Marriage of a Worthy Young Couple—Feed Mill Ready for Work—A Number of Social Gatherings.

REDLAND, Oct. 18.—The people who were at the dance at J. Heater's last Tuesday evening report a very enjoyable time.

Politics are not so hot in this community as other places it seems, as there has been no political lectures held here since last spring since Geo. Ogle and other cheap politicians tried to convert the people over to their faith but failed as all who were converted soon back slid. But no matter we are most all republicans with a few peeps in the rear. McKinley buttons are all the go, it seems there is no Bryan buttons only those worn by minors and they don't count.

Few farmers have any grain sown yet but what they have needs rain bad. There was preaching at the Redland M. E. church yesterday, also at the Bethel church.

Mrs. Henry left here for Portland the latter part of last week, also Miss Behimer.

Miss Hazel Cummins is visiting her sister Mrs. F. E. Linn.

Mr. F. E. Linn has been hunting and fishing near Forest Grove for the past two weeks.

Miss Goodfellow and her brother Joseph have been visiting at B. F. Linn's the first of the week.

B. F. Linn and his sons, A. B. and J. W., were in Molalla looking at some timber land.

J. W. & J. Johnson of University Park were in town one day last week. Will was our former merchant.

Mrs. A. Sprague was in Logan yesterday to visit Mrs. J. Trullinger who is very ill.

We are glad to relate that T. McGrath is improving slowly.

T. McCubbin was in town with his family to visit his parents Mr. and Mrs. A. Sprague.

Some of our young men were in Oregon City last Saturday evening to the show at Shively's opera house. They said it was good and of course if it was good they enjoyed themselves.

James Fullum and Annie Funk were united in the bonds of matrimony at the home of the bride's parents yesterday. They are a bright energetic young couple and have the esteem of the whole neighborhood. Mr. Fullum is one of our well to do young farmers. After the wedding the couple took their departure for Portland.

Wm. Bonny has his engine and boiler in perfect repair and is ready to go to chopping for the neighborhood.

Mrs. Mosher is having some carpenter work done which has been much needed for a good while.

Wm. Berkey has been working for J. Heater of Viola for the past week.

Mr. Bellshaw is working near Oregon City late.

P. Linn quit cutting wood as he says there was nothing in it but plenty of hard work.

Johnny Richardson is making quite frequent trips to Portland. Shall we tell the rest John?

S. Kirizolsky left here some time ago for Russia. We can't say whether he will make his home there or not.

Miss Ida Barrett is still at home visiting her mother. She will soon return to Portland.

REDLAND, Oct. 26.—The weather is a little cloudy of late with a few showers now and then.

The dance at James Fullum's was a grand success, there being a very large attendance for the occasion.

Quite a number of our people were at the speaking at Logan last Friday.

A. B., T. W. and P. Linn returned yesterday from a few days stay in the mountains. Their business was timber land and hunting. We can't say whether they had good success or not.

Several of the young folks were at the dance at Davis' Saturday evening.

James Fullum had quite an accident as he was returning home with his wife from their short wedding tour. As they were turning the corner of Main and 15th St. they broke the hind wheel of their hack. No damage was done to either of the occupants.

Threshing was completed here Saturday by J. Richardson, who threshed some late oats. He said the yield was pretty good for the year.

The charivari and serenade was a fine time for the boys who were there. They got a dance and supper over it we understand.

Bellshaw is at work near Oregon City, we suppose at carpenter work as that is his trade.

Bertie Sprague left here this morning for Portland, where he is going to the hospital for treatment. The trouble is catarrh of the head so we are told. We hope he will soon regain his health.

Miss Hetta Behimer is still home visiting her parents.

Quite a few hunters frequent this part of the country, some of them meet with success and some of them return empty handed we are sorry to say, but they must learn the habits of birds before they come to slay them.

W. D. Dempster of Oregon City, was in town yesterday on business.

The young folks who were at the dance at Jacob Heater's reported a good time.

Mrs. M. Henry is in Portland at present. D. C. Richardson made a flying trip to Portland a few days ago.

C. A. Sprague intends going to Astoria to work in the new future.

Miss Emma Funk is at Oregon City at present. We understand she has secured employment.

I. T. Ploymann is having very poor health of late.

There will be a grand masquerade ball at Linn's hall Thanksgiving. It is a good place to enjoy yourselves ladies and gentlemen.

Politics is not quite so lively in this place as some other, as there has been no political speaking since last spring before county

election, but the voters of this town know what Bryan's 16 to 1 means, they know that it means 16 men to 1 dollar. Let's see how much that is apiece; it is a 53 cent dollar, and 53 divided by 16 equals 3 5/16 cents, if I am not much mistaken that is a pretty small amount of money for a man with a family, so the people will cast a vote for McKinley one week from tomorrow.

The Redland literary and debating society will be re-organized after election is over and things settle down a little.

NEEDY NOTES.

Bird killing is the occupation of many of the young men in this vicinity.

The family of Mr. Wm. Lowery of Liberal, passed through here the other day on their way to Southern Oregon. Mr. Lowery has been working in the mines there for some time.

A heavenly body moving from west to east was seen by many here, it had the appearance of fire or burning gas and traveled very fast. The further it went the larger the flames seemed to be and it suddenly went out. What this means we do not know. It was seen Thursday evening at 6:15 p. m., Oct. 22d.

A grand republican rally was held at the school house of this place Saturday evening, Oct. 24th. There was a very interesting oration delivered by Hon. J. C. Moreland of Portland, he discussed the silver question in a very clear manner. McKinley is ahead here and we hope he will stay so.

CANBY NOTES.

Canby Bays Go Down At the Bat—More Buildings Going Up.

Grandma Farr of Elyville was buried in the Canby cemetery last Saturday. She was one of the pioneer women of Oregon, having settled in Clackamas county near Carus over 40 years ago. She had reached a ripe old age, being nearly 90 years old. She was the mother of Isaac Farr of Oregon City, and of Mrs W. J. Ranch of Elyville with whom she resided at the time of her death. Many relatives and friends followed the remains to their last resting place.

The potato crop in this vicinity is the best that has been produced for some time. Farmers generally predict a fair return for their potatoes this fall. The grape crop has also been abundant.

People sometimes wonder why James Andrews is not seen around town so often lately. It's a ten pound boy and James is almost too proud to mingle with his old associates. He will be out again soon.

Last Saturday night the Parkplace literary society held its first meeting, which was a success. The subject debated was "Resolved That the theatre should be abolished." The judges rendered their decision in favor of the affirmative. The question selected for next Saturday is, "Resolved, That a life is justifiable." Sherwood News.

SHERWOOD, Oct. 25th.—Our good weather still continues with some appearance of rain however. Very little farm work has been done in our vicinity this fall owing to the ground being too dry for plowing.

We've about concluded to stand around and talk politics until after election, such an occupation would be a great source of satisfaction to the average populist and we in sympathy feel like giving them all the pleasure possible, for with McKinley's election they'll wish they never had been born.

Grant Sichtenthaler and family will start for the Alsea valley tomorrow where they intend to reside for some time while Grant completes his preparation for the ministry. Their many friends here unite in wishing them God speed.

Mary McConnell returned home this week after a stay of six months in Portland. Her many friends will be glad to welcome her home again.

The many friends of A. P. Todd, who has been under treatment in the Good Samaritan Hospital Portland, will be pleased to learn of his speedy recovery and return home.

D. C. Her and Will Todd started to the coast this week with the avowed purpose of bringing home a barrel of fish. Hope they don't get suckers.

Ed. Comstock of Portland, is visiting friends in Hood View at present.

Messrs. Frank Davis and Harry Gardner are still visiting in Sherwood. They hail from Idaho here and report times very good up there.

The writer will not be heard from again until after election, when he expects to write a letter of condolence to some of his populist friends. Hurray for McKinley!
