The Oregon City demi-monde packed up their belongings and band boxes, and removed to Portland last Saturday. Martin, the genial prescription clerk at Harding's drug store, was married last Monday at Beaverton, Washington county, to Miss Alma Klink, a most estimable young lady of that place. The nuptial knot was tied by Rev. Gabriel Sykes, formerly pastor of the Methodist church in this city. No invited guests were present except the families of the bride and bridegroom. Mr. and Mrs. Martin came to Oregon City, Tuesday, and are stopping at the Electric Hotel for the present. They have received the congratulations of many friends. The Hostetter family of Clackamas Heights were up before the court Monday afternoon, as charges had been made that they were not properly clothing and feeding their two little girls aged five and ten years. Several of the neighbors testified that the children had begged for something to eat and stated that they were half starved. County Judge Hayes ordered the children placed in the custody of the Boys and Girl's Aid Society, and Deputy Sheriff Hyatt took the unfortunate waifs to Portland Monday evening. In the fall of 1893 a son of Mr. T. A. McFarland, a prominent merchant of Live Oak, Sutter, Co., Cal., was taken with a very heavy cold. His father gave him several large doses of Chamberlain's Cough Remedy which broke up the cough and cured him. Mr. McFarland says whenever his children have croup he invariably gives them Chamberlain's Cough Remedy and it always cures them. He considers it the best cough remedy in the market. For sale by G. Dr. Taylor formerly practiced his profession in Portland, but for the past three years has been located in Chicago. Early last fall he went to Santa Fee, New Mexico, with the expectation the climate would benefit his health, as he was in the advanced stages of consumption. A few weeks ago he arrived in this city, but his condition was not in anywise improved. His remains will be interred in Riverside cemetery.

Hon. T. J. Cleaton, of St. Helens, was in Oregon City Wednesday, renewing the acquaintance of his old friends in this city. Mr. Cleaton has announced himself as a candidate for the office of prosecuting attorney for this district, and as Columbia county has never been represented in the offices of the Fifth judicial district, he considers his claim and chances for the position good. Mr. Cleaton is one of the most brainy and successful lawyers on the lower Columbia, and should be given the office there would be no question as to his ability to fill it efficiently and honorably. Steers writes from Portland, Or., "There is no medicine for the throat and lungs that I can recommend to ministers, public speakers and singers, with the confidence that I can the S. B. Oswego's School Meeting. Notes of the adjourned session of the Oswego school meeting called to order on the night of March 9, 1896 at 7:30 o'clock by Chairman Mintie. This meeting was called adjourned one week ago for the reason that there was a tie vote for director and to give the clerk time to make out his annual report. The chairman announced that the board of directors had met in the morning and decided this meeting to be illegal and had posted notices that a special meeting would be held on the afternoon of the 21st inst, also that the polls would be opened for the purpose of voting for director from 4 to 8 o'clock of said date. The board were said to be in error whereupon the chairman rose and spoke to some length in favor of the board. Some parties called for order, claiming the chairman had no right to enter into debate, whereupon the chairman said "I am not entering into debate, but I hold that I have a right to vindicate the character of the members of the board." Motion made that if we decide to elect a director tonight that the polls remain open until all present have an opportunity to vote. At this juncture some one noticed there was no clerk at the desk and the clerk was called for. Clerk elect Hall rose and stated he was ready to be sworn in. Clerk was duly sworn in. The retiring clerk did not show up during the meeting. The motion as stated above was then decided by "yea" and "no." Motion carried. Another motion was made to proceed to ballot for director at once. Chairman Mintie requested the room to be cleared of all boys and men that were not entitled to vote in this meeting, also all women and girls that were not entitled to vote were requested to depart. By the way R. L. Pollock had cited code U. S. Statutes, page 1234, section 2607 which states that they were in the right in adjourning the session of a week ago to the present time and taking it up now. Chairman Mintie said "Ladies and gentlemen, I would rather be in any other place than in the position I am in here tonight. Now that the room had been cleared of outsiders it was stated from the chair that the way the vote would be made to decide whether we proceed to vote for director at once would be taken thus: All those opposed to voting for director this evening requested to leave the room. By the aid of the constable the doors were then closed. Mr. Prosser was one of the retiring party but was called on to help count the votes. Prosser answered thus "you fired me out once, now you want me in, I don't intend to be fired again." Those that remained in the room were all sent to the farther side and caused to pass through single file between the tellers, Messrs Mintie, Gans, Hall and Thomas, and he counted. There were 120 in favor of voting for director tonight. The doors were opened and all those requested to pass out and those opposed to the measure to pass in. The vote was taken as before, good order was preserved while voting was going on. There were 111 that voted against voting for director tonight. Doors were opened and those outside made their way in while shouts upon shouts were rendered. The chairman again called for order and stated the tally 120 for and 111 against, also, "the choice of the meeting seems to be that we proceed to vote for director at once." Prosser said, there were many who voted that were not legal voters.

The Home of the Willamette Club. The Willamette club, which was organized some time ago by the young business men of Oregon City, has perfected arrangements and is now a permanent organization. At present there are about 30 or more members and the number will probably be much larger now that they are settled. The officers are, J. P. Lovett, president, G. C. Brownell, vice-president; F. T. Griffith, secretary and E. G. Caulfield, treasurer. A pleasant suite of four rooms on the front and north sides of the second floor of the new Weinhard block has been splendidly fitted up and with the exception of hanging the pictures, everything is completed and ready to be occupied by the club as its permanent home. The two front rooms will be used as a reception room and parlor and are similarly furnished. The delicate green tinted walls and dark hangings are in perfect harmony with the dark green velvet carpets and massive oak furniture, upholstered in leather, and they impress one as having the air of substantial elegance. Opening back of these rooms are the reading and billiard rooms, the coloring and draperies of which are the same, having a warm, comfortable appearance, at the same time plainly showing the work of an experienced decorator. They are separated by an arch extending across the room, beautifully draped in shades of gray and mahogany tapestry and yellow silk. The frosted glass windows looking out into the hall are covered with shirred yellow silk, shedding a soft light through the rooms. Tables and plenty of chairs are scattered through the reading room and the billiard room contains the finest table that could be obtained, thus showing that the comfort of the members of this club has been well looked after.

You're an Easy Prey, with your flesh reduced below a healthy standard, for Consumption and other Scrofulous and dangerous diseases. And it's just for this condition that Dr. Pierce's Golden Medical Discovery is especially valuable. If you're thinner than you ought to be, whether from wasting diseases, defective nutrition, or whatever cause, the "Discovery" will surely bring you up to the healthy standard. By restoring the normal action of the deranged organs and functions, it arouses every natural source and means of nourishment. As a strength-restorer and flesh builder, nothing like this medicine is known to medical science. Filthy Cod liver oil and all its disguised compounds can't compare with it. A Home-Cooked Dinner. The ladies of the Methodist church will give a fine home-cooked dinner on the day of the Clackamas County Republican convention for only 15 cents. Awarded Highest Honors—World's Fair, Gold Medal, Midwinter Fair. DR. PRICE'S CREAM BAKING POWDER Most Perfect Made. 40 Years the Standard. The Secret of Good Crops. The modern farmer is not content to use the antiquated tools and methods of his father. In this age of keen competition, the farmer who wishes to prosper, needs and gets the most improved farming implements, and by reading the best agricultural literature, he keeps in touch with the spirit of progress that pervades our farming communities. He is particular, also, in regard to the kind of seed he plants and the manner of planting it. The seeds must be of the highest fertility and grown from the highest cultivated and most profitable varieties of stock. The great seed firm of D. M. Ferry & Co., Detroit Mich., fully appreciate this fact, as it is attested by their progressive business methods and the quality of the seeds which they supply farmers and gardeners through the dealers all over the country. The reliability and fertility of their seeds are proverbial and the largest seed business in the world has been created by their sale. In evidence of this firm's knowledge of the wants and requirements of planters, large or small, is Ferry's Seed Annual for 1896. This book is of the greatest value to farmers and gardeners a veritable encyclopedia of planting and farming knowledge. It contains more useful and practical information than many text books that are sold for a dollar or more, yet it will be mailed free to any one sending his name and address on a postal card to the firm. Notice. Look here? You who are sad and lonesome. The Canemah Sunday school will give one of their enjoyable entertainments and socials at Stoke's hall in Canemah, Friday evening, March 27th. There will be the nominal sum of 10 cts. for adults and 5-cents for children under 12 years, charged for admission which will entitle those admitted to refreshments. The proceeds will be used to purchase bibles for the children in the school. Canemah never has anything but first class socials. Come and see. Don't forget the date, March 27th. Worthy of Notice. The S. B. Medicine company is the only one out of nine proprietary medicine firms incorporated on this coast since 1887 that has not made an assignment. These hard times with new newspaper advertising contractor two years, it speaks loudly of their merit. For sale by C. G. Huntley, druggist. Money to Loan. Parties intending to borrow money on their farms this fall will find it to their interest to call and see me at an early day. Plenty of money on easy terms and low rates of interest. W. H. BURGHART.
