The Parkplace literary society met as usual last Saturday evening. The question debated was, "Resolved, that a lie is justifiable." The question was ably handled by Mr. W. Dauchy on the affirmative and Mr. Geo. Hall on the negative. The judges decided it was a tie. The question for next meeting is, "Resolved, that the United States should declare Cuba as entitled to the right of belligerents. The young people of the twin cities are putting forth every effort in their power to make the society a prosperous one. They also have the hearty support of the older people of the vicinity. Damascus Notes.

DAMASCUS, Oct. 26.—(Too late for last issue.)—During the past week, the order of the day has been potato digging and a great many are working early and late so as to get their potatoes out of the ground before the rains set in.

Last Friday Commissioner Frank Jagger passed through this burg, accompanied by ex-County Surveyor Kinnaird.

Will Buchmann has returned from his mining claim near Washougal, Wash., and brought with him several extra good specimens of ore. He states that there are many more good claims yet in that district. He will stay here until after the election when he will return to his work in the gold fields.

Newton Bork, of Pilot Rock, has been visiting his uncles, W. H. and J. H. Boring, for a few days past.

Mr. C. H. Isom, who was recently appointed deputy county surveyor and who resides in this precinct, has been engaged to do considerable surveying near W. H. Boring's farm. Mr. Isom has already completed several surveys in this neighborhood. No doubt he will receive his share of the public patronage, as he does good work and at the same wages as are paid for the county work.

Mr. David Creighton, of The Dalles, and C. E. Cross, of Oregon City, visited relatives and friends here some ten days ago. Mr. Creighton taught school in the Union school district some thirty years ago and at present he is a successful farmer of Wasco county.

Charles Royer, who has been sick with pleurisy at the home of T. J. Bohna for several weeks, is much improved.

The Damascus grange hall has been so far completed as to hold all political gatherings in it now instead of in the school house. So many have been held of late that it would keep a person busy to keep the school house in a presentable condition for school.

Nearly all that can be heard now is about free silver or the gold standard, and from the way the populists talk, a person would think that Bryan would be elected by an overwhelming majority, but the staunch supporters of McKinley claim that after November 3, the Bryanites will be greatly disappointed. The populists have been taking the advantage of every opportunity to get a speaker here, as will be shown by the following account of the speaking, while only one man was sent by the republicans. A German spoke to a large house of Germans a week ago last Friday night on the silver question and when he was totally exhausted, D. F. May talked populist fallacies to the English speaking voters. Hon. Frank Motter made a convincing address on the gold question to a crowded house on last Monday evening, and was followed Tuesday evening by an address by W. M. Pierce, of Umatilla county. Saturday night of last week, Mayor Straight, of Oregon City, addressed the citizens of Damascus on the silver question and was welcomed by a large house. Damascus was the mayor's former home and all were pleased to listen to his arguments on the question. Next Wednesday has been set as the time for hearing the Hon. George Ogle discuss the political issues of the day, so they are sure to get in the last shot the same as they did during the June campaign.

E. A. Cox took a load of potatoes to market last Thursday and J. Helman took a load today and both gentlemen state that the market is very dull.

A great many children are sick with colds. Steve Kunich is somewhat indisposed at the residence of David Vinzant.

Last Thursday evening a meeting was held in the Union school house where the

financial question was discussed from a biblical standpoint.

Robert Lovelace was ordered to stop by two men near Lents one night last week but he preferred to run and by so doing he made his escape.

Mrs. R. J. Sharp has given up her trip to Colorado and will not go as was stated some three weeks ago.

Character meetings are held every Sunday evening at Kelso and quite a number of young people attend from here. When returning they can be heard for quite a distance and seem to think that if they do not sleep that no one along the road should be permitted to.

The directors of Union school district No. 20 supply the demands of the school promptly and have just placed in position a fine stove, besides furnishing the school with a dust pan and a new wash basin and have ordered half a dozen erasers.

C. E. Barney was called to Oregon City last Saturday and returned Sunday evening.

Carus Notes.

CARUS, Nov. 2.—Plenty of rain until it seems as if an Oregon winter had set.

Mr. and Mrs. David Hunter, with their youngest daughter, left Carus last week for a visit among relatives in Vancouver and Beaverton. They expect to be absent two weeks.

Thomas Jones, who has been working in Bevis' shingle mill, near Ostrander, Washington, came home last week for a short visit. He returned to Castle Rock today to begin work in the "big mill" in that town.

Eaf Jones is busy moving his cabin, digging a well, clearing land etc. His brother John is staying with him to help in the work of improvement.

Mrs. John Kallelech starts for Kansas next Wednesday, she expects to spend three months among her children and other relatives.

Miss Minnie Jagger returned to Oregon City last week. Her numerous friends in this vicinity enjoy her visits to our little burg.

Mr. Benj Jagger came out to make a short stay with his son Commissioner Jagger.

We are informed that Mr. Thomas is about to leave Carus for Carbonado, where he will find employment in the mines.

It is reported that M. E. Landon has given up building a store and hall; but intends to use the lumber for a house on the Thomas ranch.

A. O. Hayward is trying to fill up his new woodshed, which is of larger dimensions than his house, with bark, wood, and kindling. He is certain it will hold sufficient to last all winter.

A large congregation gathered in the Mt. Zion Evangelical church last sabbath p. m. to listen to the presiding elder of this district. A fine discourse is reported on the text, "Not by might, nor by power, but by my spirit."

Rev. Atkinson will preach in the M. E. church next sabbath at 11 o'clock a. m.

Mrs. D. S. Moore who has been long and seriously ill is making progress towards recovery.

Mrs. M. C. Hayward is still under treatment with Dr. Paine for laryngitis.

Colton Notes.

COLTON, Oct. 31.—Colton is dull, every one saving their strength and lungs for election work.

Mr. John Carlson made a trip to Portland last Monday to see his daughter Jennie, who is at the hospital very low with scarlet fever but returned without seeing her as the doctor feared he would bring the disease home to his family.

Mr. Farr was in this vicinity this week buying beef cattle.

Marion Pulley of Hubbard made a short visit at P. E. Bonney's this week.

Mr. Motter of Portland gave the people of Colton a rousing political speech last Saturday night. He was honored by a large turnout of ladies as well as gentlemen. The room was very appropriately decorated with lovely bouquets of red, white and blue from the never failing resource variety of Mrs. Hammett's garden.

Mr. Wm. Wilson had a barn raising last Wednesday. Mr. Wilson will give the young folks a grand treat this winter in the way of phrenological lectures. He is one of the best phrenologists in the state.

The Colton Sunday school has begun its preparations for a Christmas. Misses Sadie Dix, Ellen Bonney and Mrs. Sexton were appointed as a committee of arrangements.

B. W. Bonney made a flying trip to Portland last week to buy various things not to be mentioned here. I'm going to listen for them bells.

School is progressing nicely under the charge of Mr. V. Dickey. OREGONIA.

Redland Notes.

REDLAND, Nov. 2.—The farmers are making good use of the time plowing.

School is progressing nicely in districts No. 21 and 75.

Some of our people attended the political lecture at Viola this evening.

The boys who went to the dance last Saturday at Martin's mill reported that that country did not afford enough girls to dance.

There will be a social dance at Ed Bailey's one week from Saturday evening. It will be a birthday dance.

There was church at Bethel last Sunday. There also should have been church at Redland in the evening but on account of the rain it was postponed.

J. Baxter was visiting with D. H. Mosher the past week.

MOUNT PLEASANT NEWS.

A Maiden's Lament at the Passing of Leap Year—Some Other Thoughts.

MOUNT PLEASANT, Oct. 31.—The season over which Diana presides is now on and the taxidermist's skill is in requisition.

The autumn leaves are letting go their hold on life and the winds and rain have begun a series of variations upon true love's dirge.

Mrs. Arthur Russell is recovering from the injury received while driving to Canby shortly after her marriage. Dr. Paine has been in attendance.

Carroll Ward and his sister Cora of Viola, have been visiting friends.

Mr. Arthur Russell and his brother Clarence have returned from a splendid duck hunt along the coast. They were absent about a fortnight.

Mr. Smith and family have returned to Klamath Lake. Mr. Thompson of Clackamas visited Jas. S. McCord and family Wednesday and Thursday.

Sim Neizer is again at work on his place.

W. H. Burghardt of Oregon City, is doing some hard work among his timber. He has furnished considerable wood to the city and is rapidly converting his place into a suitable farm.

Ed Hughes and Ward Lawton are also making improvements along the same line.

Baldorf Bros. were doing Mount Pleasant one day last week. Mr. Shively of the city opera house also made a short visit among us lately.

Nocturnal visits have been made to several poultry yards. C. C. Williams of Fir Grove and Melvin McCord have suffered considerable loss, the latter however met the perpetrators late one night and now has a pair of wings (not angel) on exhibit.

Morton Haines is housing his potatoes.

Mr. and Mrs. Wm. McCord went to Gervais last week.

Lieut. Charles Cutting, the author, has been visiting Mr. Alfred Howland.

Leap year is on the wane and yet all are not provided with spring dresses. Probably politics interfere and the petitioner has not succeeded in gaining the ear of the petitioner. Nay, lassies say not that the grapes are sour, nor seek council of the long haired poet who visited us last year, viz: "To forget, mount horse and clutch sword, take ship and make sail to the ice prisoned seas. Write books and preach lies; range lands; or go hoard a grave full of gold and buy wines—and drink less!"

Mrs. Wm. Wilehart, we are informed, has met with a serious accident. We have been unable to ascertain the exact particulars up to this time.
