About 150 mountain trout, 12 large silver-sides and chinook and a goodly number of salmon trout composed the catch. J. M. Hayden carried off the persimmons as the champion fisherman. They camped near Cherryville and were hospitably entertained by Mr. Buell Cronie and family.

J. M. Hayden and wife spent 2 days last week in Canby where Mr. Hayden was engaged looking after the repair of some bridges near here.

The plank road near Apperson's spring is being mended. The road has been an investment for which we are all truly thankful. In the first place it has been an aid to all the farmers in this section as well as the adjoining precincts in getting their produce to market at a less expense than formerly, thus repaying them as taxpayers for the cost of building it, while to the people of

Oregon City this improvement has made possible the enjoyment of one of the most delightful drives out of the city.

SANDY NEWS.

A Populist Meeting With Only Three Persons Present—Big Republican Rally.

SANDY, Oct. 18.—"Isn't it beautiful weather?" is the first thing one hears on meeting a person. Farmers were very busy the past week digging potatoes. It seems that only very early or very late potatoes yielded well. All the farmers seem to be satisfied with their crop.

Last Tuesday was red-letter day for Sandy. Hon. M. C. Ideman of Salem, attorney general of Oregon, spoke on the political issues of the day to the largest audience ever seen here on such an occasion. Meinig hall being filled to its fullest capacity with voters. T. G. Johnson introduced Mr. Ideman, who opened his remarks with some good points on the tariff and closed with a good, forcible and convincing speech on the money question. The speaker was cheered till the hall fairly trembled. Mr. Ideman made one of the best speeches on politics ever heard in Sandy.

The McKinley and Hobart club is holding rousing meetings every Saturday evening. An effort will be made to get another good speaker to address the club before election.

The populists did much advertising for a meeting (German) to be held on the 18th inst. Four speakers were present to address the meeting but it was attended by only two populists and one republican. Gust Teitz, a good republican, had a hot discussion with them and made it so lively that they left without calling the meeting to order, very much disgusted with the lack of interest shown by the Sandy populists.

Gilbert Johnson is busy building a new house. Mat Sogg, also finding his family growing too large for their present home, is building an addition to his house.

Mrs. Martha Poe has rented her farm to J. E. Gibbons. Mrs. Poe will leave soon for Palouse, Wash.

Miss Vohla is visiting her sister, Mrs. Gibbons.

Our McKinley and Hobart club has now 45 members. Sandy is all right.

Today 60 cyclists were out from Portland enjoying the healthy country air.

Logan Locals.

LOGAN, Oct. 19.—Politics are the order of the day. At present there are gold bugs, silver bugs and humpbugs and it is hard to tell which are in the majority.

There was a good attendance at Pomona Grange Saturday and all seemed to enjoy themselves. The election of officers took place as follows: Master, B. G. Leedy; overseer, A. Lacy; lecturer, Dr. J. Casto; steward, T. R. Sellwood; assistant steward, Young; chaplain, L. D. Eaton; treasurer, Belle Wilson; secretary, M. S. Howard; gatekeeper, Waldron; Pomona, L. Wilson; Flora, Mrs. Leedy; Ceres, Mrs. Nichole; lady assistant steward, Mrs. A. Lacy.

Hon. John Meyers, of Portland, addressed the people of Logan on the money question Saturday night at Tracy's hall.

Henry Bahler returned on Friday from Alaska where he has been at work for the past six months.

There was a dance at C. W. Richey's on Friday night in honor of Mrs. Allen. All seemed to enjoy themselves.

Frank Humiston, who has been at work down the Columbia, is visiting at L. Humiston's at present.

Mrs. Will Allen left yesterday for her home in Gresham, after a two-weeks visit with Mrs. Baker.

A Bryan club was organized Saturday night. They will meet on Friday night at Geo. Clark's.

Mrs. J. Brown is still under the weather. M. W. Baker wears a bandage around his head at present as a remembrance of his fall from a load of straw.

Mr. Schutte has added to the appearance of his house by the addition of a front porch.

Theodore Telford starts this week for the East.

Molalla News.

MOLALLA, Oct. 18.—As your correspondent has been silent for some time, we will write a few words from this burg.

The Lowry brothers have rented their hop yard for one year to Earl Ogle and Henry Kliter.

The Bryanites are making lots of noise but that doesn't count when it comes to the ballot box.

The Lowry family are going to Southern Oregon soon. A farewell dance was given for the young folks at Mrs. Kister's last Saturday evening. Everyone present had a fine time.

Mr. Ogle, of Portland, will move on the Lowry place soon.

The hops are nearly all sold in this part of the country.

Your correspondent heard "Pitchfork" Tillman speak in Portland the other night. Tillman will lose more votes than he will make for Bryan.

MILLOVIA NOTES.

A Settlement with a Bright Future—Beautiful Country—Fine Soil and Energetic People.

MILLOVIA, Oct. 19.—As will be seen by the heading to our items this settlement has been given a new name, the old name of Fall Creek being dropped for the reason that it is so common as to lead to confusion in regard to our geographical position, there being quite a number of streams and settlements in Oregon and Washington known as Fall Creek. Another reason for the change is the near future and there being a Fall Creek and a Fall City postoffice in this state a new name would be imperative. In choosing the name of Millovia several points were considered as being in its favor.

It is a name not known to any settlement or postoffice in the United States, besides being a euphonious word that is easy to spell and pleasing and easy in its pronunciation. It is derived from Miller and is intended as an honor to Miller Bros., our popular saw-mill men, whose energy and public spirit has done so much to make this settlement what it is.

As your readers may desire to know something of its location, topography and people, I will give a brief description of Millovia.

The settlement is located on Fall creek, a small stream rising in the foot hills of the Cascade mountains and emptying into the Clackamas river above Currinsville, our location being 12 miles east from that place. Our nearest postoffice is Leon, 6 miles distant. We have a population of about 40 persons, and a more energetic, neighborly lot of people cannot be found in Clackamas county. Our land instead of being rough and hilly, as one might suppose, is a comparatively level table land all capable of cultivation and having a fine productive soil. Owing to freedom from the frosts and fogs of the valleys, this section is especially adapted to the growing of apples, pears, cherries, and other hardy fruits. The Cascade foot-hills being free from insects, our fruit is among the most perfect in the Portland market. Grains and grasses grow to perfection. We have a fine modern school house and a fully equipped saw-mill, and with the revival of business that McKinley's election will bring us, we expect to have a store and postoffice another year. There are some very good pieces of vacant government land convenient to the settlement that would make good farms, while railroad and deeded land can be bought very reasonable. New settlers will be made welcome and any information desired will be cheerfully given by our citizens.

We are having a lovely fall. The way the lumber goes from the Miller Bros' mills, any one might know that McKinley was going to be elected and we were going to have better times.

Some try to turn our little settlement into "Brine" but when they get hold of a solid head they are not very easy to turn. J. Pinkley and sons are making the shingles fly. They have a good many orders ahead.

Messrs. Bedford and Keniger have returned from the hop fields and report a good time.

Mr. Hunt is building an addition to his house.

Mr. Coleman has his new barn completed and has started a chicken ranch.

Mr. Coop is building a new barn on his ranch and intends building a new house in the near future.

Mr. Rollins has gone to Portland to visit his parents.

Mrs. E. W. Hunt pulled a radish from her garden that measured 14½ inches in circumference and many more nearly as large. They are of the Stranburg variety and are very fine flavored.

We are having the benefit of our second crop of garden vegetables this year. No hard frosts yet to do any damage.

Stafford News.

STAFFORD, Oct. 19.—It will be no news to say to your readers, that which is patent to everyone, that we are having an exceptionally fine fall, splendid for picking apples, if we had any to pick.

Mince pies will be scarce for Thanksgiving, but pumpkins are plentiful and bring six bits per dozen, so we can sell enough to buy the cranberries for the turkey and have some delicious pumpkin pies. Wheat having taken a little raise, perhaps we can afford a few other extras. A farmer is never going to starve, whether he has anything to wear or not.

Mr. Robert Reichle met with a very serious accident in Portland, last Tuesday. One of his horses, usually gentle, gets nervous if strange horses come about and it was while he was passing out of the stall, after tying his team, that the animal kicked, breaking his right arm in two places and dislocating his elbow, while a glancing blow on the forehead cut a gash about two inches long. The kick threw him against a post and bruised the other shoulder. He was unconscious when picked up and a doctor was immediately summoned. After the wounds had been carefully dressed he returned to his home accompanied by his son George.

There seems to be some skillful house-breakers in Stafford.

It appears that the consent of the directors had been given for holding a political meeting in the new school house and although a notice had been posted on the fence Miss Francis did not see the notice and no word had been sent her. Mr. Waddie, the nearest director, was absent with his family and the teacher who went to Oregon City after school naturally kept the key with her. Consequently, when the crowd collected someone crawled in the window, took the outside door off and let the crowd in, notwithstanding the old school house stood just across the road and plenty of planks were lying about of which seats could have been made in short order. The best part of the community do not approve of entering the house and defacing it in that manner after having spent their hard earned money to get it built. It also furnishes a precedent for boys and others to follow.

A new sensation has sprung from the Melcher place row. The woman, Liza, who stays there, claims to have seen a

YOUR CORRESPONDENT, BEING OUT OF THE SPHERE OF POLITICS, CAN HARDLY GAUGE THE CHANCES OF EITHER CANDIDATE IN THIS VICINITY.

The painting of the outside of the Evangelical church building is in progress. Rev. H. Hornschuch and brother are engaged in the work.

C. Vondrahae has been engaged in making quite extensive repairs on the dwelling house of Commissioner Jagger, which presents a neat appearance with its newly shingled roof and fresh coat of paint.

J. J. Gayer, R. M. Cooper, the Misses Mary and Henrietta Kauffeisch and Prescott Kauffeisch went on a fishing excursion last Friday. We are informed that the objective point was beyond the Scappoose mountains, a drive of some 40 miles through the midst of pleasant scenery. They were successful in netting a good supply of fish and had a drive home by moonlight Saturday night.

Miss Hattie Hunter, who has been spending some six weeks with Mrs. Will Evans, of St. Johns, returned to Carus Saturday afternoon, accompanied by Mrs. Annie Raney and little daughter, of Little Rock, Arkansas. Mrs. Raney is a sister of Mr. Evans. She will spend the present week among her friends in Carus.

Rev. H. T. Atkinson, the new preacher on the M. E. circuit, met his appointment at Graham last Sunday after considerable delay, occasioned by his losing his way coming from Canby. His regular appointment here will be, for the present, the second Sabbath in each month at 11 a. m. CALLA.

Marmot News. Marmot, Oct. 15.—Hon. C. M. Ideman spoke at Sandy, October 13 to a large audience with great success. He treated the principal political questions in a most eloquent and masterly manner and fired volley after volley of unimpeachable facts into the Bryanites. Often interrupted by free silver sympathizers. He succeeded each and every time to explain the unreasonable fallacies of the silver agitation with such convincing force, that must no doubt have converted many hitherto vacillating voters into the ranks of free Americans. The enthusiasm of the audience and especially the great interest shown by the ladies present (consisting of about one-half of the entire assembly), plainly showed that the people of this section have caught the right spirit and are ready to help redeem the good name our county had before the last June election.

From the most reliable resources, we understand that Cupid is energetically engaged in his mischievous work on the Devil's Backbone. His warring arrows have already reached the hearts of three couples up to the present, and indications are that he is already at work at the fourth—with what result I dare not suggest.
