American Poisons.

The Frenchman, not without reason, calls our iced drinks "American poisons." Water will allay thirst much better than iced water; but it is very difficult to convince those addicted to the iced water habit of the fact. The grave harm caused by ice water is from swallowing it quickly and in large quantities. If sipped slowly and held in the mouth for a moment, the temperature is raised appreciably before it reaches the stomach, and its cooling effects reach that part of the body where they are most needed—the head, throat, and the upper part of the chest. For this reason ice cream is much less dangerous than iced water; we eat it slowly, and it is not only entirely melted, but also perceptibly warmed, before it enters the stomach.

This well known fact, which everyone can verify for himself, is entirely ignored by these alarmists who draw so harrowing pictures of the internal economy, representing the stomach and its contents as almost paralyzed by the sudden congealing influence of the introduction of a mass of frozen cream. Of course, if this were so the danger would be immense, for when the stomach is attending to its appointed duties—actively engaged in the process of digestion—it is a little furnace, and any tampering with its fires results in the immediate discomfort of its owner and overseer. When you deluge it with iced drinks you put out the fires, and arrested digestion means acute pain and much discomfort. Don't ask it to do as much work when the thermometer goes above 80 degrees; then the fires will not have to be so hot, and you will not suffer from what you feel is a consuming thirst.—From "Summer Hygiene," in Demorest's Magazine for July.

A Valuable Prescription.

Editor Morrison of Worthington, Ind., "Sun", writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for Constipation and Sick Headache, and as a general system tonic it has no equal." Mrs. Annie Stehle, 2625 Cottage Grove Ave., Chicago, was all run down, could not eat nor digest food, had a backache which never left her and felt tired and weary, but six bottles of Electric Bitters restored her health and renewed her strength. Prices 50 cents and $1.00. Get a bottle at Charman and Co's drug store.

Don't Tobacco Spit

Or smoke your life away, is the truthful, startling title of a book about No-To-Bac, the harmless, guaranteed tobacco habit cure that braces up nicotinized nerves, eliminates the nicotine poison, makes weak men gain strength, vigor and manhood. You run no physical or financial risk, as No-To-Bac is sold by druggists everywhere under a guarantee to cure or money refunded. Book free. Address Sterling Remedy Co., New York or Chicago. Charman & Co., Druggist.

Chautauqua Restaurant.

W. M. Robinson, proprietor of the Electric hotel has secured the exclusive restaurant privileges in Gladstone park during the Chautauqua assembly. The restaurant will be conducted in connection with the Electric hotel, and guests of that popular hostelry can take their meals at the Chautauqua restaurant, if they so prefer, remaining at the park the entire day. The restaurant will be supplied with the best the market affords, and excellent meals will be served from 25 cents up.

Elliott Prairie Notes.

ELLIOTT PRAIRIE, July 7.—(Too late for last issue.)—Still hot and dry. Rain needed for late sown grain and gardens.

Hay harvest is in full blast now.

Road Engineer Kinnard passed through the prairie last week inspecting the road work done by Supervisor Killin.

T. B. Killin and family spent the Fourth in Portland.

Mrs. Jennie Blair of Silverton was visiting on the prairie last Sunday.

J. H. Middleton and wife of Portland spent the Fourth at Captain Cochran's.

G. W. Killin and family spent last Sunday at Silverton.

The wife of Levi Yoder who has been quite sick, is, we are glad to hear, improving in health.

Ben. Stranton and family went to Albany last Thursday and returned Sunday.

The most notable event of the past week was the foot race between G. W. Killin of this place and J. P. Shuck of Monitor, the champion heavy weight sprinters of Oregon. As the race was gotten up on short notice there was but a small crowd present to witness it. Just how much money was won or lost on the race your correspondent failed to learn, but as G. W. came out second best in the race, and claimed shortly after that he was financially busted, it is thought by some that he lost heavily.

The celebration at Monitor the Fourth was generally conceded to be a success, with the exception of the oration which materialized in the shape of a populist speech, and viewed from a populist stand point was no doubt considered a brilliant effort.

Our school, under the supervision of Prof. C. E. Cone, closed one week ago last Wednesday. Closing exercises were held at the Congregational church near by as there was not room in the school house to seat all. A splendid program was rendered by the scholars which was enjoyed by all present.

Smyrna News.

SMYRNA, July 13.—A light shower fell here Saturday forenoon.

Haying is the order of the day and the crop is being saved in fine condition.

Chas. Ritchie, W. H. Yoder and P. B. Hien were on the latters ranch near Clarks the past week cutting brush and putting up hay. Mrs. Hien and the baby were along too for an outing and to keep the camp in order.

Elmer Lantz from Albany was in the neighborhood Sunday evening on his way to his father's ranch on the Molalla.

Miss Marcie and Anna Burton came down from Salem last Saturday to visit friends in the neighborhood.

Miss Ida M. and L. B Yoder attended the Chautauqua assembly last Monday and Tuesday.

We are looking for a drop in the cheese market ere long, several families in the neighborhood have joined together in the manufacture of pure switzer.

Iden Bowers and family went up to Silverton last Saturday to visit Mr. Bowers father.

G. A. Fordel was up from Portland last Saturday to look after his ranch and cabin. Mr. Fordel is out of a job on account of the burning of Weidler's mill.

Andrew Torgenson of Buena Vista Polk county was in the neighborhood last week looking after some land here with the expectation of locating.

Marysville Notes.

MARYSVILLE, July. 13—A social party was given at Martin's mill on Saturday July 11th as a farewell to the old mill site and everybody attending pronounced it the most enjoyable affair of the season. Martin & Son now have nearly all their mill machinery moved to their new location and the family will move down in a few days.

The Rev. Mr. Harless preached at our school house yesterday and will be here again the second Sunday in August. All are cordially invited. Mr. Harless' sound judgment in explaining the scriptures coupled with his funny anecdotes is very amusing as well as interesting. Services at eleven oclock A. M.

John L. Gard is employed to teach our school for the fall term. This will be his fifth term in this district.

Better hay weather was never known in this part of Oregon by the oldest inhabitant and everybody is improving the time that have hay.

The genial face of our road master, John Dennison, made its appearance in this section last week and some of the roads are looking better already.

NIKA.

Crescent News.

CRESCENT, July 14th.—The principal business in the vicinity at present is hay making. Owing to the good weather of the past two weeks the hay is nearly cut. Mr. Clinton Latourette has spent most of his time in his hay field the past week.

Mr. Latourette swings his scythe like a yeteran farmer.

Henry Stock was drowned in the Abernethy on July 4th. Mr. Stork was an honest, industrious young man and his death is a great loss to this neighborhood.

The wild blackberries are quite numerous in the vicinity and small boys may be seen with tin pails almost every day.

TOBY.

A cool drink of that soda water or minerel water that D. Williams keeps on ice at his notion store on Seventh street will refresh you, Try a glass.
