A GREAT ATHLETIC EVENT.—Great preparations are being made for field day of the Oregon City Y. M. C. at Gladstone Park on Saturday, September 5, 1896. The contest will be between the "Reds" and "Yellows," and it will be a great day in the history of the association, equalling in interest the recent membership contest. The events will be in the order named below, at the time set opposite each event. The points allowed in each event shall be credited to the team winning the same, and the team having the largest score at the close of all events, shall be declared the winner: One hundred yard dash, 2:30 p. m.; one mile bicycle race, 2:40 p. m.; relay race, 2:50 p. m.; five-mile bicycle race, 3:15; base ball, 3:40 p. m.; The sale of tickets will occur from Monday August 24th to Saturday, September 5th, and there will also be a contest on tickets to be separate

from athletics. The following rules will govern the contest: The contestants shall be required to be on the scratch ready for action at the time given for the event. As the games are purely for sport and all around development in clean, manly athletics, there will be no prizes given, but all who take part shall have their car fare paid, and be treated to supper in the association gymnasium on their return from the field. The following board of judges shall have charge of the games, and shall be a court of last appeal in case of dispute: C. H. Dye, chairman, R. L. Holman, and W. S. Maple. The names of all contestants must be entered at the association office not later than 9 o'clock p. m. Tuesday, Sept. 1. All contestants must be members in good standing of the association, and no professionals shall be allowed to take part.

THE CITY WATER WORKS.—During a portion of the past week, all the people living above the bluff were supplied with water from the new reservoir at Ely, while repairs and changes were being made to the pump, which supplies the hill portion of the city with water. At the station are two pumps, the pipe from one supplying that part of the city under the bluff with a water supply, and the pipe from the other furnishing all the hill portion of the city with water for all purposes, as well as pumping the required supply constantly into the reservoir. Heretofore, the large pipe, carrying the water from the hill pump was carried over the large flume conveying water to the woolen mills, necessitating extra joints and elbows and causing extra wear. In order to remedy this, as soon as the reservoir was filled, Superintendent Howell stopped the big pump, that supplies the hill district with water, and changed the pipe to run under the flume. This is a great improvement, and renders the pipe less liable to get out of repair. The water system is so constructed, that the water from both pumps can be turned into the mains below the bluff instantly, if the occasion should require it. While the pump was shut down the hill portion of the city received their water supply from the reservoir, and the service was very satisfactory.

A NEW VARIETY OF HOPS.—O. L. Barber, one of Clackamas county's large hop growers near Neely post office, has discovered a new variety of hops. Standing alone in his hop field, is a vine differing from anything else in the yard, and, in fact, there is nothing like it in this section of the country. A sample of the hops was brought to this office, which shows it to be a variety of excellent quality, and is already fully developed enough to pick from the vine. Mr. Barber has no idea how it came to be in his yard, whether it is a seedling, a freak, or some new variety that has sprung into existence, he is unable to determine. It is his intention to propagate the new species, as the new variety gives promises of being just the hop for this climate. For should they ripen like the sample, the hops would be ready for picking by the 10th of August, enabling growers to gather their crops before the fall rains begin, and escape the ravages of pests, that do not usually appear until September. Mr. Barber has 16 acres of hops, of the English Chester variety, that look excellent, and he anticipates a yield of 1600 to 1800 pounds per acre.

FISH AND GAME.—The salmon fishing season on the Columbia river and its tributaries closed last Monday. The closed season lasts till September 10th, except on the Clackamas river the time is extended until October 10th, on account of the hatcheries and fish racks on said stream. It will be of interest to many of the readers of the ENTERPRISE to know something more about the game laws; game and fish can only be killed during the following seasons: Grouse Mongolian pheasant and quail? September 1st, to December 1st. Prairie chicken, July 1st to October 1st. Wild duck and water fowls, September 1st to March 15th. Deer, mountain sheep, etc., August 1st to December 1st. Killing for hides or part of carcass only is prohibited. Killing spotted fawns is prohibited. East of the Cascades it is unlawful to kill at any time, Chinese pheasant, quail or Bobwhite. Trout, April 1st to November 1st. Explosives to kill fish, nets, seines, obstructions to free passage of fish, etc. prohibited.

FUNERAL OF MRS. DONALDSON.—Mrs. A. E. Donaldson died last Saturday at her residence near the Eastham school house. She was taken ill at the Chautauque assembly at Gladstone Park, and gradually grew worse. Her death was caused by heart failure and other complications. She was 69 years old at the time of her demise, and together with her husband had lived in Oregon City for the past six years, having come here from Spokane. The funeral took place at the family residence on Monday afternoon at three o'clock, and the services were conducted by Rev. A. J. Montgomery. The funeral was attended by a large concourse of friends, and the remains were interred in the city cemetery. Mrs. Donaldson leaves a husband and three grown children: F. E. Donaldson, cashier of the Commercial bank, Miss Eunice Donaldson and Mrs. Carrie Brown, of Colorado. Mrs. Donaldson was an exemplary Christian woman, and was universally respected and honored by a wide circle of friends.

ASSAULTED A NEGRO.—Joseph Anderson, aged 19 and several Canemah boys got into a row the other day with an itinerant Negro, named Frank Jackson. Finally Anderson struck the negro over the head with a piece of board, inflicting a painful wound in the forehead about two inches long. Jackson was arraigned before Justice Schobel Saturday and jury trial demanded. G. B. Dimick appeared for the State and Joseph Rice for the defense. The jury brought in a verdict of assault and battery, and Justice Schobel imposed a fine of \$20. Anderson's companions were very indignant over the verdict of the jury, as they claimed that the former was justified in defending himself. Justice Schobel will probably remit a part of the fine, as the sentence was small as he could inflict, considering the fact that the jury brought in a verdict of assault and battery.

A PIONEER RELIC.—Robert H. Wilson, of Oswego, Oregon, gave Col. W. A. Sanders, of Helena, Montana, a copy of Shakespeare which has a history, as it did royal service with the lovers of "Divine William" away back in the "forties" and "fifties" with the few denizens of "the Oregon territory," who could bequeath the tedium of winter and summer in communing with the great poet of our liberations. In the volume are autographs of Mayor John Owen, Caleb E. Irwin and Mayor William Y. Graham, and from its fly leaf the reader learns that Judge Caleb Irwin presented the book to Mayor Owen in October 1867.
