Springwater Democrats Still on Deck—Republicans Pleased With Their Ticket—More Orchards Planted.

Springwater, March 30.—The democrats held their primary in Lewellen's hall Saturday at one o'clock p. m. The meeting was well attended and considerable interest taken. J. H. Lewellen and D. C. Howell were elected delegates to attend the convention.

People seem to be well pleased with the republican nominees, with a few exceptions. The voters of this precinct will not favor the nominee for clerk—too much whisky.

The school meeting resulted in electing Carl Howell for director and W. L. B. Cornett for clerk.

The spring term of school opened on the third Monday of March with Prof. Hargreaves as teacher.

C. H. Guttridge, in addition to his large prune orchard has set out about 1000 apple trees.

The young people gave Miss Ora Lewellen a surprise party last Friday evening. Some of our people will attend the Y. P. S. C. E. convention in Oregon City.

People are about through sowing oats, and the next order of business will be gardening when it quits snowing.

William Cornett killed a 500 pounds pig last week.

Our merchant, W. J. Lewellen, is going to Portland this week, perhaps to fill his shelves with a new stock of spring goods.

Lower Beaver Creek.

Lower Beaver Creek, March 30.—Hurrah for the republican ticket! Have the populists a better one? We say, not.

William H. Jones has returned from British Columbia, where he has been mining. He is accompanied by a friend who is looking for a small tract of land for a farm. Thomas C. Thomas came home a few weeks earlier and, with David Pearson, Jr., has gone to the gold fields east of Albany.

Burt McArthur is a deck hand on the Elmore.

The Leland boys have fenced with pickets a piece of ground for a garden. George Rider has also built a picket fence between his house and the public highway.

Saturday last twenty-seven persons took the third and fourth degrees in Warner Grange.

The house of Joseph Wilson caught fire yesterday, but was saved by the timely efforts of S. L. Lovell.

George and Isabel McArthur will soon make a trip to the coast.

The Christian Endeavor society which meets at the Leland school house is successful. A large and well behaved audience is present at every meeting. Rev. E. M. Jones preaches here the second and fourth Sunday of each month.

Henry Sturm received 50 cents per centum for his last shipment of potatoes to San Francisco, which is 10 cents higher than the quoted market price. Several thousand sacks of potatoes are shipped from New Era every year to California points.

At the ruling prices the last year or two the farmer realizes, after the expenses are paid, very little for his potato crop. The question is, what can the farmer raise to sufficiently compensate him for his labor in these democratic times?

H. H. Eastman has four acres of new ground about ready for the breaking plow. The Central Point church will celebrate Easter in an appropriate manner next Sunday evening.

Owing to the stormy weather the New Era republican club had no meeting Saturday evening.

No better selection for county recorder could have been made by the county convention than Weldon M. Shanks, of Canby. As a former schoolmate of his the writer is in a position to know that he is a gentleman in all respects: courteous to all; always the same; honest in his dealings; and a leader in the best society. He will undoubtedly lead the ticket as to number of votes in June, and his election will serve to place well educated young men on a better footing with the residents of the county.

Lester M. Leland, president of the New Era republican club, announces a call for a meeting of the club to be held at the Brown school house on Saturday, April 11th at 7:30 p. m. Hon. George O. Richardson will probably be the speaker of the evening. All are invited to attend.

After some lapse of time I am again with the correspondents of the ENTERPRISE a NATIVE.

Redland Notes.

Redland, March 27.—W. W. Carpenter is doing a job of grubbing for Mr. Plowman. When he gets the job finished he will go to Eastern Oregon with H. D. Johnson to prospect for gold.

Ans Boylen and family will soon move to Green Point near Oregon City where they have traded for a couple of lots.

Bell Shaw will move on Mr. Boylen's place, having traded for the same.

We welcome Mr. Shaw to Redland while regretting to lose Mr. Boylen. But what is our loss in this case is Green Point's gain.

John Gaskill and Chas. Hedinbothem left for Eastern Oregon a few days ago, where they expect to reap a fortune during this season. May good luck accompany them is the wish of all.

The Beaver Creek and Redland brass band went out on a serenade one night last week. We understand they were treated to lemonade and a very fine supper by a newly married couple.

M. Richardson took a load of apples to Oregon City a few days ago.

The remark was made at the Red Front a few days ago that it would not be long before they could count all of the republicans without making any mistake. There were over sixty of them at the Hardings precinct primary. That looks like counting them without making any mistake, if all the precincts hold out as well, doesn't it, pope?

Grain is doing well, and the grouse are shooting. Nearly all the spring seedling is done.

The people have just seen the need of trimming and pruning their orchards since apples have advanced to \$1.00 a box.

Mrs. W. Stone has been sick for the last week. We are glad to hear of her speedy recovery.

Sam Kirzabesky had a slight accident one day last week. While returning home from the saw mill with a load of lumber he got in a bad place in the road and broke the rear of his wagon. He was not far from the mill so it took but a short time till he was on his way home.

Redland is well supplied with blacksmith shops, there being three in this small town.

Mrs. A. L. James has purchased sixty bushels of oats of J. Sprague, which she will use on A. Wright's place, which she has rented for a year.

William Bonney, of Portland, was in this town several days ago.

E. Mosher was in Oregon City one day last week on business.

Viola, Valeings.

Viola, March 30.—The teacher and pupils of the Viola school, assisted by the best talent that could be procured, gave an entertainment last Friday evening for the purpose of purchasing a flag for the school house. The effort was decidedly successful.

The school children had been well drilled and rendered recitations, dialogues, etc., in a manner that merited applause. Mr. and Mrs. Hawley, Dell Walker, and Stella Katten, principal characters in the Crockett dramatic club, took active part in the entertainment.

A. Kitterman, assisted by Mrs. Kitterman, Mrs. Ward, Jennie Jubb, Harvey Mattoon, Ed Miller, Howard and Geo. Hayden and J. Fullman, presented the drama entitled "Phyllis, the Beggar Girl." It is a difficult piece, in three acts, and great credit is due Mr. Kitterman for its management and execution; also for the tableaux, "Woman's Rights." The music was furnished by Mr. and Mrs. Hawley of Logan, Professor Ogle of Molalla, J. Gerber and J. Sarver, of this district. A very nice lunch was prepared by the ladies and partaken of by all present. A teacher in a neighboring district unable to be present, showed her loyalty to the stars and stripes, also to the school she has once successfully taught, by sending the price of admission, for which we tender our thanks.

The flag pole, for which we are indebted to H. Mattoon and E. Miller, is almost 90 feet in length, and is on the school ground. Arbor Day is the time set for hoisting the flag.

Our delegation to the republican county convention are receiving congratulations upon the excellent ticket they helped to nominate.

The nomination of C. G. Stone for justice, and the renomination of W. H. Mattoon for constable in this justice district, cannot be bettered, and both are sure to be elected.

STAFFORD, March 30.—March came in roaring, and promises at present to go out the same way, as a half-inch of snow lay upon the ground this morning. It is now fast disappearing.

Anxious peach growers are pinching open the peach blossoms to see if the late cold snap killed them, which is not the custom with your correspondent, as I am always afraid the one I pinched might have been the one to mature.
