EDUCATIONAL NOTES

All communications intended for this column should be addressed to Mrs. H. S. Gibson, Oregon City, Oregon.

The April meeting of the Clackamas County Teacher's Association, which will be held on Saturday of this week in the West Oregon City school building, will be one of the notable sessions of the year for the association. The program will be of unusual interest and will be highly instructive, for some of the best educational talent of this county and of Portland will assist in carrying it out. State Supt Irwin will be present and address the association, and as he is both a pleasing and a forcible speaker his address will be worth hearing. Several teachers from Portland have stated that they will be present, and owing to the convenience of access the attendance of Clackamas county teachers promises to be unusually large. Prof. Durrett with the teachers ments. and scholars of the school as well as the board and citizens of the district are preparing to extend a most cordial welcome to the teachers and to all who are interested in the public schools. The citizens of Oregen City are especially invited to be present.

Following is the program : "Literature in the Country Schools".
