HARMONY, Sept. 20.—Just 50 years ago last Tuesday, Hiram Phillips of Illinois, accompanied with his wife, eight children and two grandchildren near where the Clackamas postoffice now stands, having made the entire trip with an ox team. The following February he moved to and made the first settlement in Harmony, where he has resided ever since.

Mr. W. S. Counsell, the efficient road supervisor of districts 1 and 2, has about completed a fine job of filling near Mr. A. Clark's in district 2. At this place a bridge has been built every eight years and taking about 12,000 feet of lumber each time. The road near the bridge has been graded each of the past two summers, '94 and '95, (we will not vouch for '93), and becoming almost impassable in the winter season. The hill has now been graded down and used in filling the hollow, making the road comparatively level. A small chute at the bottom of the hill lets the small creek through. Three teams are now engaged in hauling gravel onto the grading which will help to make it substantial.

A girl was born to Mr. and Mrs. Wm. Morey last week.

About all the hop pickers who went from this place have returned.

There is a great deal of political talk here at present. Bryan supporters are three to one for McKinley.

Six wagon loads of emigrants from Kansas. They were greatly pleased with the country and expect to settle near Oregon City.

The McKinley and Hobart club of Sandy held a grand rally Saturday night at Meinig's hall. It was largely attended by voters of all parties and a great deal of interest was manifested. At 7:30 o'clock, Chairman Bruns duly opened the meeting with a few appropriate remarks and then introduced the first speaker, Dr. Chas. Pyffer, who spoke eloquently and logically on the political issues of the day and was frequently interrupted by cheers and applause. The next speaker was T. G. Jonard, who made a good speech on the history of silver. His words were delivered in an effective and interesting style. Mr. J. H. Revenue then followed with a well delivered speech giving his reasons for abandoning the democratic party and supporting McKinley and Hobart. The last speaker, Lewis Verretty, a former democrat, kept the audience in an uproar with a very comical political speech. Next Saturday, October 3rd, another rally will be held, when a debate will take place between the republicans and populists.

John Gibbon's little child has been very sick but is now much better.

Johnson & Nelson have their two mile of road contract finished. Kitzmiller has his two mile contract completed and H. Bruns & Sons completed their one-half mile the 26th inst. This gives us a cleared road from Sandy to Pleasant Home with the exception of one mile. This road work is the greatest improvement this part of the country ever had. Mr. Kinnard, our road engineer, deserves great praise.

Stafford News.

Mr. Phillips and family are going to move to a farm near Dixie.

Mr. Gottlob had a small runaway throwing him off the sled and breaking a single tree. The horse became frightened at a passing thrasher.

Representative J. Kruse said Saturday that the silver question was as nothing in this campaign, it was just the froth upon the water, while questions of far greater moment lay beneath.

MERCURIAL POISON

Is the result of the usual treatment of blood disorders. The system is filled with Mercury and Potash remedies—more to be dreaded than the disease—and in a short while is in a far worse condition than before. The common result is

RHEUMATISM

for which S.S.S. is the most reliable cure. A few bottles will afford relief where all else has failed. I suffered from a severe attack of Mercurial Rheumatism, my arms and legs being swollen to twice their natural size, causing the most excruciating pains. I spent hundreds of dollars without relief, but after taking a few bottles of S.S.S. I improved rapidly and am now a well man, completely cured. I can heartily recommend it to any one suffering from this painful disease. F. E. DALRY, Brooklyn Elevated R. R.
