Sandy Celebrates Christmas in Fine Shape—Petition Asking That a Worthy Young Man be Made Road Foreman.

SANDY, Dec. 28.—Christmas has come and gone and the people were blessed with the most beautiful weather which only made the holiday still more pleasant. Most of our people spent Christmas at the entertainment given by the Young People's Lyceum. It was a grand success and the members of the lyceum have good reason to feel proud of what they have achieved. It was attended by people from every section of the county. The house was filled to overflowing and promptly at 7:30 the curtain rose and presented a most beautiful evergreen tree decorated to its fullest capacity with a profusion of candles, nuts, fruits, cake and beautiful presents. Ed. F. Burns was called to make the opening address, followed by an interesting literary program. Splendid vocal music was rendered by Miss Minta Burdall and Miss Martha Linn. The members of the society are especially thankful to Prof. Surface for the good instrumental music he furnished. Following the exercises old Santa Claus came down the chimney and distributed among the people the Christmas presents. Prizes were given, one to the ladies and one to the gentlemen for entertaining the audience and the recipients were Miss Martha Linn and Prof. Surface. Following came the basket social and quite a little sum of money was thus raised and donated to the school library fund.

R. Jonrud, our blacksmith, has built an addition to his shop.

A petition was circulated here praying the county court to appoint P. R. Meinig as roadmaster of road districts No. 6. Paul Meinig has always superintended the road work while his father was supervisor, having done his work to the entire satisfaction of the taxpayers. Seventy-one taxpayers have signed the petition and we hope the county court will appoint Mr. Meinig roadmaster.

Mr. Thipka, who recently purchased the Fisher place, is making some extensive improvements thereon. He has let a contract for creating six acres of land.

The Young People's Lyceum have postponed their meeting until the roads get better.

Miss Alice McGugin and Miss Nettie Brown have returned home.

Mrs. Duncan's mother and two of her sisters from Wisconsin are visiting here.

Miss Curran, one of the teachers of Parkplace school, is visiting her parents at Curranville.

The Parkplace literary society met last Saturday evening. After the Parkplace band had favored the audience with two choice selections the meeting was called to order by the president, Miss Dotson. Then followed the reading of the minutes of the previous meeting. The chief feature of the evening was a joint debate between the

speakers of Gladstone and those of Parkplace, the question debated being Resolved, That England has a better form of government than that of the United States. The Gladstone speakers, who were Col. R. A. Miller, H. E. Cross and Chas. Meserve, represented the affirmative and the Parkplace speakers, who were Judge Wm. Galloway, Capt. J. T. Apperson, Prof. J. W. Gray and E. F. Maple, represented the negative. Very able speeches were made by the gentlemen on both sides, but it seems that the Gladstonians failed to show that the English form of government was the better as the judges, who were Mr. O. E. Olson, of Willamette Falls, Capt. W. H. Smith and W. J. Rauch, decided in favor of the Parkplace gentlemen, their ballot being two for the negative and one for the affirmative. A vote of thanks was tendered the speakers by the society, to which Judge Galloway and Col. Miller responded. The two upper rooms of the school building were well filled, standing room being at a premium. The question for debate next Saturday is Resolved, That the states are justified in maintaining an organized militia. Messrs. W. J. Dauchy and Jas. S. Matheson were appointed leaders. The meeting was closed, to meet on Saturday evening of this week, with music by the Parkplace band.

The Enterprise Parliamentary Club met Tuesday evening at the residence of Mr. E. J. Garrow in Gladstone. The debate proved quite interesting. The question debated was "Resolved that the Indians have suffered more from the hands of the whites than the Negroes". After a thorough discussion of the question, the judges rendered their decision in favor of the affirmative. Prof. J. W. Gray spoke a few words of encouragement to the society. The question for debate at the next meeting is "Resolved that a legacy of wealth is better than a legacy of education". Mr. C. H. Williams and Mr. W. Garrow were chosen as leaders. Miss Harriette Dotson was chosen to prepare an essay to be read at the next meeting, her subject being "The Wonder of the Antarctic". After extending their thanks to Mr. and Mrs. Garrow and family the society adjourned to meet next Tuesday evening at the home of Judge Galloway in Parkplace.

Monday evening the graduates of the Parkplace-Gladstone school, together with those in the graduating class of this year, met at the residence of Prof. J. W. Gray and perfected the organization of an alumni society. The officers chosen are: W. J. Dauchy, president; W. H. Beach, vice president; E. W. Smith, secretary; Miss H. Dotson, treasurer; and Miss Rose Eby, historian. The constitution adopted provides that the annual class gathering shall take place on the Saturday evening following the close of school and the annual business meeting on the following Monday evening. The young people are greatly interested in the success of this new organization, and it will doubtless be an important factor in maintaining the high grade of scholarship for which our school is noted.

Redland Notes.

REDLAND, Dec. 28.—The last week was the finest weather ever known in this part of Oregon, at this time of the year. So say some of the old settlers.

A. E. Mosher, of St. Johns, was visiting at Mr. Mosher's the past week.

W. C. Conner, of Beaver Creek, was visiting at A. Sprague's the past few days.

T. W. Linn is very sick with rheumatism. Mr. Cummings and family, of Tremont, spent Christmas with his son-in-law.

Quite a lot of wheat has been sown during the past week and many more have been plowing and getting ready to seed.

The ball at Linn's hall Christmas eve was well attended and a good time reported by all.

The Redland Literary Society met as usual last Saturday evening with the largest attendance this season. The question debated was Resolved, That the United States has done more for the negro than for the Indian. Those who supported the affirmative were L. Funk, O. Behmer, C. Stone and L. Mosher. Those on the negative were D. H. Mosher, W. Bellshaw, I. Fulam, G. Marlock, W. M. Stone and G. Behmer. The judges were E. Richardson, E. Evenson and J. Murdoch and gave their decision in favor of the affirmative. A short but very entertaining program was rendered by the following: Frank C. Berkey and Leo Henry, recitations; D. H. Mosher and C. Walensine a dialogue. A committee appeared to ascertain whether the Redland society would meet the Viola society in a joint debate. The challenge was accepted and L. Funk, W. Bellshaw and D. Mosher appointed a committee to attend the Viola debate and make further arrangements. The debate will probably take place in Feb. next.

I. Young returned last Wednesday from Florida, where he has been since early last spring. Mr. Young went to Florida to make that place his home, but became dissatisfied with that part of the world and thought he could live in Webfoot well enough.

Misses Bessie and Mary Hay, of Portland, are visiting Miss Ida Barrett at present.

The Christmas tree was largely attended and enjoyed by all. The neighborhood was well paid for its trouble.

Sunnyside News.

SUNNYSIDE, Dec. 28.—Another Christmas, gone; and by it precious memories left us, as it was a day long to be remembered by some of the people of Sunnyside.

The Christmas service as appointed at half past ten o'clock at the church was responded to by a goodly number with happy faces as the sun was shining making all nature rejoice and why should not we as God's noblest workmanship rejoice in commemoration of Him who came to save us from all sin? The text for the services of the day was from Matt. 1:21. The subject was discussed by three ministers present and made very plain to us. When services were over a wagon was in waiting at the door to convey a goodly number to Mr. Frank Strickrott's for a Christmas dinner, previously arranged. Mrs. Strickrott is a good cook and had spared no pains in preparing a feast fit for a king. One to look at the sumptuously filled table would not have thought it was hard times. While there were 19 hungry mouths to fill as it was about 3 o'clock before we could get around and ready to partake, there were whole cakes, pies and stuffed chickens untouched. Neither was the meat all but every care had been taken to make it a pleasant day for all. An ornamental Christmas tree was prepared for the children. After dinner the room was darkened by closing the window blinds, candles on the tree all lighted and the children recited their pieces and sang their child songs. Two recitations were spoken in German. Then all returned to the sitting room for the closing exercises, which were a song, "Christ all in all" and a continuation of seven prayers, one in German. Take the day altogether it was the best Christmas your correspondent ever spent. One thing more too good to leave untold. Mrs. S. had made a basket and placed on the center table and filled with useful articles as Christmas presents for the minister's wife; and when we were ready to start home packages of tea, sugar, etc., were given to the minister and all went home feeling it was a day well spent.

A few of the young people were invited to S. H. Christians to a Christmas dinner. In the evening quite a number met there and spent the time socially, mostly in singing.

Christmas eve there was a Christmas tree at Ira Heckinger's for the children of two families, Mr. H's and Mr. Barrett's. While times are quite close at Sunnyside on account of no fruit harvest and the loss of so many potatoes by the hard freeze, still some articles are needed and the children appreciate a Christmas present and we as parents love to please them as far as consistent with the law of God. While we as a people do not approve of a Christmas tree in a house dedicated to the use of divine service, we think it all right for the children to be amused and entertained in the right way.

Frank Griffith and Ralph Beebe move over to University Park this week, going to keep batch and attend the Portland university.

Rev. Wiles was called to Mt. Tabor Wednesday evening to unite in matrimony Mr. Canto and Miss Allen, daughter of the Mr. Allen who taught school here two or three years ago.

Mr. Douglas, of the Douglas, Seifer and Kee saw mill, also thought it best not to live longer alone and went over to Woodburn Christmas eve and took to himself a wife, Miss Laura Thompson.

Chas. Crook and family went to West Portland to spend Christmas with Rev. J. F. Leslie, Mrs. C's brother.

Elwood Wiles was out to spend Christmas with his father's family but has returned to his business in Portland.

Rev. Wiles went over to North Yamhill, Saturday the 26th to attend the dedication of the church he was appointed pastor over for the ensuing year.

There will be a watch night meeting at the church Thursday night.

Elliott Prairie Notes.

ELLIOTT PRAIRIE, Dec. 28.—A grand time was had on Christmas eve at the Congregational church. A splendid literary program was rendered by the Sunday school scholars; at the close of which Santa Claus made his appearance, much to the delight of the little ones. Two handsomely decorated trees stood on either side of the rostrum, well filled with good and useful presents. Every one seemed to enjoy themselves and all went home feeling that it was good to have been there.
