As a result of the slanderous articles that have appeared in the Herald concerning Carl and for personal misstatements have been made concerning him the worthy Doctor took Editor Fitch to task Thursday with the result that the populist editor came out a little the worse for the encounter. Dr. Carl holds himself to be an honorable man, above the contemptible acts attributed to him by the populist editor and his resentment of the charges meets the approval of all self-respecting men.

These are many people in Oregon City who would like to visit the cemetery between now and Memorial day, but the distance is so great they cannot stand the walk. Heretofore livery hire has been so high that few could afford to hire a rig, but Young, at the old Cooke stables has decided to let the poor as well as the rich ride and until after Memorial day will give special rates for rigs to go to the cemetery or for passengers. He has a number of the finest rigs in the city either single, double or tripple seated and his horses are all good travelers and gentle. Call up telephone No. 42 and make your arrangements, or call at the stables.

Dr. Carl's Statement.
An open letter to the voters of Clackamas county—
The Oregon City Herald is evidently bound to make me an issue in the present campaign, the statements in that paper this week implicating myself as being responsible for a ticket circulated about the street, is as false as anything could be. I never saw the ticket until yesterday, I did not know such a ticket was to be printed, I did not advise the printing of it and in fact was as innocent of any connection with it as it is possible for any body to be. I fail utterly to find language to express the profound contempt I have for those who accuse me of it and I believe the editor of the Herald does not believe I was connected with it but attributed it to me through a desire to satisfy personal animosity. Signed, W. E. CARL.

Did you ever think how readily the blood is poisoned by constipation? Bad blood means bad health and premature old age. DeWitt's Little Early Risers, the famous little pills, overcomes obstinate constipation. C. G. Huntley, druggist.

Scott vs. U'Ren.

To THE EDITOR: Will you oblige me by inserting the following from the Herald in your next issue and my answer to the same:

"Then as the sum of all bad citizenship comes, County Commission giant Powder Scott, whose assessment has decreased more than \$11,000 since he was elected, while in Jacob Risley's on the same acreage has decreased \$250 while the assessor's deputy assesses \$4 2/3 a day and the recorder's can only get \$2—and Mr. Scott says I pay no taxes. If this was true I might not be a bad man, but it is not, as I pay one-third of the taxes assessed to Lewelling & U'Ren.

I shall speak once more in Milwaukee before this campaign closes and will then give Mr. Scott time to justify his action to our neighbors as the superlative honest man he professes to be. W. S. U'REN."

To the first in regard to giant Powder, there being only two companies on the coast of any prominence, we notified each company, and as the California Powder Co. would not go into a combine with the British Vice Consul to raise the price of blasting material he sulked and would not put in a bid and then played the baby set, and said we did not advertise, and now comes Friend U'Ren, and says in one breath we are extravagant and in the next condemns the county court for trying to cut down expenses.

The second is that I have had my assessment reduced \$11,000 while J. S. Risley's has been reduced but \$250 in the last three years. Taking for granted we own the same number of acres. My land, today, with my reduction, is assessed at \$60 on an acre, while Mr. Risley's is assessed at \$33 per acre. Mr. Risley has 25 acres more than I have. Now we will see how my reduction stands in comparison with our school district which is a good comparison, perhaps better than Mr. Risley. My assessment in 1892 was \$26400, 1894 it was \$19200, in 1895 it was \$17370, the Luelling property, adjoining my property, in the three years above named was assessed as follows: 1893, \$10,520; 1894, \$8038; 1895, \$5580. They sold 7½ acres of land in 1895, which I bought, and it was assessed at \$100 an acre. Now the school district was assessed in 1893, at \$295,820; in 1894, \$243,663; in 1895, \$510,500. So if any fair minded person will take the above figures and compare them, they will see that I have not been reduced any more than the average of the whole school district, notwithstanding that about 50 acres of my land is subject to overflow and the crop likely to be destroyed any year, that we have a June freshet, and since the high water of 1894, I have not been able to get a good set of grass again. This is something Mr. Risley has not to contend with. When it comes to rock land, I have almost as much as Mr. Risley, yet it yields me no income by reason of being back from the river, and no river on my land to ship freight cheaper than I can haul it. In regard to the deputy recorder's salary, the legislature gave the county court the power to fix the salary, and as any good penman or woman can follow copy we knew the recorder could get a good deputy for the amount allowed the assessor's deputy. The statute fixes the salary. And now in regard to Mr. U'Ren paying taxes I still repeat, he does not pay any and will leave it to the public to judge. He is working for Mrs. Lewelling and gets one-third of the profits of the farm after the taxes are paid which is the rent he pays, and in no other way can he claim to be a taxpayer. When he has his clothes on his back and his carpet-bag in his hand he can walk out of the county with all he has like any other hired man. I was a hired man myself once, so do not mean to cast a slur on them, as I always have had their respect, and they have mine in the fullest sense of the word, but to let the voters of Clackamas county see what interest Mr. U'Ren has in this county or its people. Yes, Mr. U'Ren spoke here last night and gave me a chance to put myself right before my neighbors, for which I thank him, but if he had done this before, he scattered the lie broadcast all over the county I should have thought more of him. Respectfully,
R. SCOTT.

Mr. Meldrum Explains.
To THE EDITOR: Mr. W. S. U'Ren and Mr. Shade have in today's Herald, Courier and Enterprise, a statement in regard to a certain so-called anti-A. P. A. ticket which was circulated in Oregon City this week, in which these gentlemen state that they believe this ticket originated and was caused to be printed by Brownell, Maddock and Meldrum. In reply, I wish to say that all statements in said article in regard to myself are untrue and without the least foundation, but I believe the ticket was originated and printed by Dr. Ferrin and Mr. U'ren.

Card of Thanks.
We wish to thank the many friends for their aid and kindness to us while mourning the loss of our dear son and brother, and wish especially to thank the members of the Parkplace band for the respect shown for their deceased member.

Judge's Salary.

"Taxpayer" says in the Herald that the county judge drew \$800 for six months' work. It is true that warrants were drawn for \$800 for the county judge's salary for the six months commencing April 1st 1894 and ending September 30, 1894 and is explained as follows: Judge Meldrum drew his salary quarterly, Judge Hayes drew his salary monthly. On the 1st day of April 1894 and on the 1st day of July 1894 warrants were issued in favor of Judge Meldrum in payment of salary for the quarter preceding the date said warrants were issued Judge Hayes received warrants for \$100 on the 1st day August, 1894 and on the 1st day of September 1895 in payment of salary of the month preceding the issuance of said warrants making a total of \$800 in payment of eight months salary. Our populist friends would make more votes if they would stick to the truth.
