his reputation as a forcible and pleasing orator and his hits were many and to the point. His illustrations of populist follies and democratic failures were so apt that he was greeted with frequent applause. His speech was replete with facts and figures and cannot but be a factor in strengthening the cause of the republicans in this county.

Following Mr. Geer, Hon. Geo. C. Brownell was called for and responded in a brief but telling speech in which he outlined the present policy of the republican party and what the country could expect at the hands of the party in the event of its coming into power.—a thing that would surely transpire as that the people had a chance to vote. Mr. Brownell fully sustained his reputation as an orator of more than average power; his speech was well received and listened to with marked attention by the voters of all parties who were present.

J. E. Wetzler, a well-known young republican of Milwaukee, was in the city Monday. Mr. Wetzler has recently organized a male quartette in the club at his town and their singing is a feature of the club meetings. It is expected that the quartette will be present and favor the republican county convention with several of their catchy, stirring songs.

## More Candidates.

Through an oversight on the part of the editor and a slip in copy on the part of a compositor the Enterprise failed to mention it in its list of probable candidates all the names that will be presented to the republican convention for its consideration.

For assessor the name of J. N. Harrington was omitted. Mr. Harrington is an old time resident of the county, until recently a successful farmer of Highland but now residing at Ely, near this city. He has been a deputy assessor and is considered a man of good judgment, honest and upright.

For county surveyor there appears to be only one candidate, D. W. Kinaird, the present incumbent. Mr. Kinaird is also roadmaster but as he does the work of the two offices for one salary there is no kick coming to the taxpayers. As this is his first term and he has proved so efficient a man for the place and has given such universal satisfaction his nomination is sure to be by acclamation.

It is reported that Mr. Holman is to have a rival candidate for the office of coroner, Dr. H. E. Ferrin having been put forward by his friends for the position. Dr. Ferrin is a well-known physician of Oregon City and his candidacy would be a strength to the ticket.

For justice of the peace in the Oregon City district the name of J. W. O'Connell is the only one that has so far been mentioned. Mr. O'Connell is a former school teacher and is a well educated, bright young man and fairly well read in law. He was the republican nominee two years ago and was only defeated by a combination that was made against him.

The Abernethy republican club will hold a rally at the Parkplace school house on Saturday of this week. The orator of the evening will be Hon. George C. Brownell, and it is the intention of the club to make this one of the greatest republican gatherings ever held in Parkplace. The populists and democrats are cordially invited to attend, and the ladies are also cordially invited to be present.

A large landslide from the hillside into the ravine below Portland heights, occurred last Sunday. The home of Donald McDonald was demolished, and Daniel Campbell and Miss Isabel McDonald were both crushed to death. Other members of the family narrowly escaped with their lives.

## HEART DISEASE, like

many other ailments when they have taken hold of the system, never gets better of its own accord, but constantly grows worse. There are thousands who know they have a defective heart, but will not admit the fact. They don't want their friends to worry, and don't know what to take for it, as they have been told time and again that heart disease was incurable. Such was the case of Mr. Silas Farley of Dysaville, Ohio who writes June 19, 1894, as follows:

"I had heart disease for 23 years, my heart hurting me almost continually. The first 15 years I doctored all the time, trying several physicians and remedies, until my last doctor told me it was only a question of time as I could not be cured. I gradually grew worse, very weak, and completely discouraged, until I lived, propped half up in bed, because I couldn't lie down nor sit up. Thinking my time had come I told my family what I wanted done when I was gone. But on the first day of March on the recommendation of Mrs. Fannie Jones, of Anderson, Ind., I commenced taking Dr. Miles' New Cure for the Heart and wonderful to tell, in ten days I was working at light work and on March 19 commenced framing a barn, which is heavy work, and I haven't lost a day since. I am 66 years old, 6 ft. 4 1/2 inches and weigh 220 lbs. I believe I am fully cured, and I am now only anxious that everyone shall know of your wonderful remedies."

Dysaville, Ohio. SILAS FARLEY.
