PATRIOTISM, PROTECTION, and

FOR PRESIDENT-

WILLIAM McKINLEY, of Ohio. FOR VICE-PRESIDENT-GARRETT A. HOBART, of New Jersey.

STATE REPUBLICAN TICKET.

For Presidential Electors-T. T. GEER, of Marion county.

S. M. YORAN, of Lane.

E. L. SMITH, of Wasco. J. F. CAPLES, of Multnomah

THE FINAL EFFORT.

The work of this campaign will practically close with this week so far as public meetings and big demonstrations are On the part of republicans the campaign has been carried on with more spirit and vigor than for years past, every republican having made it a personal matand are so sure to bring back the prosperity that this country once enjoyed. Yet with all the work that has been done there is still work to do. Election day will find many protection and sound money and it is the duty of every man who feels that his bustness has been decreased and crippled by the depression of the last four years to decountry from its poverty stricken condition and put in the day at the polls working for McKinley so large that there will be no the government. danger of a recurrence of these times for another generation at least.

WHO WANTS A PANIO?

Let every man who must labor to live remember that Mr. Bryan himself has said that the free coinnge of silver would "produce a panic at least for a time."

Don't you think we have had panic eneough to last us for a time?

That Mr. Bryan said this has been proved by the affidavits of H. F. Stephenson, Geo. L. Ore, J. F. McKelvey, John G. Varnell, non, Ili., who state on oath that they heard Mr. Bryan make this statement in a public speech at Mount Vernon.

Do we want another panic?-Louisville Courier Journal.

the admission of New Mexico to the union, which was under discussion in 1894, gives an opportunity to study the character of a Grand Master of the Brotherhood of Loco man who is now seeking the highest national honor. What is to be thought of one who would vote against the provision to Grand Secretary and Treasurer of the Broth teach in the public schoools, the English language, that language in which we are proud to tell to the rising generation the glorious victories of their ancestors in the Entered at the Post Office in Oregon City, Or., cause of freedom, the language in which is as second class matter. grandest work of man is any age? Yet Mr. Bryan now has the audacity and brazen effrontery to ask the American nation to elevate him to a still higher office when such is his record.

> THE remarkable advance in the prices of all kinds of farm products during the past month is breaking into Bryan's calamity howls with a vengeance. The popocratic candidate has repeatedly asserted that prices would not rise until the adoption of free silver comage at a ratio of 16 to 1. In the meantime the official market reports show Bagley, A 8-2 that wheat has raised \$52,000,000, corn \$3,- Burke, John 000,000, and other farm products have gone Cally, M up to the tune of \$150,000,000. There being no shortage in the supply of silver and the Cedar, Henry demand falling below the production, the price of that metal has not raised a cent.

The Droker, Mand poils will open at eight in the morning and close promptly at 6 o'clock in the evening.

THE question of good roads is now making itself felt in the elections in more than one state. In a recent election in Water bury, Conn., the bicycle vote defeated George Tracy, a candidate for selectman, the only man on the republican ticket who was not elected. He was opposed to the good roads movement. When the power of the ballot box begins to be exerted there is prospect of this country securing passable roads.

S. R. GREEN, P. M.

The following explanations why the silver dollar should no longer be coined were made in the house of representatives April 9, 1872;

It has become impossible to retain an American dollar in this country except in collections of curiosities.-Judge Kelley.

The silver dollar "has long since ceased to be a coin of circulation. . . . The gold dollar should be declared the money unit. "-Mr. Hooper.

The principal change proposed by the bill was in "more clearly specifying the the gold dollar should be distinctly declared to be the coin representative of the money unit."-Mr. Stoughton.

than ever before since the civil war, and the "greenbackers" were arguing that the preparation for resumption on Jan. 1, 1879, had produced the hard times, and their advocates tried to posptone the date for resumption. But resumption came Jan. 1, 1879, and No. 2 cash wheat sold at 81%; by May it was up ment prior to 1873, yet the advocates of free to \$1.0134, and by December, 1879, it it was 43 14.

Such facts need to be borne in mind at this time, when so many false theories are afloat.

How Bryan Will "Do" the Trusts. Mr. Bryan to the Trusts-You fellows are not in it with me. You think A gold-standard doesn't mean a "gold you're doing great things when you put up the price of one thing at a timeand you get cussed for it besides. But my little silver trust scheme puts up prices on everything at once, and I make 'em think we're doing 'em favor. You fellows are too slow.
